THINK HOW YOU CAN HELP KLAMATH FALLS GROW

What will Become of Your Boy or Girl?

It is a well known fact that hundreds of our boys and girls are leaving the HOME TOWN to seek their fortunes in other cities.

There they work and struggle against frightful odds—the majority failing to realize their dreams of future prosperity.

How much better it would be if these young people could stay in their HOME TOWN!

AND THEY COULD—If we had always spent our money at home and helped to build up stores and industries that could give them profitable employment.

Our neglect and lack of loyalty to home interests has doubtless driven away to other cities many who would have made good citizens of our city.

WE—those who sent their money away from Klamath Falls, have retarded the growth of our city and have caused the loss of many desirable citizens.

But it is not too late to do our duty by the young boys and girls who will soon be ready to take upon their shoulders the burdens of life.

WILL YOU? Will you help make Klamath Falls prosperous? Make it grow to the point where none of our people will have to seek employment elsewhere?

—Then do all your buying in Klamath Falls as far as possible.

For Prosperity: Buy Now—Build Now—Work More—Earn More
