A MILLION DOLLAR BANK

THE Officers and Directors of The American National Bank of Klamath Falls take great pleasure in announcing to their many patrons and friends that the resources of the bank have reached \$1,000,000.00.

The consistent and healthy growth of this bank has not been due to mere chance or circumstances. Rather it is the result of properly directed plans and efforts by men endowed with foresight and unshaken confidence in themselves, in their business, in their city, and in their fellowmen.

The stability and growth of any business depends first upon the fundamental policies adopted, and second upon the methods employed in carrying out these policies.

These are the reasons why this strong, dependable bank today occupies its own home in the heart of Klamath Falls' business district, why thousands have entrusted their banking business in our care, and why this bank's resources are now in excess of ONE MILLION DOLLARS.
