

ENGINEERS AND FIREMEN JOIN RAIL WALKOUT

1,300 Leave Posts in Chicago in Protest Against Guardsmen in Yards

NEW YORK, Aug. 9.—Twenty-five thousand shop crafts workers, through David Williams, today put themselves on record as refusing to accept Harding's proposal for substituting the seniority question to the labor board.

CHICAGO, Aug. 9.—The National railroad strike extended this morning to the "Big Four" in the Chicago switching territory, when 1,300 engineers, firemen, conductors and brakemen left their posts in protest against the presence of guardsmen in the yards.

CLEVELAND, Aug. 9.—Executives of the "Big Four" have taken action regarding the endangering of lives of brotherhood members through the alleged actions of guardsmen, telegraphing members to remain away from company property as lives are endangered.

President Stone, when informed told the Associated Press, that there would be 100 more similar cases soon if shop working conditions went unchanged.

AGAINST LAW CHANGE

Movement to Set Deer Season Back Opposed by Timbermen

J. F. Kimball, local manager of the Weyerhaeuser interests and president of the Klamath Forest Protective association, at the chamber of commerce today, declared that timber owners here in past years had experienced no loss from fires set by careless hunters, and therefore advised against joining the movement instituted by the state forestry association to postpone the opening of the deer season, which under the present law opens August 20.

Klamath has always attracted a responsible class of sportsmen and the records show that while hunters have helped control fires they have never set any, he said. Timber owners wish to show their appreciation of this careful regard for their property, he said, and while he did not wish to see the chamber oppose the movement to postpone the season, which might be necessary because of different conditions elsewhere, he did not believe there was reason for Klamath to espouse it.

FLOWER SHOW 17TH

Will Be Held in Former Bank Building by Chamber Auxiliary

Klamath Falls annual flower show under the direction of the women's auxiliary of the chamber of commerce will be held Thursday afternoon and evening, August 17, in the building on Main street formerly occupied by the First State and Savings bank.

As the Portland caravan will be here that evening the women backing the show are using every effort to get a varied list of entries, and expect to surpass last year's remarkable showing.

WEATHER PROBABILITIES

The Cyclo-Stormograph at Underwood's Pharmacy continues to register but little variation in barometric pressure. Minor changes only, alternate. As long as this condition obtains our pleasant weather will continue.

Forecast for next 24 hours: Fair and warm. The Tycoos recording thermometer registered maximum and minimum temperatures today as follows: High 85 Low 52

Scold's Bridle

When women talked too much in the old days the "scold's bridle" was put on them. The one above was sold at a recent auction in London, but it'll hardly be used.

CONTRACT IS LET FOR LONG DESIRED CHILOQUIN BRIDGE

New Span Will Afford Direct Entrance Into Town; Road Work Is Also Proposed

An improvement that Chilgoquin people have long desired is assured, said R. C. Spink, owner of a tract of land in west Chilgoquin, today, with the letting of a contract by the county court to move the old bridge at Chilgoquin a quarter of a mile or so upstream and add a new span, affording a direct entrance into Chilgoquin.

The new bridge site is about opposite the S. P. depot. The Union Bridge company of Portland has the contract, and it is estimated the cost will be \$2200.

The road west of the bridge will be straightened to give a direct approach. Work on the road between the highway at Williamson river and Chilgoquin, including elimination of grades and rock surfacing, is contemplated at an early date, and it is hoped in Chilgoquin that it may be started this year, said Spink. No definite action on the road work has yet been taken.

SIXTH I. W. W. TAKEN

Alleged Organizer Is Arrested at Former Auto Camp Ground

Whether the proposed I. W. W. drive was really started here or whether the member of the organization arrested yesterday was merely playing a lone hand, was the subject of speculation in official circles here today. At any rate, the arrest late yesterday afternoon by Sheriff Low and Deputy Sam Walker of Wm. Fischer disposed of one alleged organizer.

