

### The Office Cat

BY JUNIC

What makes the dog scratch so? Maybe he's got the radio bug.

#### Down Where?

"How would you get down off of an elephant?"

"You win. How?"

"You don't get down off of an elephant. You get off a duck."

#### Mother Goose Up-To-Date

I had a little auto  
And its name was Lizzie F.,  
And I loaned it to a neighbor  
To go riding by hisse't,  
But he packed in seven people  
And he drove it through the mire  
And twisted all the running-gears  
And busted every tire.

#### French Papers Copy

The French have started a campaign to increase the birth rate. For a good slogan we suggest the line: "Say it with babies."

"Marriage," a Merrill contributor writes, "is like making a call. First you go to a door, then you ring a bell, and you give your name to a maid. And after that you are taken in."

Vaudeville actors say that it is their jokes that made Henry Ford so successful. We don't know, but we know that without the old reliable Ford joke a lot of ham actors would have starved to death.

The months during which we feel free from income tax worries are those that have a "q" in their spelling.

Only 29 cents per person is spent for soap each year. Saturday night is going to the dogs," declares Barney Noud.

#### Street Cars and Sigh

A street car's just like a woman— I think that you'll not find me wrong—  
Let this one go and you'll find out There'll be another along.

In the wee small hours of the morning  
When midnight has long been past—  
There's not so many running around—  
Oh, no—but they go twice as fast.

J. J. Miller thinks if the world's a stage, railroad crossings must be the exits.

Fresh restaurant pie may be anywhere from one day to a week old.

Fred Duke says it might be worse. Suppose jitneys burned coal.

If the government coins a half cent piece the church collection box will be the first to suffer.

"You rent this house?"  
"Yes, but it is almost like owning it."

"How?"  
"I haven't paid the rent for the past ten months."

Advertising pays. Try it and see.

## Suzanne to Marry?

Suzanne Lenglen, world's woman tennis champ, wore an engagement ring during the tournament at Pourville. Fans at the court wondered if Roger Danet (shown here with her) her partner in mixed doubles, will be her matrimonial partner.

## Capablanca in International Play

Capablanca, world's champion chess player (right), meets Milan Vidmar who gave him a few puzzles in the international chess congress at London recently.

## MILLION DOLLARS OFFERED DEMPSEY FOR THREE FIGHTS

NEW YORK, Sept. 12.—One million dollars for three fights was the prize dangled before Jack Dempsey, world's champion heavyweight boxer, by James W. Coffroth of San Diego, Cal.

Jack Kearns, Dempsey's manager, and Jack, are both in Syracuse today. Upon their return, "Sunshine Jim" says they will have a chat over the million-dollar offer. Whether the bouts would be staged in Mexico City, London, Paris, or New York is an open question.

Will Brennan-Willard-Johnson-Firpo—these are the men from whom the three contenders for the title probably will be picked. Coffroth, who arrived from Mexico City, has not made his choice known as yet.

"The way the \$1,000,000 is to be cut up is a matter for Jack Kearns to decide," said Coffroth today. "I choose to consider \$500,000 for one fight and \$250,000 each for the other two—that's his business. He'll get \$1,000,000 for three fights."

Coffroth also is after the services of Benny Leonard, lightweight champion, he announced. "Against the best available, Benny Leonard shapes up as second only to Dempsey in drawing power," he said. "If I can get the signatures of Dempsey and Leonard, I will be at liberty to disclose my plans further."

## BIRDS FLY 3,000 MILES IN FALL AND SPRING MIGRATIONS

WASHINGTON, Sept. 12.—How far will a migratory bird travel in its fall and spring flights? The Biological Survey has determined that they make flights of at least 3,000 miles.

An investigation has been conducted for several years by the survey by trapping ducks and other strong winged fowl in northern sections, and marking them with light bands bearing a serial number and the legend, "Biol. Survey, Wash., D. C." The numbers on the fowl are recorded and from time to time, hunters bagging some of those marked, report where and when the bird was brought down.

More than two hundred such birds were loosed with the bands from Lake Secong, in Ontario, about 20 miles north of Toronto, and many reports have been received. So far, the record flight is that of a blue-winged teal, banded September 24, 1926, and killed two months and seven days later in a swamp near Port of Spain, on the island of Trinidad. The shortest possible flight the bird could have taken to reach this point, which is off the coast of Venezuela, is 3,000 miles.

In tracing their routes it seemed apparent that the mallards and black ducks travelled together and their course from Lake Secong was southward along the shores of Lake Erie by way of the St. Clair flats. Here the route divided, the majority continuing southwest, crossing the Ohio, and then to the Mississippi valley where the majority wintered.

The others took a southeasterly route, crossing the Alleghenies and reaching the Atlantic coast by way of Chesapeake and Delaware Bays. None of the banded birds were taken.

# U. S. AIRPLANES TO ENTER RACE

## Several Branches to Be Represented in Contest for Pulitzer Trophy

DETROIT, Sept. 12.—Seven United States naval airplanes will participate in the Pulitzer race when the 160 mile test is staged in the air here October 14. It is announced by the Naval Bureau of Aeronautics. In addition, there will be a number of machines representing the other branches of the American fighting forces, as well as those entered by civilians.

