Vote for George A. White the Republican Candidate for Governor

practically eliminate these two candidates from the gubernatorial race in those counties, as well as the state at large.

The people of this state deeply resent the unfair methods of these gentlemen in attempting to bring reli-

who in turn would fix the telephone rates, in the companies in which the governor is interested. Mr. Hall's record is well known locally and no comment is necessary. Every man who is known to be in sympathy with the employing of Japanese in this vicinity is working with might and main for Charles Hall.

The farmers throughout the state are deeply impressed with Mr. White's record for economy. They compare his record where he saved \$39,000 out of a \$140,000 appropriation in one year, with that of Mr. Olcott who has been governor during the most extravagant and incompetent administration ever known to the state of Oregon, and with Mr. Patterson who was at the head of the ways and means committee of the Oregon senate, and Mr. Hall, an important member of the Oregon senate, and Mr. Louis Bean, speaker of the house during all of the time that our great state was being placed in its present impossible condition.

George A. White appeals to all of the voters of this state on a platform

of true economy and clean government, totally divorced from all of the corrupt and evil forces that have existed in our state government during the last four years. His record as a man and a soldier in the last three wars should satisfy the most skeptical that he will have the courage, disposition and ability to enforce all of our laws. He will not meet a request for aid with a sneer and an invitation to resign.

He believes, as did Washington and all of the other founders of our government, together with the immortal Lincoln, that church and state should be kept wholly separate, and that religion has no place in the politics of our country. He deplores and resents the unfair effort made by Governor Olcott and Mr. Hall to bring religion into our state government and politics at the eleventh hour. It is thought that all fair minded citizens will reprobate this action on the part of Olcott and Hall.

General White, being so well known in every voting precinct in the state of Oregon, will unquestion-

ably receive a heavy vote all over the state. A substantial majority in one or two counties is all that he will require to be nominated. It is apparent to those who have studied the political situation at all that Mr. White is going to receive the nomination. The people are going to back the clean, upright man whose record stands for patriotism and true economy. They are going to stand this time for the new deal and the clean deal in Oregon politics.

VOTE FOR WHITE AND STAND FOR A CLEAN, HONEST STATE GOVERNMENT.

GOOD GOVERNMENT LEAGUE

By R. A. EMMITT, President.

CHARLES J. MARTIN

for County Commissioner

He is the type of man, whom unfortunately, we are rarely able to get to accept public office.

The fact that he has never taken an active part in political campaigns, but has wisely gone about his business of serving the community, while all the rest of us have spent our time fighting about court houses and bringing ruin to our county by keeping alive strife and bitterness, makes of him the one man who can do more to reunite the people of Klamath County and assist in bringing peace and prosperity to us again.

He Stands for

Less Politics, Less Taxes and More Business (You cannot reduce taxes by lowering the levy and doubling the assessed valuation of property.)

An economical business administration of public affairs.

Elimination of politics, and strict attention to business.

Proper support and encouragement of our public and high schools.

Maintenance of a County Agent to aid in the development of our agricultural resources.

Prompt payment of bills in the order in which they are filed without preference to anyone.

Put the county on a cash basis by creating no bills until there is money to pay them.

Partisan or factional politics should not govern our votes this year. Forget factions and vote for the interest of Klamath County.
