Use of Electricity Means Economy of Labor and Money

There are 104 electric ranges in use in private homes in Klamath Falls. Thirteen of these have water heaters in connection.
The average consumption of electricity for operating the ranges in these 104 homes is
\$5.50 PER MONTH
In many of these homes the monthly charge does not exceed the minimum of \$3.00 per month.

Power Rate For Ranges
For first 30 K. W. H.\$3.00 per mo.
Next 200 K. W. H.2c per K.W.H.
Over 200 K. W. H.1c per K. W. H.
For Further Information Call At Our Office Cor. 4th and Main

That electricity is a successful competitor with wood as a cooking fuel is shown in the homes of Klamath Falls where the average cost of power for heating is
\$5.50 PER MONTH
That the saving in labor and cleanliness is very great is conceded by everybody.