The navy also will make an effort to capture the Curtiss Marine trophy in the race to be held over Lake St. Clair, near here, October 7, having entered eleven seaplanes in this event. One naval entry has been announced for the Liberty motor builders trophy race for observation planes October 13.

The naval entries for the Pulitzer race follow: Curtiss Navy racer, with Curtiss D. 12 engine, 400 horsepower. A similar type won the 1921 Pulitzer trophy race at Omaha. It has a speed of 186 or more miles an hour, to be piloted by Lieut. Frank C. Fochteler, U. S. N., of San Rafael, Calif.

Two planes, engines and specifications not given. The machines will be driven by Ensign Alford J. Williams, Jr., of New York, former member of the New York National League baseball team, and Lieut. Rutledge Irvine of Brooklyn. Two Booth navy racers, (BR-1) with Wright H-3, 400 H. P. engine. Each of these entries has a retractable landing gear by means of which the entire gear is pulled into the body or fuselage while the machine is in flight. Only an unbraced monoplane wing is used and no radiator is carried, the wing being covered by a thin sheet of copper under which water circulates. This makes the wing act as a radiator as well as supporting the plane. If these planes survive the test of the race they will affect the future design of all military and naval aircraft. It is expected. Pilots, Lieutenant Stephen W. Callaway, Bismarck, N. D.; and Lieutenant David Rittenhouse, St. Paul, Minn.

Thomas-Morse-MB-7, with Wright H-3 engine, 400 H. P. A. Y. A. monoplane, has a speed of 180 miles an hour or more. Pilot, Captain Francis P. Mulcahy, of the U. S. Marine Corps, Rochester, N. Y.

Curtiss TR (Wildcat) with Curtiss C-12 engine, a triplane that won second place in the 1921 Pulitzer race. No pilot announced.

The Pulitzer trophy, for which the race will be run, was donated by Ralph Pulitzer, proprietor of the New York World. Cash prizes of \$1,200 for first place, \$600 for second place and \$200 for third place also will be given.

### NOTICE TO CREDITORS

#### IN THE COUNTY COURT OF THE STATE OF OREGON FOR THE COUNTY OF KLAMATH

In the Matter of the Estate of Anthony McMillan (sometimes known as Anton McMillan and sometimes known as and called A. McMillan), Deceased.

Notice is hereby given by the undersigned, administrator of the estate of Anthony McMillan (sometimes known as Anton McMillan and sometimes known as and called A. McMillan), deceased, to the creditors of, and to all persons having claims against, the said deceased to exhibit them, with the necessary vouchers, within six months after the first publication of this notice, to the said administrator, at his law offices over the First State and Savings Bank Building, in the city of Klamath Falls, in said county and state, the same being the place for the transaction of the business of said estate.

Dated this 11th day of September, 1922.

C. F. STONE,  
Administrator of said Estate.  
S 12-19-26 O 3-10

"They Satisfy"

We state it as our honest belief that for the price asked, Chesterfield gives the greatest value in Turkish Blend cigarettes ever offered to smokers.

Liggett & Myers Tobacco Co.

## At the Theatres

### THE STRAND

In "Jan of the Big Snows" showing tonight at the Strand Mr. Curwood has again chosen the Hudson Bay country as his locale and his "true to life" characters were selected after the usual Curwood research work far north from civilization's rim. Director Charles M. Seay achieves another success in his work with this Curwood story and with the combination of a great author, a great director and a great cast, a production has been provided that is packed tight with thrills and virility.

All the action takes place at an isolated trading post where Fred Cummings returns with his bride. The entire population consists of seventeen men, including Jan, who has never had a love affair in his entire life till he meets Cummings' wife. The "honor of the big snows" demands protection for the weak—a man must suffer, starve or die before he will take what belongs to another man.

### THE LIBERTY

"Until I played the part of Katherine Brinkley in 'Good Women', I never fully realized the danger of idleness to women," says Rosemary Theby, beautiful leading woman, commenting upon her role in the new Robertson-Cole production at the Liberty theatre today.

In "Good Women", Katherine Brinkley is typical of this class of women. Reared in an atmosphere of luxury, her every material want gratified, she becomes narrowed and warped by her artificial surroundings. To while away the time which hangs so heavily on her hands, she turns a willing ear to the cults and creeds preached and expounded by shrewd, crafty parasites who thrive upon such prey. Before she is aware of what she is doing, she finds herself in a position where she is almost branded as a "social" outcast. But fortunately all that is good within her has not died, and she is able to "come back" a saner and wiser woman.

## Tenement Tennis

These kids, who live in a New York tenement district, stretch a net across a street to make a tennis court and make wooden paddles for rackets.

## Surgeon on U. S. Pistol Team

Dr. I. R. Callins, Springfield, Mass., is on the American team in the international shooting tournament at Milan, Italy. He is one of America's foremost revolver shots although he wears spectacles.
