Older citizens declare the climate is slowly changing and that it is getting warmer. Girls now dress for the change.

If you want to live in the kind of town

Like the kind of a town you like You needn't slip your clothes in a grip

And start on a long, long hike, For you'll only find what you left behind

For there's nothing that's really new; It's a knock at yourself when you knock your town,

For it isn't your town—it's you.

Women's ears are once more to be exposed. This will be good news to soap manufacturers.

Clerk: "I came in to ask you, sir, if you could raise my salary."

Employer: "It isn't payday."

Clerk: "I know that, sir; but I thought I would speak about it today."

Employer: "Well, go back to your desk, and don't worry. I've managed to raise it every week you've been with us so far, haven't I?"

She Missed One

Madge: "Charlie proposed twice before I accepted him."

Marjorie: "Didn't you hear him the first time?"

Then a Kick Develops

On Slippery Elm Street

"I was walking down Sixth street last night and picked up a wonderful girl."

"What did she do?"

"She just said 'Thank you' and walked away."

"A good way to protect the grass," remarked the bystander.

"Not a bad motto to follow through life," responded Uncle Toby Snarl of Kicker county.

Mistress: "What is your name?"

Maid: "Miss Jenkins."

Mistress: "But you don't expect me to call you Miss Jenkins?"

Maid: "No, no, not if you've got an alarm clock!"

Would Help

"I get along pretty well at golf," said Paw Nuritch. "The caddy hands me the proper club."

"Well,"

"I wish the butler would deal out the forks at dinner the same way."

SHASTA VIEWS

Mrs. A. Turner who has been visiting relatives here returned to her home in Klamath Falls Saturday. Her grand-daughter, Marie Sewell, also returned to her home.

C. M. Kirkpatrick, Johnny McFall and J. W. L. Smith were Klamath visitors Saturday in the interest of the Union high school.

The union high school at Malin will open the third Monday in September. On account of the scarcity of labor many of the boys cannot begin earlier. The teachers are J. W. L. Smith, principal and Miss Winnifred B. Berg, assistant. The school will be standardized the coming year as all equipment will be in readiness by the time school opens, Smith having made final arrangements with State Superintendent J. A. Churchill while he was in Salem.

The community picnic at the Carr ranch under the direction of the Malin Cheese and Produce company was attended by a large number of people, Klamath Falls being well represented. There were 31 cars all well filled which gives something of an idea of the size of the crowd. R. C. Grosbeck and Fred A. Baker of Klamath Falls were the principal speakers introduced by J. W. L. Smith. Their remarks were very interesting and inspiring to those interested in the development of Klamath county and called special attention to the advancement of this section in the past ten years when it was practically unsettled and now has the distinction of being one of the most thriving and promising lit-tle valleys on the coast with its irrigation systems, dairying well started, the town of Malin with its grist mill, cheese factory, high school, general stores and everything well underway for a prosperous community if we keep in mind the fact that each one is necessary to the other and to make a success we must "all pull together."

Baker made special mention of good roads and a railroad as a necessity adjunct for the prosperity of any community. Smith made a few remarks along agricultural lines which would be worth while looking after.

The sports of the day consisted of a pie eating contest by five boys which was most amusing, foot races by the boys, girls, young men and fat men, the winners receiving prizes of luscious watermelons and ice cream. W. C. Dalton gave the on-lookers an idea of how to "twirl the rope" successfully. Bucking horses, mules and calves also furnished much amusement.

WORDEN

R. N. Jones and family of Sunny Slope were Sunday guests at the N. F. Chapman home.

Ben Gay, filer in the river camp of Ackley brothers, came home Saturday to add a little "pop" to the garnering of his hay harvest.

Mr. and Mrs. C. J. McCollum who are members of Siskiyou county grange, attended a banquet given by that organization at Dorris Saturday evening.

J. S. Ackley of Ackley Brothers, at Klamath Falls was a passenger out of Worden on Sunday morning's train on his way to Redding, California, where he will attend to business matters for the firm.

