In Questionable Society

First Guest: This is a pretty cheap family. Just look at the nakkins, all patched and darned.
Second Guest: Yes, and besides that they borrowed them from me.

The End of a Perfect Day

Here lies the body of Simon Shinn, who would persist in "cutting in." The day he met a five-ton truck poor Simon sure was out of luck.

serve the public efficiently," etc? "When the Southern Pacific talks about abandonment of line closing of shops and refusing to buy timber, do they really expect thinking people to regard such talk seriously?"

The various commercial bodies in Oregon should be able to assist in the proper solution of this question without humbling themselves by taking programme from Mr. Alexander of San Francisco.

"Oregon frequently comments upon the great railroad development and service enjoyed by Washington, and as an extensive user of same we are sustained to admit that the favorable comment is justified. Attention is challenged to the fact that Washington is not committing its destiny to Mr. Alexander of the San Francisco chamber of commerce, and we would hazard the guess that he has not presumed to send a single one of his letters to a Washington shipper."

"But of what does Washington's railroad system largely consist?"

"Note the Washington map! Observe the railroads operated in that state by the several companies in joint and common use. "Let us do some thinking on our own account and avail ourselves of this opportunity for joint operation by two railroads between Portland and San Francisco, and accomplish real railroad development. The prompt, efficient and competitive transportation service resulting from joint operation would then obtain in Oregon and California, as well as in Washington."

MOVIES

THE STAR

Policemen of the King! What a romantic flavor the words have when one considers the far-flung regions of the earth which are patrolled by the "Royal Mounted," those straight-shooting, quick-thinking, fearless servants of law and order. There have been numerous pictures which provided heroic roles for northwestern mounted policemen, but here comes one that shows the South African constabulary, a body of men said to be as brave and persistent as their brother officers of the north.

This Paramount picture is "The Woman Who Walked Alone," a George Melford production featuring Dorothy Dalton, at the Star today. Milton Sillis is leading man, and Wanda Hawley has an important place in the cast, which includes John Davidson, Charles Ogle, Mabel Van Buren, and "Lefty" Flynn.

THE STRAND

The feature of the program at the Strand theatre tonight will be "The Marionettes," a brilliant comedy drama starring Clara Kimball Young, who is supposed by a superb cast of screen favorites. Miss Young really portrays two characters in the play, although both characters are of the same person. She appears first as a slovenly wife who, through her carelessness in dress and personal appearance, has entirely alienated the husband's affections. As she loves him to distraction she resorts to all kinds of devices except the right one to win him back. He in turn wonders how the charming girl of courtship

days has ever changed to the unattractive frump who is now his wife. There is but one inevitable result in sight—a divorce which will free the husband from the unattractive creature who is called his wife and which will in turn leave the wife broken-hearted. How she finally profits from a scene in an amateur theatrical show which she witnessed, and succeeds in not only winning back the husband's love, but actually forces him to woo her all over again, makes a story full of thrills and suspense.

THE LIBERTY

"The Sting of the Lash" is at the Liberty theatre today and local film devotees are promised a decided treat in the splendid acting of Miss Pauline Frederick, who appears in the leading role.

"Perjury," a William Fox super-special which was the talk of New York while running at a prominent Broadway theatre, will come to the Liberty theatre Sunday for a two days' run. It presents William Farnum in a role similar in several essential respects to that of Jean Valjean in Victor Hugo's "Les Miserables," in which this famous emotional screen star made a tremendous hit. New York reviewers and theatre-goers, during the run of "Perjury" in the metropolis, declared that William Farnum surpassed all former efforts in the expression of human emotion. They predicted that the gripping photodrama will establish itself permanently as one of the classics of the screen.

The cast of "Perjury" includes Sally Crute, Wallace Erskine, John Webb Dillon, Frank Shannon, Frank Joyner, Grace La Vell, Gilbert Rooney and Albert Mann. Harry Millarde directed the production.

tion of jurors to fill special venire, could select such jurymen out of and from the members being oathbound not to reveal the identity or secrets of its members, treason, rape and willful murder alone excepted, said fraudulent intent being hereinafter specifically set out, they, and each of them wilfully and fraudulently contrived and conspired together to circulate a petition in and throughout Jackson county, asking for the recall of the plaintiff, C. E. Terrill, as sheriff of Jackson county, Oregon."

The document then sets forth the financial condition of Jackson county relative to funds, and indebtedness, and taxation, and further asserts: "That if the said recall election is held the expenditure therefore will cause said Jackson county, and the said defendant Chanturey Florey, as county clerk, to violate the terms and provisions of said section X and XI of article XI of the Constitution of the State of Oregon in that it will create an additional liability and indebtedness of said county of Jackson, which together with its present indebtedness outside of its bonded indebtedness will be in excess of \$5000."

It is also alleged "that grave, irreparable and irremedial injury and damage will result unto Jackson county taxpayers, from "holding fraudulent and unlawful election." The following signed the application as attorneys and counsel: Briggs and Briggs of Ashland, C. B. Watson of Gold Hill; Reams and Reams, Porter J. Neff, George M. Roberts, Gus Newbury and R. F. Lindas of Medford.

Advertisement for Dodge Brothers Coupe. Includes large illustration of the car and text: 'DODGE BROTHERS COUPE. You will realize, the moment you see this coupe, how perfectly it fulfills a very real need. It was designed and built by Dodge Brothers in response to that need—long-standing and often-expressed by people in all parts of the world. With Dodge Brothers chassis as a starting point, it only remained to create a coupe body which would unite the usual coupe refinements with greater lightness, hardihood and economy. The world now knows how this was accomplished. An entirely new precedent in closed car construction was established. The body is built of steel. Moreover, the deep comfortable seat is upholstered in genuine leather. The doors are exceptionally wide. The rear compartment will hold a small steamer trunk and other luggage. The enamel, baked on the steel at high temperature is readily restored, after hard usage, to its original lustre. In every detail the car reflects the purpose of the builders—to make it a practical car of universal appeal. H. A. WAKEFIELD, 420 Klamath Ave.'
