

IN THE COURT

Marx vs. Klamath Record

Demurrer to the defendants answer in the case of Wm. Marx against the Klamath Record Publishing company was overruled this morning by Judge Leavitt, following oral argument by counsel for both sides. The case involves an action seeking to collect from the Publishing company \$500 attorneys fee for Wm. Marx, and \$400 attorneys fee for W. C. Van Emom, for services rendered in the recent newspaper controversy.

MOVIES

THE STAR

A notable cast has been assembled for the filming of "Red Hot Romance," a John Emerson-Anita Loos production released through Associated First National, and which will be the feature at the Star theatre for an engagement of 2 days, starting Sunday.

The leading parts are played by Basil Sidney, a famous English actor, and May Collins, one of the most popular of American ingenues. Others in the cast include Tom Wilson, Frank Lator, Edward Conolly, Roy Atwell, and Olive Valeri.

"Red Hot Romance" is a satire on the romantic melodrama of the Richard Harding Davis-Anthony Hope type, with the dynamic hero, the helpless girl, the marines to the rescue and all the rest of it. The scenes are laid in the kingdom of Bunkonia, whose capital is Santa Gaffio and whose chief city is Porto Bunko.

STRAND-SUNDAY

You've read "The Gringo Devil," that lively Mexican story and "The Battlin' Kid" containing a plot about a bunch of rough cowpunchers. Well, the boy that wrote both of these has just added another notch in his gun handle.

Not being contented with his rep. as a novelist he beats it up into the Coast Range mountains to gather material for a new manuscript.

Through an accident he mixes in with a gang of counterfeiters who are circulating quite a bit of fake shekels without being interrupted.

This production, entitled "The Man Hunter," is coming to the Strand Sunday.

See the outcome of a struggle between an intelligent young mounted police officer and a clique of rowdies from lower New York.

THE LIBERTY

Ina Claire, the Belasco stage star, will be seen in pictures Sunday at the Liberty theatre in "Polly With a Past," adapted by June Mathis from the theatrical success by George Middleton and Guy Bolton.

It was this play which brought Miss Claire, for nearly a year now engaged in enacting the principal role in "The Gold Diggers," at the Lyceum theatre New York, to stardom. The story has to do with a young girl, come from the country to study for the operatic stage but forced by circumstances finally to be a housemaid. There the friends of Rex Zan Zile, in an effort to interest that impressionable young man from another woman they detect, prevail upon Polly Sharon to assume a part of an interestingly brilliant hue. And there properly—or perhaps improperly—the story really begins.

LIBERTY-SUNDAY

Realism can go a bit too far, take it from Art Rosson, director, and the members of the American motion picture company which went to Tahiti in the South Seas to film "The Fire Bride," the picture of romance, adventure and mystery which is coming to the Liberty theatre tonight.

The story called for a scene in a terrific tropical storm, and the assistants were preparing to unlumber the "wind machine," which furnishes gales for most of the movies, when a real tornado sprang up. Before shelter could be sought, the actors and director were caught in the hurricane, and swept off their feet, while trees were uprooted nearby.

Queen Quality SHOES

THE value of a good shoe is not gauged by the price alone. The best way to be sure of value is to see that the name **QUEEN QUALITY** is stamped on your next pair of shoes.

For **QUEEN QUALITY** value is greater this season than ever, in style, material and workmanship. Yet behind all this is an even bigger factor—your greatest aid in buying. It is the name **QUEEN QUALITY**, the standard of maker and retailer, your guide to shoes that fit where others fail; to styles of character and lasting satisfaction.

Style and durability are combined in this smart, shape-retaining Oxford. A desirable shoe for street or informal dress.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window moldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

The price is \$980 f. o. b. Detroit