FARMERS NEED PRINTERS' INK O. A. C. JOURNALISM DEPARTMENT URGES NEED OF MORE ADVERTISING FOR AGRICULTURAL INDUSTRY

OREGON AGRICULTURAL COLLEGE, Corvallis, August 15.—Farmers should use more printer's ink. Those who have used it, both in advertising in their home paper, and in letterheads, envelopes, posters and catalogs find that it increases their business and offers a convenient way of marketing their produce at home.

Indigestion? Try Ironized Yeast

Do you suffer with indigestion or dyspepsia? Are you troubled with that uncomfortable bloated feeling after meals? Are you bothered with frequent headaches, gas, stomach or chronic constipation? If so you should use Ironized Yeast today. This is the decision of the department of industrial journalism at Oregon agricultural college, which is making a survey of farm advertising in Oregon, and which desires to obtain samples of successful advertisements and printed matter used by Oregon farmers.

This picture is reminiscent of the "Eastland" disaster in the Chicago river. The "Avare," German vessel, was just being made ready for passenger service when it overturned in the harbor at Hamburg, more than a score being killed.

MISS HECTOR IN FIRST PLACE

Named 22 of 24 Movie Stars Correctly; Miss Alidene Harris and Miss Harriet Sugarman Second and Third

Miss Florence Hector, by a margin of one vote, today was adjudged winner of The Herald's movie contest, winning 15 tickets to local theaters. Miss Hector named 22 of the 24 pictures of leading stars correctly.

Miss Alidene Harris was second, with 21 correct names, winning nine free tickets. Miss Harriet Sugarman and Miss Esther Veatch were tied for third place with 14 each, but the award went to Miss Sugarman when an examination revealed that her guesses had been received first at The Herald a majority of times.

PROGRESS REPORTED BY MANAGER OF THE VETERANS' BUREAU

SEATTLE, Wash., Aug. 15.—With more than 4000 awards of government compensation granted disabled war veterans of the Pacific Northwest during the last year, L. C. Jessep, district manager of the United States Veterans' bureau, announced August 9, first anniversary of the bureau, that the government work for veterans along medical vocational and compensational lines is progressing favorably.

"The first anniversary of the bureau really marks the end of its organization period," said Jessep. "In this district we have accomplished much in adjudication of war claims. We conducted two clean-up campaigns, one on the hospitals and another in the rural districts, which brought to light hundreds of just claims. At the present time, we have a total of 12,900 claims in district files. During the last year 5,044 claims for government compensation were filed by veterans of Washington, Oregon and Idaho."

Jessep announced that approximately 1,200 veterans of this district, who suffered vocational handicaps because of war service, entered training at the expense of the government during the last 12 months. A total of 321 disabled veterans are now hospitalized. This is a material increase over the number in hospitals a year ago.

Announcement was made that certificates of graduation will be issued to former service people completing government vocational courses. It is believed that this move will stimulate employment of rehabilitated war veterans.

LURE OF THE SOUTH PACIFIC ISLE DRAWS BRITISH COLONISTS

LONDON, Aug. 15.—Discouraged at the outlook in this country, dissatisfied with the after-war Britain, but actuated mainly by a love of adventure, about a dozen engineering students of Loughborough college are setting out on September 1, for an uninhabited Pacific island belonging to Ecuador.

Most of them are ex-officers. Among them is an author, D. L. David who wrote "Ya Brod." He expects to find in the new settlement work for his pen as well as his hands. A 90-ton vessel is being made ready for the expedition.

The chief means of existence they hope to find by utilizing the resources of the island itself; the development of fruit-growing and the breeding of cattle.

All hands will be required to work, although climatic conditions, it has been ascertained, are ideal and all they will need for food can be obtained without working, if they are content just to "loaf and invite their souls."

Their destined home, the adventurers say, is about 500 miles from the Panama canal.

The motion picture stage is not to receive a recruit in the person of the daughter of England's Lord Chancellor, after all. It was announced some time ago that the Hon. Eleanor Smith would appear in a new film production, but at the last moment Lord Birkenhead put his foot down and refused his daughter permission to become a movie actress.
