A NEEDED ROAD

THAT'S a peculiar road map, gotten out by the Crater Lake company, which shows all the towns, hotels and highways leading to Crater Lake except Klamath Falls, the Klamath Falls hotels and the highway from Klamath Falls to the lake.

Crater Lake is a part of Klamath county and Klamath Falls is a gateway through which all tourists should pass either going or coming.

This was admitted last year by Medford, and there was a gentlemen's agreement all around that tourists would be advised to enter the lake from the Medford side and leave via Klamath, or vice versa, those who entered from this side would be advised to leave via the Medford road.

But the hotel map, distributed by a leading Portland hotel, which is deeply interested in the development of Crater Lake's attractions, seems to indicate that such an agreement never existed for Portland, and from what we can gather of Medford's attitude it seems to have been forgotten in Medford.

A speaker at the chamber of commerce forum yesterday said he had interviewed a score of people who had traveled both roads this season, and all were agreed that the road from Crater Lake to Klamath Falls was far better than the road from Crater Lake to Medford.

When the highway from Lamm's mill to Fort Klamath and from there to the park entrance is finished, which is a development of the near future, Klamath county will have a good road from Klamath Falls to the lake. The extension south to the state line is arranged for, which will give a high-grade road for the county's length.

Then the matter passes from our direct control. To get the connecting link with the Pacific highway at Weed we are dependent upon the assistance of California.

Northern California cities and the California state highway commission must be made to see that such a direct road to Crater Lake, and thence north through the superb scenery that lines The Dalles-California highway would, properly advertised, bring an added flow of tourists who would spend more money all along the line.

It seems generally realized that the Weed road is the road we want to connect us with the outside world. In another year, if all work together, this connecting link can be accomplished, and then Klamath Falls will be in a position to make good her position as the southern gateway to Crater Lake and all the splendid eastern Oregon scenery that lies north of here, and bid successfully for tourist travel.

Until we have the connecting road through California, we are pocketed, regardless of highway development in Klamath county, or for that matter in Oregon.

RHEUMATISM CANNOT EXIST

In the human body if you will use Trunk's Prescription for Rheumatism and Gout, it is ridiculous, absurd and preposterous, in fact, it is a pity and a shame to talk about Rheumatism and Gout, much less suffer with it, either inflammatory, muscular, sciatic or any other form of Rheumatism.

Trunk's Prescription for Rheumatism and Gout sells for \$1.75. This prescription DOES NOT ruin the stomach, it DOES NOT depress the heart. Eat all the meat and good food you wish while taking Trunk's Prescription. It DOES NOT contain any Mercury, Salicylate of Soda, Oil of Wintergreen or narcotics of any kind, but it absolutely and positively overcomes any kind of Rheumatism or Gout on earth. WHAT MORE DO YOU WANT? There is nothing just as good, and it is impossible to get something better. It is also an excellent Liver Medicine. For sale at drug stores, such as the Star Drug Co. and Whitman Drug Co. of Klamath Falls, Ore. Adv.

MEN WANTED!

For service as Railroad Machinists, Hoolormakers, Blacksmiths, Electricians, Sheet Metal Workers, Pipe Fitters, Copper Smiths, Car Repairers, Tinners, Car Inspectors, Helpers—all classes.

Under strike conditions best explained by Chairman Ben W. Hooper of the U. S. R. R. Labor Board, in his statement of July First reading as follows:

"In this case the conflict is not between the employer and the oppressed employees. The people of this country, through an act of congress signed by President Wilson established a tribunal to decide conditions which are submitted to it in a proper manner over such dispute. It is the decisions of this tribunal against which the shop crafts are striking. Regardless of any question of the right of men to strike the men who take strikers places are merely accepting wages and working conditions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. For this reason public sentiment and full government power will protect the men who remain in their positions and new men who may come in."

Adequate provisions have been made for the full protection of all new employees the same as old employees who have remained loyally at work. Applicants should apply to the office of the Superintendent at Portland Union Station, or to the Assistant Superintendent at Roseburg.
