OFFICIAL PAPER OF KLAMATH COUNTY AND OF KLAMATH FALLS

Fifteenth Year.—No. 6101

KLAMATH FALLS, OREGON, SATURDAY, AUGUST 19, 1922

PRICE FIVE CENTS

SAFE CRACKED BY SHERIFF TO GET EVIDENCE

Malin Pool Hall Scene of Liquor Raid; 'Detectress' Aids Officers

Arrest of Lloyd Furlatt, with a barber shop in the Malin pool hall, and of Guy Ross, proprietor of the pool hall, and confiscation of from 75 to 80 quarts of alleged moonshine, resulted from a raid by Sheriff Low and Deputy Barnes into yesterday on the Malin pool hall and adjoining residence, in which the cracking of a safe by the sheriff and the services of a "lady detective" were outstanding features.

Acting on information that liquor was being sold at the pool hall, the officers, accompanied by Miss Mildred Carr, special deputy, who in civil life is a teacher in the Astoria schools, swooped down upon the place. Ross, the proprietor, was absent but Furlatt was in charge. Investigation disclosed behind the bar several empty bottles from which a decided moonshine odor emanated.

Now the sheriff had reason to believe the safe was the hiding place of liquor which was meted out to well-known customers, he said, and he demanded of Furlatt that the safe be opened. Furlatt, however, professed ignorance of the combination. Nothing daunted, the sheriff at once started to work on the dial. His efforts were rewarded when the door swung open, revealing, he said, a pop bottle containing a quantity of alleged moonshine as well as several whiskey glasses.

Now enters the detectress, Miss Carr, who had her suspicions aroused by hammering in the residence quarters of the building. So the officers started a search, going through sundry boxes and tapping the walls for secret chambers. At length an innocent looking bed was pulled out from the wall and disclosed a section of the wall which had been removed and recently nailed up again. The boards were removed and there stood between 75 and 80 full quarts of alleged moonshine.

Returning to Klamath Falls with the evidence and with Furlatt under arrest, the officers met Ross, who was also required to accompany them. Later both were released, each under \$400 cash bond.

PLAN BIBLE SCHOOL Presbyterian Church Will Hold Daily Sessions for Two Weeks

A daily vacation Bible school will be conducted in the Presbyterian church Sunday school rooms commencing next Monday and will continue for two weeks, it was announced today by the Rev. A. L. Rice.

The school will be for children of school age who will be divided into classes according to age and will be in charge of five teachers under the Rev. Rice. The Rev. S. C. Hulst of Ashland, Presbyterian missionary for the Southern Oregon district, will be here to help get the school started.

"This school will afford almost as much study time as a whole year under the regular method," said the Rev. Rice. "In addition to Bible work, music and craft work will be taught. The plan has been used elsewhere extensively and has proven entirely successful."

The school will be conducted from 9 to 11:30 a. m. five days of the week.

WEATHER PROBABILITIES

The Cyclo-Stormograph at Underwood's Pharmacy registered a rising pressure during the morning hours but at 2 p. m., the tendency was downward. Indications are that tomorrow will be fine.

Forecast for next 24 hours: Fair, with variable winds.

The Tycoos recording thermometer registered maximum and minimum temperatures today as follows:

High .....

Low .....

FRUIT SHIPMENTS NOW GOING TO EAST IN EVER INCREASING QUANTITIES

SACRAMENTO, Aug. 19.—With resumption of traffic on the Western Pacific railroad and record shipments over the Southern Pacific line fruit men of Northern California turned back a page in their books yesterday scratched off an expected loss and settled down to the real business of disposing of their late crops.

K. A. A. DIRECTORS MEET TONIGHT TO PLAN ACTIVITIES

Appointment of Manager to Come Before Association; Busy Season is Expected

Directors of the Klamath Amateur Athletic association will meet in the chamber of commerce rooms at 7:30 this evening to formulate plans for the fall and winter season. While the association has been inactive during the summer, the directors look forward to resumption of activities in the near future.

