

THE LIBERTY

"Queen of the Turf" is a romance of the race course. It is peopled by a fascinating group of characters whose experiences have been woven into a turf drama that recalls the memorable "Checkers," that grand old story of the turf that thrilled the whole world more than a decade ago. It is the current attraction at the Liberty theatre.

The outstanding scene, among several of undoubted dramatic value, is the race episode in which two sleek thoroughbreds outdistance a field of sprinters and finish in an absolute

dead heat. The frenzy of the spectators who jam the towering grandstands, the milling throngs in the betting ring where thousands of dollars change hands, the paddock where the horses are given their last minute preparation for the big event and many other scenes give a note of realism to the production that will thrill even the most calloused of race goers. Final showing tonight.

THE STRAND

A capacity house at the Strand last night saw one of the best shows which ever visited Klamath Falls. It is in doubt about this ask some of those present last night.

The outstanding scene, among several of undoubted dramatic value, is the race episode in which two sleek thoroughbreds outdistance a field of sprinters and finish in an absolute

certainly struck the popular cord in their black-face number and the house applauded in a manner that left no doubt as to the merit of the number.

Ethel Tusch, in her violin numbers, again brought the house down and Happy Busch, the boy who entertained the over-seas soldiers for twenty-two months, certainly pleased the people with his wonderful piano playing which was superior to anything ever before heard here.

This wonderful quartette of harmony artists will be at the Strand again tonight with an entirely new program and also Friday, Saturday and Sunday, featuring new stunts and music each day.

The usual good pictures and comedies are also shown each evening. The films are also shown each evening.

SEPARATION OF RHINELAND FROM GERMANY, IS PLAN

PARIS, Aug. 2.—The separation of the Rhineland from Germany, with its own parliament and government and separate financial regime supervised by the Allies, is part of the scheme of penalties presented to Premier Poincare as representative of the opinion of the French parliament and which he has taken under consideration.

William Beckley and Pitzer Beckley arrived last night from Douglas county for a visit with their brother, J. L. Beckley, of this city.

H. E. Hauger received a cablegram this morning telling of the death of his mother at the Hauger family home in England.

How A Dollar Does Travel!

When the Pay-roll is Providing

a steady stream of dollars that pass from hand to hand there is plenty for all. It is surprising how far the dollars will go if they are just kept travelling.

Like the blood stream in the body, the dollar stream of a community is life-giving---but only when it circulates. Stop the circulation in the body or in the community and atrophy and decay follows. Keep the community dollars working---keep the life stream moving.

Production and Pay-Rolls Mean Progress and Prosperity