Fischer was taken at the former auto camp ground near Medoc park, now referred to as the "jungle." He had in his possession a quantity of I. W. W. literature and receipt books showing that recently he had signed up four new members. Another man present who protested against the arrest was persuaded that his future health depended upon the celerity with which he disappeared from Klamath county.

Because jail space here is limited, the opinion expressed around the police and sheriff's office is that should a rush of business develop it will be necessary to provide barbed wire for a "bull pen." "We believe in being hospitable and are against turning away guests," one official was said to have remarked.

2 HAY HANDS VANISH

Men Hired by My Women to Work On Ranch Missing in Morning

Special to The Herald BLY, Aug. 9.—Mrs. J. S. Watts and Mrs. Emma Keady are wondering what became of two hay hands they thought they had hired. The two women came to Bly to hire help and succeeded in finding two men who returned with them to the ranch. That night the men made their beds under a tree where it was cool. The next morning both had disappeared and have not been seen since.

OPERATORS AND MINERS DECIDE ON SETTLEMENT

Virtual Decision is Reached to Conclude Soft Coal Strike

CLEVELAND, Aug. 9.—A virtual decision was reached here today by union leaders to conclude a settlement of the soft coal strike with operators who gathered here for a joint peace conference.

The operators are also expectant of an agreement, affecting all the mines of Ohio, and parts of Illinois, Indiana and Pennsylvania.

TWO BOYS IN COURT

One Gets Jail or Fine, Other Released; Theft Charged

Earnest Fultz, 20, and S. A. Brightbill, 19, two young men who were taken into custody by Sheriff Low Monday morning on a larceny charge, were arraigned before Justice Gahagan yesterday afternoon. Brightbill was released and Fultz given a sentence of 30 days in jail or a \$25 fine. The money was turned over to the sheriff with instructions to keep the boy in jail until \$25 could be found for him in order that he might raise money enough to pay his fine.

Fultz, who had been employed on the Deak ranch this summer, quit last week and came into town. His wages were soon gone and knowing of \$10 hidden away in Foreman Edwards' pocket and of \$11 under Geary's pillow, Fultz taking Brightbill with him for company, worked his way back to the ranch to get the money and started for town again. At Eagle Ridge they were overtaken by their victims and Geary got his money back.

OHIO G. O. P. WINS

COLUMBUS, O., Aug. 9.—All Ohio's 22 congressmen with the exception of two who were candidates for other offices are apparently renominated. The Ohio delegation is solidly republican. Most progressives within the republican ranks were defeated.

EXPERIMENTS IN LUMBER PILING TO BE TRIED IN CALIF.

Effort Will Be Made to Reduce Loss During Drying Period; Eight Districts to Participate

SAN FRANCISCO, Aug. 9.—How to pile green lumber so that there will be the least loss during the seasoning or drying period is one of the big problems of the lumberman. Hundreds of thousands of dollars are lost annually through deterioration or degrading. Boards are discolored, warped or checked during the drying process.

Expert Arrives Experiments are about to be undertaken in eight representative California lumber districts in an effort to prevent this loss.

James D. Studley of the section of Forest physics of the United States Forest service arrived in San Francisco last week from the forest products laboratory of the department of agriculture at Madison, Wis., to conduct the experiments. He has been carrying on similar experiments in the lumber mills of the east and north.

Will Keep Data During a period of seven years lumber will be piled in various ways and the action of the air, sun and rain noted. Careful weather data will be kept and an effort made to determine the proper way to pile lumber in order to have the least percentage of degrading.

For making the experiments in redwood Studley announces that he has selected the plants of the Union Lumber company at Fort Bragg, the Little River Redwood company at Juleville, the Hammond Lumber company at Eureka and the Alton Lumber company at Alton. The experiments in white and sugar pine will be made in the Klamath lake region, at Susanville, at Fresno and at Camano, near Placerville. The names of the mills have not been determined.

Experiments Cooperative The experiments will be carried on by the Federal government in cooperation with the timber associations, such as the California Redwood Manufacturers' association, and the California White and Sugar Pine association. "The forest products laboratory is also conducting experiments in kiln drying lumber," says Studley. "The work, which is to be started this month, is where lumber is seasoned out of doors."

