

The Office Cat

BY JUNIOR

In thinking about Will Hays' three thousand simoleons a week, don't forget that he will have to make an income tax report next year, that is sure to take some of the joy out of his life.

Want \$1,000,000?

Ah, that some Burbank of the west would patent, make and sell "Spring onions" with an onion taste. But with a violet smell.

Just think what would happen if, when you needed a doctor, you had to wait as long for him as he sometimes has to wait for his money.

Klamath Falls has a lot of promising young men—according to the bill collectors.

For Wives Only

Seen in a Klamath Falls window of a drug store: "Take a brick home to your wife."

As for the weather, we're getting along swimmingly.

Tinette

I love her, I love her, my dear, old Tinette.

And why should one chide me, and why should one fret, though it looks like a scrap heap, it goes like a gem.

The neighbors all worry, they don't like my pet. They complain of the looks of my dear, old Tinette.

They may laugh at my "wagon," or call her a "sight." She's a noble old creature, her engine's all right.

Sub!

Here lies the body of Willie Jones, who wouldn't mind his summer: A braceless auto broke his bones. One fatal day last summer.

We don't care how much a man says, if he only says it in a few words.

NEVER SAW ITS EQUAL, STATES MRS. BROWER

Portland Resident Says No One Has More Reason Than She to Praise Tanlac.

"I've never seen such a change in anyone and I don't believe anybody has better reason for praising Tanlac than I have," declared Mrs. J. P. Brower, 662 E. 81st St., Portland, Ore.

"Nearly all my life I had awful spells of sick headache that kept me in bed days at a time. My nerves seemed to collapse and I would almost go distracted over any little noise. Then about three years ago my stomach began to trouble me and I have simply suffered tortures from indigestion. I had to be extremely careful about even the little I did eat for gas made my heart palpitate until I could hardly breathe.

"I took Tanlac because a friend told me how much good it did her. Now I feel so well in every way I can't tell there was ever anything the matter with me and I gladly give this statement in the hope that others may profit from my experience." Tanlac is sold by all good druggists.

SEWER CONSTRUCTION
Sealed proposals will be received by the Common Council of the city of Klamath Falls, Oregon, at the office of the Police Judge up to and including Monday, the 19th day of June, 1922, at the hour of 8 o'clock P. M. of said day, at which said time all proposals will be opened and considered, for the construction of the sewer system designated as the Sixth Unit and designed for portions of Second Hot Springs, Canal, Nichols, Railroad, Hollister and Klamath Additions, in accordance with the plans and specifications on file with the City Engineer of said city, and on file in the office of the Police Judge of said city.

The award of the contract to the successful bidder is hereby made contingent upon the sale of bonds necessary to finance the installation of such sewer unit and also upon the approval of the plans and specifications therefor by the State Board of Health.

All proposals must be accompanied by certified check payable to the city of Klamath Falls, for five per cent of the amount of the proposal. The right to reject any or all bids and proposals received under this notice is hereby reserved in the Common Council.

By order of the Common Council. Dated: June 5, 1922.

BUSINESS CONDITIONS

During the past few months of quiet business, plans for the resumption of industrial and agricultural activities have been molding into form, and now that these plans are materializing to some extent a greater optimism is very much in evidence.

The evenly distributed and heavy snowfall of the winter, together with spring rains, have placed soil in most favorable condition for the new crops, and it is predicted that a larger acreage than usual has been seeded and planted.

Under prevailing conditions there should be liberal yields, and with reasonable prices for agricultural commodities, we can look forward to a greater liquidation than was experienced during the past year or two. As a result we should find all lines of business on a safer and sounder basis, with excellent chances for a close approach to normal conditions.
