

GOOD-WILL OF PORTLAND SENT THROUGH MAYOR

Rose City Stands Ready to Back Klamath in Any Undertaking, Says Baker

The message I was instructed to bring you is that the press of Portland is with you to the limit in anything you undertake...

We found it essential that we go directly to the people of the state with the fair plans...

The caravan will be equipped with a radio outfit and an airplane and will proceed in military fashion on a fixed schedule.

Touching on the oft-repeated assertion that Portland has neglected Klamath county, Mayor Baker said that under present transportation conditions it was physically impossible for further development of trade between here and Portland.

We in Portland realize, he said, that Portland is dependent upon the remainder of the state for her progress. The time has come when local boundaries must be forgotten, when even the Pacific coast states should pull together for a bigger Pacific coast.

Mayor Baker said that the railroad unmerger situation has aroused high interest in Portland and within a short time an interesting announcement will be forthcoming from a committee of the Portland chamber of commerce appointed to investigate the situation.

A man of vision with the interests of the state as well as of Portland at heart, Mayor Baker has proven the most efficient as well as the most popular mayor in Portland's history.

WEATHER PROBABILITIES

No change has been recorded in barometric conditions by the Cyclone Stormograph at Underwood's Pharmacy, since the report of Saturday. A continuation of pleasant weather is expected.

Forecast for next 24 hours: Fair and warm.

The Tycoos recording thermometer registered maximum and minimum temperatures today, as follows:

High 87 Low 57

This Bird Flies, Swims and Runs

A new British plane returning from an experimental flight before U. S. navy officials at Anacostia, D. C. It can land on the land or water, if on water, the wheels are lowered and the plane makes its own way to shore.

MRS. CHAS. COLLIER IS BADLY WOUNDED IN RIFLE ACCIDENT

Gun Discharged When Ferns Were Being Removed from Car; Loss of One Eye May Result

Mrs. Charles Collier of Bly was the victim of an accident that may result in the loss of an eye, at Bly yesterday afternoon when a 22 calibre rifle was accidentally discharged, the bullet penetrating her nose and lodging under an eye.

Mr. and Mrs. Collier had just returned from a drive in their car and Mrs. Collier was removing some ferns from the car when the rifle was discharged. It was believed the ferns became entangled in the hammer or trigger of the rifle, which was in the tonneau. She was rushed to the Klamath General hospital here where efforts to locate the bullet were reported unsuccessful. It was said that she is not in danger, but that the loss of the eye is probable.

Mrs. Collier is well known here where she lived until Charles Collier resigned his position with the First National bank to become identified with the stock business in Bly. Her father is W. C. Warren, prominent Bly stock man.

SUES BANK EXAMINER

Recovery Sought of \$85,000 on Deposit in First State

PORTLAND, Aug. 7.—The United States Fidelity & Guaranty company, of Baltimore, Md., has filed a suit in federal court here asking for payment of \$85,000 by Frank L. Bramwell, state superintendent of banks.

In its complaint the Baltimore firm contends that Bramwell took possession of the First State & Savings bank of Klamath Falls last January, at which time the United States through an agent, Walter G. West, had \$95,000 on deposit.

The guaranty company had put up a \$100,000 bond for the bank, it alleged, and on July 3, it paid \$95,000 plus interest to the government. The concern now claims that the bank has sufficient assets to pay the full amount, and it asks to be adjudged a preferred creditor.

SEEK FILM LOCATION

Director For Thomas H. Ince Studios Coming Wednesday

John Griffith Wray, director for the Thomas H. Ince Studios of Los Angeles, seeking a location for a big special Ince production, will arrive here from Los Angeles Wednesday evening, according to a telegram received by The Herald from the Ince studios today.

It is believed the company plans to stage a river scene with a dam explosion and other thrilling features, as recently a telegram of inquiry was directed to the chamber of commerce here asking about the facilities for such a setting and the number of ex-service men that would be available. The company was advised that excellent locations and a plentiful supply of ex-service men were available.

EMMITT ON FAIR BOARD

The county court Saturday appointed R. A. Emmitt as a member of the county fair board. He will succeed R. B. Wilcox whose resignation was caused through his having moved from the county.

COMMUNITY DINNER TONIGHT PROMISES TO BE BIG SUCCESS

Excellent Soufflers and Music Promised by President of Chamber of Commerce

"From all indications the annual community dinner tonight will be the most successful affair of its kind ever staged here," said President M. S. West of the chamber of commerce today.

"In addition to Mayor Baker of Portland himself a number of note, we have W. E. Hobson of Woodland, California, who needs no introduction to the people of this city, L. J. Colender of the San Francisco chamber of commerce and a representative from the Albany chamber.