COUNTY FAIR MEET TONIGHT

At a meeting in the chamber of commerce tonight of the fair board, the merchants' bureau and the chamber fair committee plans will be laid for the county fair, October 4, 5 and 6.

FARM HAND IS FOUND DEAD IN LATERAL DITCH

Heart Disease Believed to Have Caused Death of Marcus Aldrich

Marcus J. Aldrich, 75, farm hand on the McKendree ranch on the Morrill road, was found dead in seven or eight inches of water in an irrigation lateral late yesterday afternoon by a searching party formed when the aged man was reported missing about noon.

Aldrich, formerly of Lewistown, Montana, came here with his wife from Coquille, Coos county, about one month ago and found employment on the McKendree ranch, known as the Lone Pine ranch. Except for a slight affection of the heart, he was said to have been in the best of health and unusually active for a man of his years. He failed to appear at the ranch at noon yesterday and when fear was expressed for his safety Fred McKendree and John H. Dillard, aged 17, instituted a search. Dillard found the body which was resting face downward in the shallow ditch. Sheriff Low and L. A. Towey, coroner's assistant, were summoned and brought the body to this city.

It was believed the aged man in crossing the ditch had succumbed to heart failure, an autopsy this morning having revealed heart disease. He is survived by the widow, Connet Aldrich, and a grandson, Douglas Bean, aged 17, both residing on the McKendree ranch. The body probably will be shipped to Medford for burial.

PICNIC, CARR RANCH

Public Invited to Attend Sunday Outing; Sports Planned

A picnic to which everybody is invited will be held at the Carr ranch about two and one-half miles southeast of Malin next Sunday. This public affair is being arranged under the auspices of the Malin Cheese and Produce company and W. C. Dalton and A. Kafina are in charge of all plans.

Those attending are asked to bring their own lunches which will be supplemented by all the Klamath cheese which can be eaten. The cheese will be free. There will be games, races and speeches. The riding of wild bucking horses will be a feature of the day.

Love Judge

Mrs. Helen Long Rodgers will preside over the Cupid's Court at Hammonton, N. J., where mates are sought for lonely men and women. The jury to decide any question of the heart will be composed of three men and three women.

PORTLAND CARAVAN TO PROCLAIM 1925 FAIR OVER OREGON

125 to 150 Business Men Coming; Due Here August 16; Tour Will Be 1200 Miles in Length

PORTLAND, Aug. 9.—For the purpose of proclaiming to many of the cities of Oregon the certainty of the 1925 exposition, and by personal contact kindling new enthusiasm for this great project, the exposition caravan, headed by Mayor Baker, will start from Portland on a five-day tour next Saturday at 1 o'clock. Details of the itinerary were completed Saturday afternoon by W. P. Standborg, designated for this purpose by Mayor Baker, vice chairman of the exposition managing committee.

The tour will be 1200 miles in length and it is arranged so that any car can make the run on a basis of a little more than 15 miles an hour.

It is expected that from 125 to 150 Portland business men and representatives from other cities will be in the caravan. From 30 to 40 cars will be in line.

The caravan will leave the city hall, Portland, at 1 o'clock next Saturday. Hood River and The Dalles will be visited that day and the night spent at the latter city. It will leave The Dalles at 9 o'clock next morning, visiting Wasco, Arlington, Boardman, Umatilla, Hermiston, Stanfield and Echo and arrive at Pendleton for the night. The next day visits will be made to Pilot Rock, Heppner, Lexington, Lone, Olex and Condon.

The schedule for Tuesday, August 15, will include Fossil, Antelope, Madras, Prineville, Redmond and Bend; August 16, Lapine, Crescent and Klamath Falls.

From Klamath Falls the caravan will go on August 17 to Crater lake and spend the night there. The next day the route from Crater lake will be to Prospect, Medford and Ashland, then return to Medford for the night.

