TRUTH 3— CITIZENS

Yesterday MR. TAXXPAYER figured that the so-called Compulsory Education Bill (No. 314-15) if passed would increase

OREGON'S BONDS OVER\$6,000,000
 OREGON'S ANNUAL TAXES\$2,000,000

And this to satisfy the whims of a few FACTION MAKERS.

Here is another Truth, more important:

FATHERS of OUR COUNTRY fought and bled to protect your THREE MAIN RIGHTS

CONSTITUTIONAL RIGHTS. HOME RIGHTS. MONEY (Tax) RIGHTS.

Bill 314 (so-called Compulsory Educational) would Rob every person in the State

Of Freedom Of Children Of Money

Take these away and what have you left.

Yet a few FACTION MAKERS ask you to vote away

Your Freedom Your Child Your Money

The proposed Bill 314-15, so-called Compulsory Education Bill,

- 1.—Is inspired by principles and practices of Russian Sovietism.
- 2.—is based on the philosophy of autocracy, that the child belongs primarily to the State, and threatens ultimately the guarantee of our American liberty. (See Negative Argument filed at Salem by leading Presbyterian Ministers.)
- 3.—Invades domain of personal liberty, inalienable rights individual freedom, and begets despotic government.

Yet a few FACTION-MAKERS ask you to vote this Bill to satisfy their Whims.

TODAY'S FASHIONS

Put Your Initials On It

The newest fad is to have one's initials embroidered on one's trimmest blouse, on sleeve or front. They are shown on semi-tailored as well as masculinely severe frocks. Colors should match one's hat or scarf or handkerchief.

Newest for Lingerie

Newest material for fine lingerie is crepe-back satin. Pussy willow silk, sheer chiffon voile and crepe de chine are other favorites. Deeper colors are expected to be favored—coral, deep orchid, gold-on-silks follow. Fresh color in popularity. Tailored styles with little trimmings are preferred.

NEW YORK—Some of the autumn blouses on display today concentrate their decoration low at the center of the throat. There will be, for example a gauzy blouse trimmed with a single bright line of embroidery around the neck and perhaps around the cuffs. This absence of decoration is, however, atoned for by the heavily worked motif of any embroidery which splashes in a big lozenge half way up the front and out the top of the skirt.

PARIS—One of the most remarkable hats of the autumn season is a collection of dark green-satin and pale green plumes, being worn today. Made of satin it tightly fits the head like a skull cap. The brim is composed altogether of uncurled ostrich plumes. They sweep across the shoulders in back and half up to the waist at the right. In front they grow shorter.

PARIS—The gowns which the Queen of Rumania wore at a recent fete is being adapted here as an evening costume. The queen's gown, created by Charlotte, was a rather dark green satin broadened with gold, above an underdress of exquisite white lace.

NEW YORK—The full skirt is here to remain for some time, and with the full skirt comes the rather closely fitted bodice. The waistline is pretty well defined, though for the moment the question of whether it will remain low or jump back to normal is unsettled.

SURVEY RACE TRACK

Progress Being Made in Improvement of County Fair Grounds

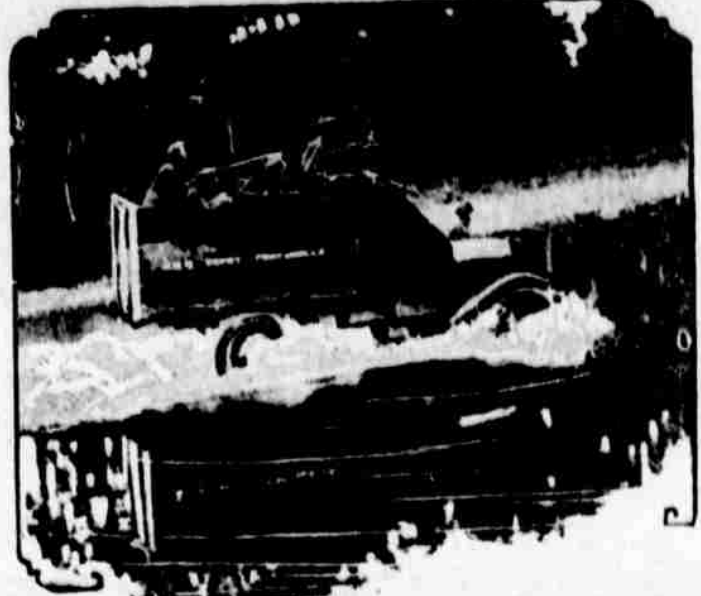

Survey of the race track on the county fair grounds has been completed and grading and rolling the half-mile track will start at once. Erection of the fair buildings will start Monday.

A contract has been made with the Bly Rodeo association providing for a rodeo in connection with which will be brought here as soon as quarters are available and the track ready for use. Plans also are underway for a rodeo here next July Fourth.

Those connected with the fair report that everything is progressing in satisfactory manner and assurances are given that Klamath this year will have the biggest and best fair in its history.

Clackamas county has eight new roads either completed or under construction.

Let's All Get Together AND BOOST KLAMATH COUNTY FAIR & RODEO

Next Monday will see the breaking of the grounds for the new fair grounds. With a large crew of men and equipment the grounds will progress rapidly and will be of interest to the passerby and more so to those who will stop and look the whole plot over.

With the fair less than a month away it is becoming of greater interest every day. Plan on a vacation during Oct. 4-5-6 as there will be plenty of excitement to make your stay in Klamath Falls worth while. Certainly you wouldn't want to miss the Bly Rodeo as it is conceded to be one of the best in the entire country. This alone would be worth your while to make a complete stay of the fair but then there will be other things as well.
