Gloucester Fishermen Preparing for Big Race

GLoucester, Mass., Aug. 29.—Five fishing schooners are seeking the honor of representing Yankee fishermen in the race for the International fishermen trophy late in October. The elimination races will be sailed October 12, 13, and 14 off Eastern point.

The vessels which will fight it out for the responsibility of trying to regain the trophy won last year by the Halifax fisherman Bluenose are expected to be Mayflower, Elizabeth Howard, Yankee, Henry Ford and L. A. Dunton.

Paritan, the pride of Gloucester, on which many a deep-sea fisherman pinned his faith in the great race this fall, lies piled up on the treacherous shore of Sable Island. Along the water front the old sea dogs say that the reason for Paritan's wreck last winter was that she developed a speed far greater than those on board realized and fetched up on Sable Island long before she was supposed to be near it.

Now Gloucester folk are turning to Henry Ford, which ran aground on Essex Beach when she was being launched in April and was seriously damaged. She was in port recently with a large cargo of salt cod and showed no structural defect as a result of her early mishap. But the fisherfolk wish that Henry Ford were a little longer and openly admit that the other Gloucester entrant, Elizabeth Howard, is too heavy.

RENO, Nevada, Aug. 29.—With a full schedule of seven games and the possibility of an eighth, the University of Nevada football team faces a hard season but expects to go thru it winning the majority of the contests.

MOVIES

THE STRAND—Tonight at The Strand Lois Wilson is at her best in "What Becomes of Neglected Children?" The story on which this picture is based takes up the well known high school girl and the popular but not too scrupulous young men from the large city.

It is a story of rural life and the adventures of school days and there is plenty of action and "situations." With Lois Wilson in the play is Beatrice Mitchell who takes the part of Marguerite, while William Scott plays Faust and Al Morrison appears as Mephisto.

This great picture and a good comedy will be shown at the new price of ten cents to everybody.

THE LIBERTY—Pola Negri is at the Liberty theatre tonight, appearing in "The Polish Dancer." The story itself is as fascinating as is the star herself. It is claimed that "The Polish Dancer" was inspired by an actual occurrence in Poland, the land that prides itself in having housed the remarkable artist.

As a matter of fact, the outstanding feature of "The Polish Dancer" is Pola Negri. In this production she plays the part of a peasant girl who runs away from her parents to win fame on the stage. She succeeds, but success is too much for her and she wrecks lives of men without consideration. She casts them aside one by one until finally she herself is conquered by a wealthy young man who has fallen in love with her.

Do you recall when Mary Pickford was breaking in films? It's a long time past but you can see just how she looked and acted then when "Going Straight," a Universal revival picture, is shown at the Liberty theatre tonight. The two-reel feature of that time is going to give you a hearty laugh. It is a distinct novelty.

THE STAR—"The Trail of the Lonesome Pine," with its scenes laid in the famous Blue Ridge Mountains of Virginia and its characters taken from the life of these hot blooded mountain people, whose love and hate have filled many a page of history, is to be presented tonight and tomorrow night at the Star theatre by the Hildebrand company. This thrilling play is by far the best that this capable company have yet given and according to the following cast we can expect to get many a hearty laugh and plenty thrills. The characters are as follows: John Dale—Rodney Hildebrand, Bob Berkeley—Jack Phipps, Jud Tolliver—Nick Baker, Uncle Billy Bean—Joe Rolley, Old Hon—Florence Underhill, Dave Tolliver—Al Pleau, Lorett—Charlotte

CALIFORNIA MAN SAYS BEND BEST FOR DAIRYING

BEND, Aug. 29.—The Bend country offers the best opportunity for prospective dairymen of any district in the west, according to E. J. Simmonds, here from the San Joaquin valley, California, representing a dozen families who expect to come here to start dairy ranches on irrigated lands in Central Oregon.

California is already overdeveloped, says Simmonds. Lands which are worth cultivating are priced out of reach. He and his party plan to locate here.

Old Indian Caves Are Found On Nevada Isle

RENO, Aug. 29.—Numerous Indian burial caves, hundreds of years old, great flocks of pelicans and myriads of huge black spiders are among the things to be found on Anaho Island in Pyramid lake, a large body of water in northwestern Nevada, according to Dr. Benjamin F. Schapelle and Colonel J. P. Ryan of the University of Nevada who have just completed an investigation of the island.

In some instances the spider webs were so thick the two explorers were forced to break them down with sticks. The island is believed to be the principal breeding place for pelicans in the west, and the men estimated fully fifteen thousand of the birds were seen.

Atlanta Prison to Have Football Team

ATLANTA, Aug. 29.—College athletes are not the only ones whose thoughts are turning to the football field. The inmates of the Atlanta federal penitentiary, after finishing a successful baseball season, already have taken up the grind that is necessary to team work on the gridiron, and have sent out a challenge for games with local eleven.

"We are in the field this year with a high-class organization of football players consisting of ex-college stars, and we would like to arrange games with some good semi-professional aggregations about the city," says the fall announcement.

For any of the 2000 or more men at the prison to "make the team," demands great effort as the championship baseball nine has been allowed at times to play on fields beyond the grim walls surrounding the grounds of the institution, and the football stars are hoping they may get the same treatment.