Leaving Medford on the morning of August 19, Jacksonville, Roseburg, Oakland, Yoncalla, Drain, Cottage Grove, Goshen and Eugene, where the night will be spent. The last day's run, August 29, will include stops at Junction City, Monroe, Corvallis, Albany, Salem, Woodburn, and thence back to Portland.

HOME DEMONSTRATION AGENT HAS RETURNED

Miss Mary L. McCumb, the home demonstration agent representing O. A. C., has just returned from Lake county, where she has been working the past month. Miss McCumb reports that the women of Lake county showed a keen interest in the work, some driving 33 miles to attend meetings, to learn to make fireless cookers, feeless refrigerators, paper dress forms, to alter patterns, to plan balanced meals and other problems of the household.

In Klamath county all-day meetings will be held during August, as follows:

- Bozella, August 10, 19, 23; Merrill, August 11, 16, 24; Malin, August 12, 17, 25; Ft. Klamath, August 14, 28; Mt. Laki, August 15, 30; Bonanza, August 18, 21, 31; Poe Valley, August 22, and 24.

37 ALLEGED KU KLUX ON TRIAL IN CALIFORNIA

Night Riders Charged With Assault in Connection With Inglewood Raid

LOS ANGELES, Aug. 9.—Trial of 37 men said to be Klansmen, charged with assault in connection with a raid at Inglewood, a suburb of Los Angeles, on April 22, started here today in the superior court.

In examination of the talesmen yesterday the lawyers on both sides also demanded from each talesman as to his or her opinion on methods of law enforcement. The defense contends the raiders were seeking to aid law enforcement officers when they seized two proprietors of a winery at Inglewood. The attorneys on this side asked the talesmen if they would be prejudiced against persons who sought to enforce the law if it were shown they were Klansmen. They also asked the talesmen if they believed in enforcement of the prohibition laws.

The prosecuting attorney asked the persons called to the box if they believed in the constitution of the state and nation and the enforcement of all the laws by properly constituted authorities.

Seven women were among the first 12 called to the box and none had been challenged when adjournment was taken for the day. Ten men were questioned during the day. One was excused for cause, two challenged by the prosecution and two by the defense. The man excused said he believed "there was something to be said for the defendants."

The defense is entitled to five peremptory challenges for each defendant, or 185 in all, while the prosecution may challenge three for every five challenged by the defense, or a total of 111 if all the defense challenges are exercised.

While the raid was in progress, a report of it reached Frank Woerner, marshal of Inglewood; was ordered to halt by masked men whom he believed to be highwaymen; wounded three in a general exchange of bullets and identified them as M. B. Mosher, constable, who died from his wounds; his son, Walter Mosher, a deputy constable, and Leonard Ruegg, a deputy sheriff. The latter two are among the men who went on trial today.

An inquest over Constable Mosher's body brought forth testimony that the raid had been planned at a meeting attended by members of the Klan, and that its alleged object was to end the activities of the Elduayan brothers as bootleggers. It having been asserted that county, state and federal officers had failed to act. Against this, however, it was proved the Elduayans operated a small winery under federal bond.

Great preparations have been made for the trial, both by the state and by the defense.

Thomas Lee Woolwine, district attorney, and William C. Doran, his chief deputy, have taken active parts in preparing the case for the prosecution, while Deputies Aaa Keyes and Raymond I. Turney have been assigned to the handling of the actual trial.

SECOND DANCE OF KLAMATH FALLS BAND AUGUST 17.

The second dance of the Klamath Falls band will be held Thursday evening, August 17, at the open air pavilion. A free concert will precede the dance.

ALLOWING OF BILLS OCCUPIES CITY COUNCIL

Allowing of bills occupied the time of the city council at the meeting last night, which had been postponed from Monday because of the community dinner.

MARKET REPORT

PORTLAND, Aug. 9.—Cattle slow and weak. Hogs \$6.50 to \$12.50. Sheep steady. Eggs firm. Butter steady.