Among the business to come before the meeting tonight will be the appointment of a manager to take charge of athletic meets and other features of the gymnasium work. Two successful meets were held last winter, but these as regular features were impossible due to the impossibility of the directors to give more time to arranging the affairs. It is believed the appointment of a manager, who would probably serve on a percentage basis, would assure regular entertainments, as well as permit the hall to remain open during stated periods.

K. C. OFFICERS ARRIVE Will Assist in Invitation of 40 Candidates Tomorrow

State officers of the Knights of Columbus and other leading knights arrived here by automobile from Medford this afternoon to assist in the initiation of some 40 Klamath Falls, Medford and Lakeview candidates tomorrow, and speak at tomorrow evening's banquet.

Among the party were the Hon. Dudley Wooten of Seattle; Frank L. Loneragan, supreme director, P. J. Hanley, Neal J. Boyle, state deputy, all of Portland; and L. J. Schade, grand knight of the Medford council, accompanied by a score of Medford knights and candidates.

A change in time and place of tomorrow evening's banquet was announced today by J. F. Maguire, grand knight of the local council. It will be held at the chamber of commerce rooms at 6 o'clock, instead of the Lyceum hall at 7, as was previously planned.

The Hon. Dudley Wooten, of Seattle, will deliver an address on the compulsory school bill, presenting the argument against it, from an open-air platform at the corner of Sixth and Main streets this evening.

NO MORE FREE RIDES No Declares Theodore Dorfer When Bottle is Left in His Car

Theodore Dorfer, who was fined \$35 and costs in the justice court yesterday for fishing without a license, today insists he will never give another man a lift since he says the last one he picked up happened to be drunk and left a bottle in Dorfer's car, which caused Dorfer to be brought before Justice Gaghagen again this morning charged with having liquor in his possession. He was fined \$25 and costs this time. His car is being held while he works out his fine.

On top of all this, he met with an accident on his way into town Thursday and smashed one of the front wheels of his car when he tangled with another car on the Algoma road.

BOTH SIDES IN RAIL'Y STRIKE AWAIT PARLEYS

Proposed Ending of Walk-out Depends on Outcome of Conferences

LOS ANGELES, Aug. 19.—The big four strike on the coast lines of the Santa Fe has been called off and freight and passenger service will be resumed immediately, Hibbard announced. Hibbard received word from Needles that the Brotherhood there had reached a decision that the trainmen will return to work. Service will be restored to normal throughout the system, he said.

NEW YORK, Aug. 19.—New York, for the last two days the scene of conferences between the brotherhoods and railway leaders, experienced a lull in the negotiations today.

The rail chiefs are preparing for a general meeting of the Association of Railway Executives here next week which will consider the proposition of ending the walkout proffered by the trades. Labor leaders, who massed in the city during the parley are also holding themselves in readiness to receive the answer of the employers at another meeting of mediators and executives set for next Wednesday.

The proposal under consideration by the roads was not officially deflected at the end of yesterday's parley.

WASHINGTON, Aug. 19.—Plans for carrying out President Harding's recommendations for legislation to control the present situation and to forestall future difficulties were under way today in both the senate and house. Republican leaders promised speedy action. The possibility of passage of the necessary bills next week were declared good.

SENATE WILL END TARIFF FIGHT TODAY

WASHINGTON, Aug. 19.—The senate will end its four months' tariff fight late today with the passage of the administration bill by an overwhelming majority. Although it worked until midnight last night, the senate was back on the job a half-hour earlier than usual today in order to clean up the amendments of individual senators.

BEAUTY AND WEALTH

Asa G. Candler, multi-millionaire Coca-Cola king and richest man in the south, will soon wed Mrs. Ozeline de Bouchelle, New Orleans society leader and noted beauty. His son, Walton T., is defendant in a suit for \$100,000 heart balm.

SOLDIER BONUS IS BEFORE MEMBERS OF KLAMATH CHAMBER

Ballots and Statement of Proposition Mailed Out; Returns Favor Passage of Measure

Members of the chamber of commerce are being asked by the board of directors to make an expression on the soldier bonus bill, which is now before congress, and which will most likely be up for consideration within the next few weeks.

Ballots, together with a statement of both sides of the question, have been mailed to each one of the active members, and the action of the chamber will depend upon a majority vote of members in the referendum.

