4/1000 of an inch when cold 1/1000 of an inch under fire

An automobile engine having a 4" bore will have when cold a clearance between its pistons and cylinders of approximately 4/1000 of an inch. When the same engine has been heated to operating temperature, this clearance will have decreased 75%, or to 1/1000 of an inch.

Likewise, a main crankshaft bearing having a clearance of about 1½/1000 of an inch when cold, will show a decrease in this clearance at operating temperature to less than ½/1000 of an inch.

An analysis of Zerolene shows that the dis-ences in its body at the various engine temp atures, from cold to operating temperate follow in close relation the decrease in bear clearances.

The right body at all operating temperatures

For this reason Zerolene oils have at all engine temperatures exactly the required body to apleah and flow freely into the fast-moving, small-clearance bearings to provide an ad-equate film of lubricant.

Because of their "oiliness," Zerolene cits cling to bearing surfaces, and at the same time offer in themselves a minimum of resistance to the engine power guing to the driving wheels. For this reason they give perfect lubrication and permit the development of the maximum power, speed and gasoline mileage of the car.

more power & speed ~ ess friction and wear ~ ' thru Correct Lubrication

# **FACTS TO THINK ABOUT**

### Do You Know

That in March the loss in pay-roll in the lumber industry in this county was in excess of \$85,000, and that had the mills opened April 1st, as is their custom, the pay-roll would probably have exceeded \$350,000 for that month—and the first half of May would add practically another \$175,000. The above amounts totaling approximately half a million dollars has been lost to the employees and the community.

### Do You Also Know

That revisions in hours and pay far more severe than those asked for by the operators here, have been made by other operators in the California field with whom we must compete.

### Do You Further Know

That this community and our local plants will never enjoy the advantages they should enjoy until Community, Employees and Operators work in periods of depression in the same harmony that they should be working.

**OREGON** 

O. H. PITHIAN Republican Candidate

# Williams a Joke as Vice-Chairman

Fithian's opporest, Raiph E. Williams, has been sidetracked by the National Committee to a barmless vice-chairmanship, and is useless to Oregon. Carrying kid gloves in one hand and a cane in the other, his hands are full, and he has not been able to do a single thing for Oregon during the 14 years he has been on the Committee.

If the hours spent by Williams at Portland's swellest club had been devoted to working for Oregon, he might have accomplished something for our people.

## What is Wrong with Williams?

Williams has no chance of becoming National Chairman and running the presidential campaign in 1924, or even the Western end of it.

The reason is that the National Committee seems extremely unwilling to trust Williams with the management of even the Pacific Coast part of the national campaigns. For instance, in 1918, when a Regional Director for the Coast was selected, the Committee turned Williams down in favor of Raymond Benjamin of San Francisco. Then, in 1920, when Harding was running, Williams was again ignored and Elmer E. Dover of Tacoma was chosen to conduct the campaign on the Coast.

What is wrong with Williams?

## Is Williams Loyal to Nominees?

All over Oregon Republicans are discussing Williams, connection with the campaigns of certain Republican nominees for United States senator, and are asking the question, DID WILLIAMS DO HIS FULL DUTY BY THEM? This question is being asked by friends of the late Senator Falton in Astoria. It is being asked in Eugene by friends of Senator R. A. Booth, in Salem byfriends of Senator McNary, and in Portland by friends of Senator Stanfield.

## VOTE FOR FITHIAN

FITHIAN is a successful business man, a live wire, a lifelong Republican who WILL BE LOYAL TO THE REPUBLICAN. NOMINEES FITHIAN WILL GET THE NATIONAL COMMITTEE AND THE NATIONAL GOVERNMENT TO HUSTLE FOR OREGON.