"Mrs. Vera Crisler Berryhill of Los Angeles, daughter of Mr. and Mrs. C. B. Crisler of this city, a singer who has won a prominent place in California musical circles, will appear on the program. Mrs. Berryhill is unusually talented and we are very fortunate in having her with us."

M. S. West will preside and W. A. Lamm will be toastmaster. Music will be provided by the Harry Bord orchestra and a male quartette composed of W. W. Southwell, Dr. Geo. Mallett, W. A. Wood and R. E. Patterson. Harry Bord, with a violin solo, and Charles Payette, with a cornet solo, will complete the musical program.

Dinner will be served at 7 o'clock. It was learned this afternoon that E. P. Daugherty, prominent Los Angeles business man, will be one of the speakers.

MILL ADDS TO FORCE

Night Shift With 30 More Workers At Shaw-Bertram Plant

A night shift has been started at the Shaw-Bertram sawmill at the lower end of Lake Ewauna with a total of 30 additional men employed in the two shifts, J. R. Shaw said today. The working day has been reduced from 10 to nine hours.

Shaw said a night shift had been contemplated for the past month but that first a log shortage and then a car shortage had prevented. The only cloud on the horizon now is that the rail strike may bring an acute car shortage and curtail lumber shipments, he said. Because the fruit industry of California must be served, box shipments are given preference over lumber.

CARS COLLIDE ON HIGHWAY

Louis Hoagland and Lyle Mills were the principals in an accident near Barclay springs Sunday when their cars collided in passing. Both cars were badly damaged but the occupants escaped injury.

LOSS \$50,000 IN INCENDIARY FIRE, PORTLAND

East Side Buildings Swept By Flames Believed Started by Two Men

PORTLAND, Aug. 7.—Fire, believed of incendiary origin, early today destroyed the Hawthorne stables, three frame houses, badly damaged the Wayside garage and adjacent apartment houses in the block bounded by East Sixth, East Seventh, East Clay and Hawthorne avenue.

The adjacent apartments set afire by the heat, were saved by prompt action. The East Side Volunteer works and a garage on East 7th and East Clay sustained severe damage before the fire was extinguished. The combined loss was estimated at \$50,000.

The flames were discovered by a passerby. He awoke the night watchman, who remembered having been awakened 15 minutes earlier by two prowlers seen running away. Connection of this with the small of gasoline led him to believe they had set the fire. Four alarms were turned in bringing apparatus from both east and west sides.

OLD RESIDENT DIES

Mrs. Paul Breitenstein Fails to Recover From Paralytic Stroke

Mrs. Paul Breitenstein, Canal and West Main, passed away at her home at 9:59 Sunday morning after an illness of eight days caused by a stroke of paralysis from which she never recovered. She was aged 73.

Mrs. Breitenstein was born in Brunswick Germany, December 17, 1849. After residing several years in Alameda county, California, Mr. and Mrs. Breitenstein came to Klamath Falls, then Linkville, in the year 1879. She is survived by the husband, Paul Breitenstein, a son, Richard Paul, of this city; and by a daughter, Emma Woolsey, of Colma, California.

Because of her golden character, Mrs. Breitenstein was loved by all who knew her, and her passing will bring sorrow to many in this city as well as throughout the county. Always friendly, always sincere, ever offering her sympathy and understanding to those in need, she leaves countless precious recollections in the hearts of everyone.

Funeral services will be conducted by the Rev. Myers of the Lutheran church at the Whitlock chapel at 2 P. M. Wednesday. Interment will be in Linkville cemetery.

U. S. Princess

Miss Jeanne Perkins, daughter of Mr. and Mrs. Edward Elsworth Perkins, New York, is the bride of John Perkins, son of Mrs. Perkins, Klamath Falls.

\$148,000 IS SET ASIDE BY COUNTY FOR HIGHWAY WORK

Appropriations Provide for Construction on The Dalles-California and Anna Creek Roads

Appropriations for highway construction totaling \$148,000 were made by the county court Saturday.

Of this amount \$121,000 is for the 15-mile section of The Dalles-California highway between old Fort Klamath and the Deschutes county line. The appropriation was made with the understanding and condition that a federal appropriation equal to 50 per cent of the cost and a state appropriation equal to 25 per cent of the cost be forthcoming.

The other appropriation, \$27,000 toward construction of the Anna creek road from the boundary line of Crater National park through and to a point near Fort Klamath. Federal and state aid is also expected for this road.