Although the ballots were put in the mail only last night, 13 were returned on the morning's mail, of which nine were in favor of the bonus legislation.

SCANDAL, LOVE INVOLVE COCA COLA KING, SON

One to Wed Famous Beauty Other Defendant in Damage Suit

ATLANTA, Ga., Aug. 19.—While his son, Walton T. Candler, is involved in a \$100,000 damage suit scandal with Mr. and Mrs. Clyde K. Byfield, Asa G. Candler, multi-millionaire Coca-Cola king and the richest man in the south, has announced his approaching marriage to Mrs. Ozeline de Bouchelle, New Orleans beauty, herself very wealthy. The wedding is expected to take place in San Francisco at the end of this month or early in September.

Beginning with only the formula of the drink, Candler, with his brother, Bishop Warren Candler and Supreme Justice John Candler of Georgia, have grown immensely rich.

Likes Were Mutual

Love for fine horses which drew them close together at Walter T. Candler's private race track on his estate near Atlanta, was one of the means of developing the acquaintance between the Candler and Byfield families, it was said today by mutual acquaintances in commenting on charges that Candler had attempted to attack Mrs. Byfield in her state room aboard the steamship Berengaria.

Mrs. Byfield's suit for \$100,000, filed yesterday against the millionaire banker, mentioned the gatherings at the Candler track, and Byfield in his written statement denies Candler's charges that he had attempted to "extort" \$25,000 from the banker as a result of the affair on the Berengaria, also told of having purchased a race horse from Candler and of taking part in the events at the Lullwater track.

Visited Candler Home

Prior to the departure of Mrs. Candler for California shortly before the European trip, Byfield's statement said he and his wife were frequent visitors at the Candler home and in his business as an automobile dealer, he was a customer of the Central Bank and Trust corporation of which Candler is vice president. At a special charity race program in June, both the banker and the automobile agent took part in the races, and the latter's 21-year old wife joined with the other guests in donating waitress' garb and selling cold

SIX KNOWN DEAD IN FOREST FIRES RAGING IN MINNESOTA FORESTS

DULUTH, Aug. 19.—Six known dead, hundreds homeless, at least two towns wiped out and a dozen others in immediate danger, was the apparent toll today of forest fires which swept northeastern Minnesota, causing the worst conflagration since 1918, when 400 persons lost their lives. With numerous forest fires blazing throughout the wooded areas of northern Minnesota, Governor J. A. O. Preus today personally took charge of the situation, ordering out national guardsmen here for relief duty. Drought conditions have increased the menace to alarming proportions, according to state forestry officials, and today more than 2000 men were fighting fires in various sections. One unconfirmed report was that six persons had been burned to death.

NORTHWEST GAINS NATION-WIDE FAME AS SUMMER RESORT

"Land of Allurement" Widely Admired by Means of Guide Books and Tour Companies

SEATTLE, Aug. 19.—That the Pacific Northwest has at last attained a fixed place in the galaxy of national summer resorts and that its fame has reached even the most conservative centers of the eastern states is shown by the way it is being featured this season by the established touring companies and summer resort guide-books. Where formerly the big tourist guides issued in the various eastern cities only included the places of easy access, they are now regularly devoting considerable space to this region.

Delights Vividly Portrayed

An instance is the Summer Resort guide issued this season by the Philadelphia Public Ledger, which contained several pages bearing on this district. More than one full page is devoted to an illustrated description of this "land of allurement" as it is called, which portrays vividly the delights of a vacation spent in Oregon, Washington and British Columbia.

"The travel trails of the Pacific Northwest," it states, "lead from mountains to seashore, each telling its own interesting story of beauty and grandeur, any one of them furnishing an adequate alibi for a vacation in this greatest summer playground of the American continent."

Advantages Enumerated

"Automobileing, camping, fishing, hunting, motorboating, sea bathing, canoeing, golf, yachting—all these may be enjoyed here amid surroundings unequalled anywhere in the world for majestic beauty. There are good roads, magnificent scenery, including glaciers, mountains, forests, waterfalls, lakes, rivers, sea beaches, fjords and pastoral scenes that will bring a thrill of wonder to the blasé globe trotter. And the entire region, vast as an empire, is easily accessible, for it is served by nine transcontinental railways and a number of national highways for automobile travel.

