Andross-Glover vs. Kelsey

The complaint asks for a permanent injunction upon a hearing of the case.

willing to gamble on the market as long as a fair price is being offered. SHASTA VIEW

When we awakened Tuesday morning we thought we were a second "Rip Van Winkle." When we retired it was summertime while we found about two inches of snow on the ground in the morning with a cold northwest wind. The "Minstrel show" given at Malin Friday evening by the boys of the Union high school under the direction of one of the teachers, Miss Hunt, was a great success and brought out talent unsuspected in many instances. It was truly "southern" and they kept the crowded hall in an uproar from start to finish with their singing, speaking, instrumental music and original jokes on local people. There was quite a delegation from Merrill and a few from other points in attendance. It was said the proceeds from the entertainment and dance which followed netted something over \$100. Mrs. J. W. L. Smith and two daughters, Ruby and Vera, who have been visiting relatives and friends at Roseburg, Salem, Portland and other places for about six weeks, have returned to their home here. Mrs. Smith likes Klamath but says she almost wish she had stayed in the land of sunshine and flowers until winter was over here. The teachers for the Shasta View school have been hired for the coming year. They are, Miss Helen Zumpfe, principal, and Miss Ada Hunt, primary. They are both local girls from two of the best families in our community. Miss Zumpfe has had four years experience teaching in the middle west and Miss Hunt just completed a two year teacher's training and practice course at Ashland and success is predicted for both teachers and pupils.

CHILOQUIN

The "wicked nine" of Chiloquin defeated the Klamath Agency nine Saturday in a long drawn out game of 8-innings. The score was 19 to 15. The game was marked with heavy slugging on both sides. Several times it looked as if the ball was being lost when George Carr of Chiloquin team connected on two home runs, one triple and two doubles. The Chiloquin line up was as follows: R. Varnum 2b., E. Cartwright lf., T. Walker c., Griffin p., I. Cartwright 1b., J. Goldthwaite cf., F. Silvers 3b., G. Carr ss., T. Jackson rf.. The Agency line-up was: L. Wilson c., A. Kirk p., M. Faithful 1b., I. Baker 2b., R. Hicks 3b., O. Riddle ss., B. John rf., J. De Moore lf., and Davis cf. Fay Mitchell umpire.

A preliminary field meet of this district was held at the Klamath Agency Saturday. The Agency public school won the most points. Chiloquin school second; Agency boarding school third; Fort Klamath fourth; Modoc Point fifth. Algoma and Crystal were the two other schools but failed to appear.

Oralee Corbin of Chiloquin spent Saturday night with Mary Silvers of Spring Creek. Mrs. William Skeen and daughter Mona and Meada from Klamath Falls spent the week-end in Chiloquin. Mr. Pedigo and family accompanied by Mr. H. V. Griffin were Klamath Falls visitors one day last week. Mr. and Mrs. Arthur Steake were

Asp Grove visitors Sunday. J. O. Goldthwaite arrived home last week from San Francisco where he has been on business. O. Ray and P. Cartwright from Ray Brothers mill, Kirkford, were Chiloquin visitors Thursday. R. Turpin and son motored from Klamath Falls Saturday on business. Several car loads of tourists motored through here this morning on their way to Sprink Creek. Al Gravenstein of the Chiloquin Lumber Company recently purchased a Chalmers car. Eddie Gowen of the Klamath Supply accompanied by a few friends drove through here Sunday. Charley Chastain and his friend Harold Wortley of this city, returned home today from Klamath Falls where he had been on a pleasure and business trip. The Chiloquin town team met defeat by the Chiloquin "wicked nine," Sunday at Asp Grove. The score was 9 to 6. The game was fast and furious, good fielding was shown by both teams. Umpire, H. M. Anderson. John Varnum and family, Ella Varnum and family left here last week for Dorris where they expect to remain a few days visiting friends and relatives. Willie Jonah of Modoc Point was a Chiloquin visitor Saturday. The Chiloquin high school pupils finished their examinations last week and are waiting patiently for reports from the superintendent of this county. Mr. and Mrs. H. M. Anderson motored to Klamath Falls Friday. Word was received from Ashland today of the death of Miss Nellie Benson. Miss Benson was formerly of Chiloquin having moved to Ashland about a year and a half ago. She had many friends here and they were all shocked to hear of her death which seems to have been quite sudden. She is survived by a father, mother, a brother and sister all of Ashland.

Poultry Manure Rich
Poultry manure analyzes high in nitrogen, the most expensive of the plant foods to buy as fertilizer, but this element escapes easily by fermentation. To prevent this loss add a small amount of super-phosphate to the manure, which will also reinforce it in phosphorus. Never add ashes to poultry manure, as they hasten fermentation, which results in the loss of nitrogen as ammonia.

What Choice Could She Make?
The man to whom she had been bound by Fate was a laborer—rugged, uncouth. The man she loved—her mate in every sense of the word—it seemed could never be hers. And then Fate, which had created this strange triangle, stepped in to straighten it out. It's a fascinating picture—one which will hold you engrossed from start to finish. Incidentally, it's the first serious drama ever brought to the screen without a single sub-title.
