EXPECT 2,000 AT CONVENTION

American Bar Association To Convene in S. F. During August

SAN FRANCISCO, July 28.—Lawyers and judges to the number of more than 2,000 are expected to come to San Francisco early in August to attend the 1922 convention of the American Bar association, the National Conference of commissioners on uniform state laws and the annual meeting of the California state bar association. The commissioners meet August 2-9, the state body convenes August 7 and the national association on August 9-12.

Several noted speakers are to address the organizations, names on the program including William Howard Taft, chief justice of the United States, Vice President Calvin Coolidge, Chief Justice Lucien Shaw of the California supreme court, George W. Wickersham, former attorney general; Cordell A. Severance, president of the American Bar association, and Governor Henry J. Allen of Kansas. It is noted that Elby Root, former secretary of state, also will speak.

Addresses are also to be made by two distinguished visitors, the Rt. Hon. Lord Shaw of Dunfermline, representing the bar of Great Britain and M. Henri Aubepin, representing the bar of Paris.

Two committee reports, in which a great deal of interest is being taken, will be presented. One is the report of the committee on promotion of American ideals, which will be presented by Martin J. Wade of Iowa. The other is the report of the committee on law enforcement, presented by W. B. Swaney of Kansas.

FEDERAL LOANS MANY

Applications Total \$300,000; 126 Open for Applications
Applications for federal farm loans have been very heavy, the business handled here during the past few weeks having totaled about 200,000, according to George Hiltz, Jr., who left today for the Rogue river valley after having been here since July 1. Due to the business prospect, Hiltz said that either he or another representative would return here about September 15.

In the meanwhile, the Klamath Falls National farm loan association has opened its books to receive applications for federal farm loans to be appraised by the government representative early this fall. Owing to a ruling recently made by the federal land bank, it is essential that these applications be filed without delay so that the papers may be placed in the hands of the local loan committee for appraisal and then acted upon by the board of directors after which the papers must be checked over by the Federal land bank at Spokane before they are placed in the hands of the federal appraiser for examination as to the sufficiency of the security offered, character, and standing of the applicant, etc.

FACE FEDERAL COURT

Local Men on Bootlegging Charges; Kempke Gets Stay

PORTLAND, July 28.—Upon recommendation of Allan Bynon, assistant United States attorney, a stay of execution of 90 days was granted in federal court to F. J. Kempke of Klamath Falls, in which to pay his fine of \$100, imposed three months ago for violation of the national prohibition law.

Kempke was convicted of selling liquor to Indians on the Klamath reservation, and was sentenced to 90 days in jail, in addition to the fine. He is completing his sentence, and, according to Bynon, who made a personal investigation, his financial condition is such that he is unable to pay his fine. Bynon also learned that he had a job waiting him in Klamath Falls.

Because he accepted the opportunity to pick up a few dollars by transporting supplies for a Klamath Falls bootlegger, Raymond Moore, a laborer, was found guilty of a crime in 1921. He was fined \$250 and sentenced to 30 days in jail. He was released on parole for 30 days, but was arrested again for bootlegging. He was sentenced to 30 days in jail and fined \$250. He was released on parole for 30 days, but was arrested again for bootlegging. He was sentenced to 30 days in jail and fined \$250.

McKee, Guyton, Geary Harlow and G. L. Hiltz, Jr., arrested in Klamath Falls last week when they were caught with a quantity of liquor concealed beneath a truck load of fruit, were brought to Portland by Deputy Marshal Lee Morelock. The men will be arraigned before United States Commissioner Frezer this week.

FORD LAUNCHES NEW ENTERPRISE

Factory to Make Glass for Windshields First of Kind in Country

DETROIT, July 28.—Henry Ford has launched upon a new enterprise, that of glass making. The manufacturer has established here and begun to operate a plant that will produce glass for automobile windshields. It is said to be the first plant in the country designed especially for making of windshields.

The Ford production slogan "Keep things moving," is playing a large part in the new methods introduced by the manufacturer in his latest field of endeavor. A continuous conveyor system makes it possible for the glass to be kept continually moving from the time it leaves the furnace in liquid form until it becomes a polished windshield.

The molten glass is drawn from the furnace and passes under a roller that gives it width and thickness, and then upon a moving conveyor that carries it 464 feet through a gradually cooling furnace. At the end it is cut and placed on another conveyor that carries it through the stages of grinding and polishing, after which it is ready for use.
