

**FIRE CUTS OFF AID**

50 Fighters Are Marooned in Herman Creek Blaze

PORTLAND, July 29.—Fifty men were cut off from communication and escape yesterday afternoon when a tongue of the Herman creek forest fire on the Columbia river highway shot between their camp and the ranger station headquarters, according to a report today, and not until three this morning

was a pack train able to get through with supplies for the marooned fire fighters. The fire has become more serious due to high winds.

E. T. Boatman, who has had a large experience in some of the most up-to-date shoe stores in Portland, Oregon, and who is a gentleman of pleasing personality, is now with J. E. Enders & Co. in the shoe department.

**INTEREST HIGH MICHIGAN RACE**

**Three Cornered Contest on Free Information Is Plan For United States Senatorial Nomination**

DETROIT, July 29.—With the certainty that the proposed amendment to the state constitution, requiring all children of school age to attend the public schools, will not be submitted to the state's voters at the November election, interest in the primary campaigns now centers in the three cornered republican race for United States senator.

The proposed amendment, known as the anti-parochial school measure, was withheld for the election next spring. This measure was expected to vie with the senatorial race for interest throughout the state.

The three candidates seeking the nomination here on Sept. 12 are United States Senator Charles E. Townsend, long a Michigan representative in the upper house at Washington; Congressman Patrick H. Kelley of Lansing, and Major John G. Emery of Grand Rapids, former national commander of the American Legion.

No democratic aspirant yet has entered the race but the party strongly has urged Former Governor Woodbridge N. Ferris, one of the few democrats in the history of the state to become governor, to take up the fight. The invitation to the former governor was extended some time ago at a convention of the party in Grand Rapids.

The republican senatorial fight will be one of the greatest political battles in the history of the state that saw the birth of the party, in the opinion of Michigan politicians. The issues are clearly defined but the one most often heard arises from the charges brought against Senator Truman H. Newberry, junior senator from Michigan, with respect to campaign expenditures. Senator Townsend's opponents, particularly Congressman Kelley, are assailing the senator because he championed the cause of Senator Newberry on the floor of the senate.

**AID PROPOSED FOR MOTORISTS**

**Free Information Is Plan Of Associated Advertising Clubs**

MINNEAPOLIS, Minn., July 29.—A program of free information to the traveling motorist in every American city and community large enough to boast a name is being planned for the Associated Advertising Clubs of the World here.

Perry S. Williams, vice president of the community advertising department of the organization, and manager of the Minneapolis Journal travel and resort bureau, is developing the plans, which include the establishment of information stations in every state having wherever possible no greater distance than 25 to 50 miles between stations.

"It is possible to place more than one-third of the population of the United States in privately owned automobiles at one time today," Mr. Williams declared. "At least forty million of our people, therefore, can tour wherever and whenever their fancy strikes them."

"The railroads have built up an extensive system over the nation for encouraging passenger train travel and for giving information concerning this mode of touring. Great as the motor travel field is at the present time, its future possibilities are stupendous with automobiles being purchased with the rapidity they now are and will continue to be."

Mr. Williams explained that not every section of the country can be a tourist terminal but the resort bureau manager pointed out that every community can place itself on the most desirable highway to and from some resort or vacation center through the establishment of a station to form the nationwide chain of service for the motorists.

"Just as the railroads in an earlier day took their routes by way of communities which had proved good trading points or by dint of the efforts of the first citizens had built themselves up as important centers, so the main arteries of motor travel are being determined today," added Mr. Williams. "The man who travels in his own machine is following the routes over which it is easiest for him to find his way."

Communities are becoming known for their service and treatment, or lack of it, he said. The proposed nationwide service, he continued, would have no place for the community "which is out to gouge and otherwise mistreat the transient automobilist."

In Minnesota, the information chain built up already includes more than 500 stations, Mr. Williams announced. This means for the tourist on an average of every 14 miles of the 7,000 miles of the state trunk highway system, he said. In addition, each five miles of this highway system is patrolled by a state agent who keeps constant watch of traveling conditions and who stands ready to serve the tourist free, according to Mr. Williams.

It is his intention to work through the advertising clubs wherever they are found, the bureau manager added, declaring that "we can and will make America the easiest country to travel by automobile in the world."

**FOOTBALL WILL SOON REAPPEAR**

**Schedules Announced by U. of California and Multnomah Club**

BERKELEY, Calif., July 29.—Football days will soon reappear on the University of California athletic calendar here, Coach Andy Smith having announced that aspirants for the varsity will start practicing about the middle of August.

Members of the varsity team, which has won the Pacific coast conference championship for two years, will not be allowed, under conference rules, to start team practice until September 15. California expects a harder fight this year than it has had for the past years during which its eleven mowed down team after team and

went through two seasons undefeated.

Although Coach Smith expects eighteen veterans back, he must practically rebuild his line, which from tackle to tackle, was lost through graduation. Smith's ends will be particularly well taken care of, "Brock" Muller, "Brodie" Stephens and Bob Berkey, all stars, being expected back. Charley Erb, quarterback, will captain the team.

"Boles" Rosenthal, "Nibs" Price and Walter Gordon will continue to act as assistant coaches this year.

The California schedule follows:

- Sept. 30—University of Santa Clara here.
- Oct. 7—University of Redlands here.
- Oct. 14—St. Mary's college here.
- Oct. 21—Olympic club here.
- Oct. 28—University of Southern California at Los Angeles.
- Nov. 4—Washington State college here.
- Nov. 11—University of Nevada here.
- Nov. 25—Stanford University at Stanford.

PORTLAND, Ore., July 29.—

Football enthusiasts of the Multnomah Amateur Athletic club of Portland already are predicting another coast club championship for the organization's eleven this year.

On paper the club has a strong team and if Coach Ted Faulk, former University of Washington star, can get the men out and whip a team into shape, the paper strength should be converted into real strength.

Prospective Winged M players include Bill Steers, "Brandy" Brandenburg and Billy Pelouse, ex-Stanford back; Bob Stewart, one time Oregon Aggie player, the two Jacobberger brothers, who starred for Oregon, and Clipper Smith, who played on the Notre Dame eleven.

The 1922 Multnomah schedule follows:

- Oct. 14.—Oregon at Eugene.
  - Oct. 21.—Gonsaga at Portland.
  - Nov. 14.—Oregon Aggies at Portland.
  - Nov. 11.—San Francisco Olympic club at Portland.
  - Nov. 18.—Ninth army corps at Portland.
- Several out-of-town games probably will be played to round out the schedule.
