BY JUNIUS

Let It Go At That

Harry Poole says any fool can be a censor, but one has to be somebody to be censured.

There is a movement to make hospitals more homelike. This could easily be done by raising the rent of hospital rooms every day or so.

The Wise Home Brewer

He brewed a batch of brown home brew. And still he has, I think, a first rate chance for pulling through. He's using it as ink.

"What has become of the tin locomotive and train of cars gave you on your birthday?" "All smashed up," replied the small boy. "We've been playing government ownership."

C. L. Holliday says the sock darter never gets her picture on the front page.

The easiest way in the world of making a shadow is to stand in your own sunshine.

A Rather Neat Distinction

John McCormack's cabin was a mass of flowers sent by members of his profession and friends.—New York News.

From the pain-smeared pages of the "Dental Digest" we offer the following as our special candidate for the push-line ink-eraser for the week's best joke.

An airman, when buying a parachute to jump from an airplane, several thousand feet up in the air, asked: "Will you guarantee this parachute to open instantly?"

Salesman: "Absolutely. If it doesn't, come back and we will refund your money."

A Changeable Girl, In Fact

Wanted—Young girl, colored, half time.—Ad in New York World.

Clara Calkins says there are girls who can fool everybody, and then there are girls who have small brothers.

"Mose, what would you do if you received a letter from the Ku Klux Klan?" a local negro was asked. "Well, sah, I'd read it on a train," replied Mose.

"Marjorie, have you been smoking?" "No, mother."

"But your breath smells of tobacco."

"Father kissed me good-bye."

"But father doesn't smoke."

"I know it mother, but his stenog does."

MINE GUARD KILLED

Two Others Wounded in Clash at Utah Mine; Martial Law

SALT LAKE CITY, June 14.—A mine guard named Webb was shot and H. P. Lewis, general manager of the Standard Fuel company of Standardville, Utah, and an unidentified Greek miner were wounded today when a train carrying new miners were fired upon by men in ambush. Governor Mabee ordered the national guard mobilized. He also issued a proclamation declaring martial law in the Carbon county coal district.

Conductor and Trainmen to Meet Executives, Friday

CHICAGO, June 14.—Negotiations over wages and working conditions will be resumed between conductors and trainmen and executives at the Western Railroad conference at Chicago Friday, called to reopen the matter.

CINCINNATI, O., June 14.—H. M. Jewell, head of the Railway Employees department of the American Federation of Labor, denied emphatically today that the railway shop crafts union have under consideration a plan to move their headquarters from Chicago to Canada to escape any suits brought against them under the Corning decision recently handed down by the United States supreme court. "We have no such move under consideration, and I have heard no talk among our leaders of doing such a thing," Jewell said.

"We are not running away from any fight. We are not seeking a fight, but if we are forced into one we will battle to the last ditch."

LUMBER WAGE RAISE

Spokane and Bend Saw Mills Are Affected by New Schedule

SPOKANE, Wash., June 1.—An advance of 5 cents an hour, the first wage increase for more than two years, was voted by the directors of the Loyal Legion of Loggers and Lumbermen for districts 9 and 10, comprising eastern Washington and northern Idaho, at a meeting here. The increase, which affects mill employees only, will fix the minimum wage for common labor at \$2.40 a day, instead of \$2, as at present.

BEND, June 14.—A wage increase to go into effect on June 16 at both the Brooks-Seaman and Sheelin-Hixon mills advancing the rate of pay 25 cents per day was announced here, following a meeting with the conference committee of the Loyal Legion of Loggers and Lumbermen.

BURNETT SAYS HE COULD NOT HOLD HIS JOB

Forced to Give Up Several Positions on Account of Rheumatism — Praises Tanlac for His Complete Recovery.

"I couldn't hold a steady job on account of rheumatism and had to give up several places, but since taking Tanlac I never have an ache or a pain in my body," declared E. J. Burnett, 5914 45th Ave., Southeast, Portland, Ore., machinist for the Singer Machine Co. "Rheumatism and stomach trouble held me down for ten years and I never expected to see a well day again. My neck pained me so bad that sometimes I couldn't turn my head without moving my whole body and I had severe pains all through my shoulders. My legs hurt me so bad I was often unable to walk a step and had to take to my bed. My stomach got so badly out of order that what little I did force down disagreed with me.

"Tanlac went straight after my troubles and now I don't believe there is a trace of rheumatism left. I can hardly get enough to eat, sleep fine and do as big a day's work as ever.

Tanlac is sold by all good druggists.

Your Spine

INTERFERENCE of nerve energy is the primary cause of disease.

THIS INTERFERENCE is caused by misaligned joints of the spine.

A PERFECTLY adjusted spine releases nerve energy and brings health and happiness.

A CHIROPRACTOR seeks to find the anatomical cause of disease. He is then dealing with a condition, a fact, a cause, not a symptom. His correction is an adjustment, a mechanical restoration of the disturbed joints of the spine to their correct position.

EVERY ORGAN functions through nervous energy. When your spine is normal this energy is unimpaired.