"A vacation in this land of wonders is the acme of climatic delight, as it rarely becomes warmer than 80 degrees in the middle of the day, while cool, healthy, sleep-inducing nights prevail.

Poisonous Reptiles Unknown

"In its forests and meadows poisonous reptiles and insects are alike unknown. The mountain summits are high enough and climbs rugged to satisfy the most experienced Alpinists, while comfortable camps and hotels, nestling beside highland lakes and rivers, gratify the taste of those who prefer to go mountaineering de luxe.

"In this wonderful land of mountains you will see rushing rivers thundering down from the mountains; mighty waterfalls, hundreds of feet high, like ribbons of beaded foam; translucent lakes mirroring their lofty peaks and fringed with carpets of green; meadows like cultivated parks with gorgeous wild flowers. Here in the warmth of sunshine you can snowball like children and coast to your heart's

15 MERCHANTS BACK PURCHASE OF FAIR GROUND

Agree to Sign \$4,000 Note For First Payment; Acceptance Expected

Fifteen merchants have guaranteed purchase of the Asa Fordyce tract for a county fair ground by agreeing to sign a note for \$4,000 to be given as first payment. The offer was made at a meeting yesterday to a representative of the Ladd & Tilton bank of Portland, which is handling negotiations, and acceptance of the offer is expected today, inasmuch as attorneys for the bank approved the offer.

The merchants who agreed to sign the note, each pledging payment of from \$200 to \$500, were: E. W. Vangies, J. H. J. J. B. Chambers, John Ansel, E. N. Moe, A. M. Oehler, J. C. Swanson, C. H. Underwood, M. P. Evans, O. M. Hector, A. A. Bellman, Joe McDonald, Chas. I. Roberts and E. H. Hall.

The plan as agreed by the guarantors consists of purchasing the land immediately with the expectation of a one mill levy being voted at a special election in connection with the general election in November, which would realize \$12,000, the entire cost of the land. In the event the levy should not carry the guarantors would be required to pay the \$4,000, and to complete the purchase in order to protect their investment. This undertaking, has been carefully weighed and is considered a sound one due to the apparent unanimous sentiment in favor county fair ground facilities.

Petitions circulated over the county resulted in subscriptions totaling \$7,500. Out of this sum as much as possible of this money for construction of fair buildings will start shortly in order to permit a fair and rodeo this fall. The county court has agreed to provide the services of a skilled architect from the Oregon Agricultural college to plan the buildings and the general layout of the grounds. As the \$12,000 to be paid by the county if the election carries will not include funds for payment of the building costs, the \$7,500 constitutes a gift to the county on the part of the subscribers, all of whom declared their willingness to meet the cost in order to give Klamath county fair ground facilities.

The present incorporated fair ground association will be held intact pending the election outcome. Should the election carry, there will probably be no further use for the corporation.

HEAVY FIRING DUBLIN

DUBLIN, Aug. 19.—There was heavy firing all last night throughout the city of Dublin between national army forces and republican irregulars.

Tomorrow's the Big Day Lasts Until Sept. 20th

"Hello, hello! Is the doctor there?" "Now, he's outa town." "Oh dear, oh dear! Well, I'll call up Lawyer Knowit and have that little matter attended to." "Hello, is Mr. Knowit in?" "Outa town for a day or two. Nothing I kin do fer you!" "My goodness! Where on earth is everyone today? Where can I make an appointment with Dr. Jerken and have that old filling attended to?" "Hello, is the doc—?" "Outa town. Would you care to leave your—?" "Oh, bother! Wonder who that is calling now—hello? Oh, that you honeybunch—going out of town, you say? Good gracious, Magone, why on earth is everybody going out of town. Do you know, I have called—?" "Oh, that's it. Well, don't get shot, dear, and don't shoot some old cow like you did last year. Good-bye!" Buro—deer season, August 29 to September 30, inclusive, and wear a red band around your hat. "Atall."

COME ON, IT'S YOUR TURN NOW!
