Ketadover brothers have stopped drilling on their well until fall. They have gone down 50 feet and the water has sufficient force to raise six inches above the ground.

George and John Hagelstein are busy hauling hay. They report that no damage was done by the rain.

John Wesoto returned from Merrill where he has been on business the last week.

Ray Cox is building a porch around his house which is a considerable improvement to its appearance.

Mr. and Mrs. John Hagelstein went to Klamath Falls to attend to business Wednesday.

Honors About Even In Leonard-Tendler Bout

JERSEY CITY, July 29.—Benny Leonard and Lew Tendler fought a

12-round no decision bout here Thursday night in which honors slightly favored the champion in the final rounds.

Newspapermen about the ring differed to some extent in their opinions. The majority appeared to favor Leonard at the end of the bout, although some declared for a draw. Tendler had the better of the first five rounds, but Leonard finished strongly.

Leonard was asked why he did not knock out Tendler and replied with a blood smeared grin: "Southpaws are hard to solve."

At the ringside, Tex Rickard, the promoter, said the gate receipts were about \$450,000 and the attendance about 60,000.

Under the terms of the agreement with the principals they are to receive from 62 1/2 to 66 1/2 per cent of the gross receipts. Of this sum Leonard will receive approximately two-thirds, the other third going to the challenger.

The seats at the top of the bowl, cheapest in the bowl, were about one-third filled. Many of the spectators in this section purchased miniature opera glasses on the outside of the arena for 50 cents.

It was 9:13 when Lew Tendler, the challenger, escorted by a squad of police, made his way down the aisle from his dressing quarters and entered the ring. He was clad in a greenish gray bathrobe and was accompanied by his seconds, Phillip Glassman, Morris Tendler, his brother, and Jack Reinfell.

Champion Leonard entered the ring a moment later and both contenders for the title were given a great ovation.

Leonard's seconds were Billy Gibson, Manny Seaman and Charlie Leonard, his brother. Both Leonard and Tendler were called to the center of the ring where the commission physicians examined their hearts and lungs and announced them to be in perfect condition.

Both boxers had their hands heavily bandaged with soft tape. The rival managers examined the bandages and the new gloves were taken from boxes and given to the rival seconds. The weights as announced from the ringside were Leonard 134 pounds 15 ounces; Tendler 134 pounds 12 ounces, the weights being taken at 2 o'clock this afternoon. Charley White of Chicago challenged the winner, and Rocky Kansas of Buffalo, recently defeated by Leonard, also appeared with his left arm in splints.

Blind Oarsmen

These oarsmen, although blind, participated in the St. Dunstan's Regatta at Putney, England. They were coached by a woman.

Both fighters appeared more or less drawn and nervous and Leonard appeared a trifle more drawn than Tendler. Leonard leaned over the ropes and jokingly remarked to a friend at the ringside that the bout would be over in a few minutes. Tendler sat quietly in his corner with downcast eyes and listened attentively to the instructions of his seconds.

Dorris to Play Cubs On Modoc Field Sunday

The Dorris Demons and Klamath Cubs will furnish local baseball fans amusement on Modoc diamond tomorrow. The game will start at 2 o'clock. The Demons are bringing with them a reputation for being fast and furious hitters, according to Al Baker, manager of the Cubs, and a lively game is promised. Whether games will be arranged with Grants Pass and other Rogue River valley teams will depend on the attendance at the game tomorrow. Baker said.

Knights of Columbus Ball Team to Play Sunday

The Knights of Columbus baseball team who recently defeated the Lost River Giants on their home grounds will play their second out-of-town game with Beatty. The K. C.'s have been practicing in the evenings at Modoc park and are now in first class condition, and a good game can be expected.

Klamath Box and Lamm Mill to Play Sunday

The "Lamm Bull Pines," which refers directly and indirectly to the baseball team organized by Lamm's mill employees, will do battle with the nine from the Klamath Lumber and Box company sometimes called "Sheep Steer Needles" at Modoc Park Sunday at 10 a. m.

This is the first game for the "Bull Pines" and from all indications the boys from Shippington will have to squirm to take the long end of the tally. Santa Morrow and Emmett Chickleser form the battery for the Modoc Point nine with Stanley Hallock and Chester Shriver operating.

British Bantamweight Seeks Title in U. S. A.

LONDON July 29.—Thomas Harrison, of Hanley, British bantamweight champion, may go to the United States in quest of the world's title, recently won by O. J. Lynch from Johnny Buff. Harrison recently knocked out Jim Higgins, the Brit-

ish title holder, in the 13th round of their match.

Although Harrison has established himself as superior to other English 118-pounders, many of the boxing critics believe he should bolster his record before going after Lynch, one of the cleverest little men in the world. Higgins, defeated by Harrison, was a victim of Pete Herman's cudgels when the American invaded the Isles.

We Start Early Tonight, By Request

Many prospective bidders are "drawing" today, and expect to save more tonight than they made this week in wages. Seems like everybody wants Railroad grade watches.

WE competed last night for the favors of the city with the famous silver cornet brass band of K. F. and if the w. k. handmen were as well satisfied with their house as I was with mine, we were both happy.

IT was a funny crowd, that one last night. They didn't seem to warm up until an article was about to go for one-fourth of its value, then you should have seen the bidding.

TONIGHT we start at seven o'clock by request of the many people who are going to do a little art work today. I guess that they are going to become artists, because they say that they intend to "draw".

FROM present indications we are going to run strong to line 21 and 23 jewel movements in men's watches and the finer grades of ladies wrist watches tonight. But, we will put up any article that you request, of course.

AND we will sell any article at private sale, until we have raised enough money to save the Winters Jewelry store for the town and H. J. Winters.

I thank you, ARTHUR H. ALLEN, for the
