

The Office Cat

BY JUNIUS
Gallantry
A Sacramento jobber advertises that he has something interesting in silk stockings. Nearly every thing in silk stockings is interesting.

The Porcine Person
Man is somewhat a sausage—Very smooth upon the skin; but you can't tell just exactly how much hog there is within.

Some centenarians attribute their long life to a certain kind of patent medicine, some because they eat just what they want, some because they never smoked, chewed or drank anything else but some to another, but they are all agreed on one point—that they were born so long ago.

His Opinion
'What is this alleged work of art?' 'It's a freeze.'

A man went in a Klamath Falls store the other day and asked for a tie. 'What size?' said the clerk. 'What sizes do you have?' said the customer. 'Well we have one size that is very popular, called the Quartello.'

Perhaps
Maybe the reason so many women insist upon eating things that disagree with them is because they love an argument so.

'And you must avoid all sweet things,' concluded the doctor. 'Now listen, doctor,' said the swain, 'can't I even go to see my best girl?'

Of all the winning doubly blest The sailor's wife's the happiest For all she does is stay at home And knit and darn—and let 'im roam. Of all the husbands on the earth The sailor has the finest berth For 'in 'is cabin he can sit And sail and sail—and let 'er knit.

Truths We Never Hear
'Your daughter has 'the worst voice I ever heard. She ought to have it filed.'

Voters in a Kansas town have decided by a large majority to require all school girls to wear skirts that reach three inches below their knees. From which we are to assume, of course, that the immodest part of a girl's legs is the top section of the shin bone.

Leaving It To Chance
Mr. Higgins: Your sister, Philip, is taking a longer time than usual in dressing. What's the matter? Little Missie: She's spinning her 'put take' top to decide what to put on and what to take off.

If a man starts to dig a hole in the street it will not be long until ten men will be watching him and each of them will know more about how it should be done than the man who is doing it, at least they think they do and are ready to give their advice regarding it.

A lot of birds are already worrying about their vacations and most of their employers are wondering why they want vacations.

Had the Grit
'Dar am one 'ing Ah like 'bout de 'Proclad Son,' said the negro preacher: 'de boy had de grit ter walk home 'stead er telegraphin' fer money.'

Out in Des Moines, Ia., another woman has pulled that bone about discovering after living with her husband for 18 months that 'he' is a woman. Heinz preserve us: Do our own commenting!

Why Will They Do It?
The cannot dance the toddle. For she is much too fat, but you should see her waddle: She shakes the floor at that.

A Kansas paper says the definition of a mugwump is a man sitting on a rail fence—with his mug on one side and his stump on the other.

MOTORMAN ON JOB AGAIN WITH GAIN OF 21 LBS.

Was Unable to Work for Months on Account of Stomach Trouble, Says A. A. Bish—Gives Tanlac Credit for His Present Excellent Health.

'Tanlac has put me back on my feet with a gain of twenty-one pounds,' declared A. A. Bish, 324 Harney Ave., Portland, Ore., for many years motorman on the Interurban between Portland and Oregon City, and well-known member of the Brotherhood of Portland Electric Railway Employees, and of the Brotherhood of Locomotive Engineers.

For three years I suffered from stomach trouble, had a very poor appetite and even when I did manage to eat it caused me intense suffering. I got so bad I had to lie on my back in bed for weeks and even after I got up I could not get my strength back. I was also extremely nervous and agitated.

I finally threw all my other medicines away and started on Tanlac and it certainly fixed me up in fine shape. I can now eat a good hearty meal and feel stronger and better than I have in years. I never fail to tell others what a grand medicine Tanlac is.

Tanlac is sold by all good druggists.

SEWER CONSTRUCTION
Sealed proposals will be received by the Common Council of the city of Klamath Falls, Oregon, at the office of the Police Judge up to and including Monday, the 19th day of June, 1922, at the hour of 3 o'clock P. M. of said day, at which said time all proposals will be opened and considered, for the construction of the sewer system designated as the Sixth Unit and designed for portions of Second Hot Springs, Canal, Nichols, Railroad, Hollister and Klamath Additions, in accordance with the plans

and specifications on file with the City Engineer of said city, and on file in the office of the Police Judge of said city.

The award of the contract to the successful bidder is hereby made contingent upon the sale of bonds necessary to finance the installation of such sewer unit and also upon the approval of the plans and specifications therefor by the State Board of Health.

All proposals must be accompanied by certified check payable to the city of Klamath Falls, for five per cent of the amount of the proposal. The right to reject any or all bids and proposals received under this notice is hereby reserved in the Common Council.

By order of the Common Council, Dated: June 5, 1922. W. R. WILEY, Acting Police Judge

When you look at a 30 x 3 1/2 USCO at \$ 10.90

OUR tire dealer is naturally enthusiastic when he shows you the 30x3 1/2 USCO at \$10.90.

To him USCO has always represented a tire value that he felt more than justified in offering his customers.

At the \$10.90 price he can hardly be blamed for putting it to the front as the value he would most like to be remembered by.

Your Spine

INTERFERENCE of nerve energy is the primary cause of disease. THIS INTERFERENCE is caused by misaligned joints of the spine.

A PERFECTLY adjusted spine releases nerve energy and brings health and happiness.

A CHIROPRACTOR seeks to find the anatomical cause of disease. He is then dealing with a condition, a fact, a cause, not a symptom. His correction is an adjustment, a mechanical restoration of the disturbed joints of the spine to their correct position.

EVERY ORGAN functions through nervous energy. When your spine is normal this energy is unimpaired.
