### MEN WANTED!

For service as Railroad Machinists

Blacksmiths Electricians Sheet Metal Workers Pipe Fitters Copper Smiths Car Repairers Tinners Car Inspectors Helpers—all classes

Under strike conditions best explained by Chairman Ben W. Hooper of the U. S. R. H. Labor Board, in his statement of July First reading as follows:

"In this case the conflict is not between the employer and the oppressed employees. The people of this country, through an act of congress signed by President Wilson established a tribunal to decide conditions which are submitted to it in a proper manner over such dispute. It is the decision of this tribunal against which the shop crafts are striking. Regardless of any question of the right of men to strike the men who take strikers places are merely accepting wages and working condi-

tions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. For this reason public sentiment and full government power will protect the men who remain in their positions and new men who may come in."

Adequate provisions have been made for the full protection of all new employees the same as old employees who have remained loyally at work. Applicants should apply to the office of the Superintendent at Portland Union Station, or to the assistant Superintendent at Roseburg.

**J. H. DYER,**  
Gen. Mgr. Southern Pacific.  
Jy 5-6

### Think How You Can Help Klamath Falls Grow

## "A Blow Below the Belt"

Every dollar that you send out of Klamath Falls for goods that may had here is a blow at the growth of your home city—a foul "blow below the belt!"

These thoughtless out-of-town purchases in the aggregate are keeping many people, maybe your friends and neighbors, out of employment. The greater the volume of business done by our home concerns, in all lines, the greater will be the volume of money kept in Klamath Falls, the greater the number of people employed here.

The business houses of other cities contribute nothing to the maintenance of Klamath Falls institutions. They sell nothing that cannot be bought in this city.

Whether it be a pair of shoes, a dress, or anything else that money will buy—your home merchant can get it for you MORE SAITSFACTORILY than the out-of-town concern.

Purchases from your merchant MUST be satisfactory, he is always here, ready to MAKE GOOD—while you may have little chance to get satisfactory adjustment of a complaint from a far-off, distant house.

If you get your income from Klamath industries, or if you are in any way dependent on Klamath Falls, BE LOYAL.

### Don't Hit Below the Belt

Spend your money in Klamath Falls and be known among your fellow men as a true citizen of YOUR OME TOWN.

For Prosperity—Buy More—Build Now—Work More—Earn More.

## Klamath Falls

**Help Your Own City & You Help Yourself**

This space paid for by the business men of Klamath Falls for the benefit of the community.

## FACTS

A few years ago a man walked into a Mutual Life Insurance office and said to the manager.

"I should like to take out a policy that will give my daughter one hundred dollars a month as long as she lives. I want to arrange it in such a manner that she cannot lose the income, and so no d— skunk can get it away from her. Can you fix up a policy like that for me?"

The manager said he could, and added that he wished more men would have their insurance payable in that manner.

Last year the man died, and the company began sending Mary a one-hundred-dollar check each month. After she had received five checks, a man called at the office and said he was acting in Mary's interest. He wanted to know what kind of a policy that was, anyway. He didn't approve of it. Mary had decided she wanted the insurance paid to her in a lump sum; and he would invest it so that it would bring in a very much larger return than she was getting.

The manager said: "My friend, Mary's father asked me to get a policy that would pay her one hundred dollars a month as long as she lived, and to fix it up so no d— skunk could get it away from her. That's what we have done."

Mary is still getting her check for one hundred dollars a month.

**Have You a Daughter?**

Perhaps you have a daughter? How fine a thing for a father to create a lifelong safeguard for her who now may be only "father's little girl!"

**For Her, For Them, For You!**

You believe in life insurance. Translate your belief into action, now. You could not lie down at night in peace if your property were not insured, although it will probably never burn. A life, however, must end, and you know that it may end soon and suddenly. Do not lie down another night yourself uninsured—or underinsured. It won't take long, or require a burdensome payment to put a Life Income contract into your hands—if you are insurable. "Safety first!"—and last—and all the time!—for her, for them, and for you!