IT WAS A BUSY DAY

Sheriff and Deputies Gather in Still and Moonshine

Sunday proved a busy day for Sheriff Low, his deputy, Marion Barnes and the two federal men, Barker and Todd, who are here from Portland helping to clean up the moonshine operations in Klamath county. The day began with a search of a buck island in Upper Klamath lake. Here the officers found a camp equipped with all the necessary paraphernalia for the making of moonshine with the exception of a cook or still. Since there was no one in possession and no way of identifying the property, there was nothing to do but burn the whole thing. This they did.

From Buck Island they continued their march to Howard's Bay where they discovered a gallon jug of the "real stuff," as manufactured by local talent. This so encouraged the hunters that they looked a little farther and were rewarded by the discovery of a five-gallon keg of the same brand. This property, like that on Buck Island, was apparently without an owner and the federal men shot holes in the barrel and smashed the jug.

From Howard's Bay Sheriff Low and his helpers went on to the Skillet Handle, where they started a search of the George Baker premises, a job they undertook last week, but were unsuccessful except for the arrest of Baker on a game violation charge. Yesterday, however, proved more profitable as a half-mile north of the cabin they discovered two barrels of mash and three empty barrels, not to mention coils and other equipment.

Baker is in jail at present in default of the \$50 fine for the alleged game violation of last week.

DELAY COAL PARLEY

Meeting Postponed Until Wednesday To Permit Others to Attend

CLEVELAND, Aug. 7.—Coal operators and union leaders who gathered here today for a wage conference with view to ending the soft coal strike, agreed in advance to adjourn until Wednesday with the expectation that Indiana miners and operators will be in attendance at that time.

HARDING CALLS ON BOTH SIDES TO END STRIKE

Men Are Asked to Return To Work and Executives To Assign Jobs

WASHINGTON, D. C., Aug. 7.—President Harding today called on the striking railroad shompen to return to work, requested the railroads to assign them to work, and asked both workmen and carriers to submit the disputed question of seniority to the railroad labor board.

The president sent telegrams to Jewell and T. Dewitt Cupler, outlining a plan which he hoped would result in a speedy termination of the strike. The statement was authoritatively made in connection with the call by the president that President Harding regarded this a final proposal from the government for voluntary action by railroads and employees to end the menace in the country's interests.

Settlement through the railroad labor board, the President believes is the only practical course for the government.

NEW YORK, Aug. 7.—Chairman Loree of the Eastern conference of railroad presidents called a meeting of rail executives for four o'clock this afternoon when the word of President Harding reached him. It is expected that the attitude of the roads to the new suggestion will be defined at the meeting.

WASHINGTON, D. C., Aug. 7.—Leaders of the striking shompen considered Harding's proposal two hours then transferred the conference to the International association of machinists where they were joined by representatives of the big four. Strike leaders are showing dissatisfaction with proposal and are deliberating whether to take final action for acceptance or rejection immediately or to leave the decision to the general strike committee at Chicago.

GET ARMY TRAINING

Three Klamath Boys at Camp Lewis For Term of Instruction

CAMP LEWIS, Wash., August 7.—With every facility of the biggest army camp in the United States placed at their disposal for instruction and entertainment, 4 youths from Klamath Falls are completing their first week at the Citizens' Military Training camp. Among them are:

Robert E. Graham, Cecil H. Humphrey, 911 Walnut St.; Charles B. House, 705 Eighth St.; and Forrest E. Cooper, Klamath Agency.

A former K. C. hut has been fitted out as recreation room and post exchange, with three pool tables, a piano, reading and writing material, wrestling mat, and "bean coup" easy chairs. With a log fire going in the big brick fire-place, the recreation room was extensively patronized from the start, and the post exchange, profits from which go to entertainment of the students, did a thriving business in doughnuts and other refreshments the digestibility of which had been previously passed on and guaranteed by the camp surgeon.

HALL AHEAD 1 VOTE

Recount in 77 Multnomah County Precincts Completed

PORTLAND, Aug. 7.—Seven precincts in Multnomah county today gave Hall a lead of one vote in a total of 77 precincts counted.

AUTO IS BURNED

A roadster belonging to a man called "Deafie," whose name was not learned, but who was said to be employed at the Steiger mill, was partially destroyed when it caught fire on the Shippington road late last night. The fire department was called and extinguished the blaze.

MARKET REPORT

PORTLAND, Aug. 7.—Cattle higher on strictly prime stuff. Hogs, easier undertone, prices unchanged. Sheep steady. Valley lambs, trifle easier. Fancy butter scarce and firm. Eggs steady, cream unsettled.
