Just a little practice every day soon gives the child a start at Music and helps to keep them out of mischief these vacation days.

Parents today should provide a piano right in the home, as Music is acknowledged a part of every young girl's education.

We have a name for parents who every year have some ne wexcuse for not getting the child a piano—we call them alibi parents.

Parents naturally must make some sacrifice for the sake of the child's musical education, and we believe that a look at our new late arrivals via railroad and Panama canal will convince you that prices and terms are well within your reach.

Come in, or write in, we ask of you, for full information.

DOES SHE SMILE ENOUGH?

When she learns of the conveniences, she will be satisfied with nothing but electricity in her home.

Why do thousands use electricity—When electric cleaners cost \$50.00 and brooms 50c?

Electric Irons cost \$6.00 and fuel heated cost 50c?

Automobiles \$400.00 to \$4,000.00, when a horse and buggy costs \$300.00?

It's the SERVICE she gets; the ease in accomplishing the everyday tasks of life.
