Meanwhile cameras clicked, and certain bits of action for the picture were enacted, against this millionaire background, by Erich von Stroheim and other principals in the regular cast.

THE STAR

Prohibition and the arguments for and against it, stories of bootleggers and their apprehension and punishment, fill the newspapers. The liquor question is still one of the grave problems of the day. It affords many opportunities for dramatic treatment, and one of the best of these is disclosed in "Over the Border," the Penrhyn Stanlaws Paramount production featuring Betty Compson and Tom Moore, which opens at the Star theatre Tuesday.

Betty Compson, as the daughter of the man who smuggles liquor in wholesale quantities across the United States-Canadian boundary line, and the sweetheart of a Royal Mounted policeman charged with enforcing the law, has a fine emotional role, while the part opposite her, that of a mounted police was taken in the mountains, amid the snows, and is pictorially very beautiful.

Klamath Makes Good Showing Against Pass

Lack of practice and absence of some of their regular fielders was responsible for the city baseball team's defeat by the Grants Pass team at Grants Pass Sunday, according to John Houston. The score was 6 to 4.

Up to the seventh inning Klamath, with four runs has completely shut out their opponents. Harold Christy, pitcher, had allowed but two hits. Then a succession of errors turned the tide and the Grants Pass boys romped home with six runs.

Houston said that considering the absence of many of the regular players, he was highly pleased with the showing against the Grants Pass champions. He said a return game has been arranged, and that games will also be played with the Medford, Ashland, Sisson, Weed and other teams.

THE STRAND

Twelve reels of excellent feature pictures and comedies, one of the best bills ever shown at the Strand, will be the treat offered patrons tonight. Betty Compson will appear in "The Devil's Trail," a stirring tale of the Northwest Mounted Police. This picture is replete with thrilling situations, supported by skilled actors, and alone is worth the admission charged. Mary Pickford's ex-husband, Owen Moore, will be shown in "A Divorce of Convenience." The work of this great favorite needs no praise. Two snappy comedies, packed with laughs, each guaranteed to chase the blues.

THE LIBERTY

Several hundred prominent San Francisco society folk played roles as humble "extras" in "Foolish Wives," the million dollar picture to be seen at the Liberty theatre today. The "millionaire extras" were used to give tone to the promenade scenes which picture the wealthy crowds surging along the walks and terraces at Monte Carlo.

The Universal Film company, in order to reproduce these scenes, built an immense set at Point Lobos, near Monterey, California. The ocean side of Monte Carlo's famous casino, the bandstand, and the sea-side prome-
