

# TURKS ADVANCE ON STRAITS

## MOVE MADE TO BLOCK BRITISH FLEET ADVANCE

Key Position Threatened;  
French Cabinet Striving  
for Peace

CONSTANTINOPLE, Sept. 22.—The Turkish nationalist forces have seized the town of Ezine, on the Asiatic side of the Dardanelles, and are threatening Kum Kalesi, an important key position to the southern side of the straits. This move, in the opinion of naval experts here, will enable the Turks to prevent free ingress to the Dardanelles by the British Atlantic fleet units which are on their way from Malta. The important positions involved were formerly occupied by the French and Italians and command entrance to the straits.

## FRENCH WILL DIRECT EFFORTS TOWARDS PEACE

PARIS, Sept. 22.—The French cabinet today decided in view of the refusal of the British to withdraw their forces from Chanaq, on the Asiatic side of the Dardanelles, that the efforts of the French will be directed toward preventing war between Turkey and Great Britain, and to this end has agreed immediately to send Frank Baulillon to Smyrna.

Baulillon, who was negotiator of the agreement reached at Angora between the French and Turks, will urge upon Kemal Pasha the necessity of remaining in Asia Minor until peace terms are decided upon.

Considerable anxiety has been aroused over the possibility of fighting between the Turks and British. The latest reports indicate that Kemal Pasha is trying to keep his military leaders in check, but the difficulties are admittedly great.

## GREECE WILL NEVER PERMIT TURK INVASION

ATHENS, Sept. 22.—Greece will never permit the Turks to invade Thrace, which she considers part her homeland and retention of which is "an essential preliminary condition to any peace conference," is the declaration made by the Greek foreign office to the Associated Press today.

"Unhappily we lack ammunition, artillery and general equipment, but we hope our friends will help us in our efforts to keep the Turks out of Europe and that the English fleet will aid us in preventing the Turks from crossing the straits," the statement said.

## SMYRNA HORROR WORST IN LIFE OF U. S. CONSUL

ATHENS, Sept. 22.—"During my consulship at Saloniki I was bombed by Bulgars and Germans and during my official career I have had many rough experiences with submarines and fire, but never in my life have I seen anything like the Smyrna catastrophe," is the manner in which George Horton, the American consul general at Smyrna, in his first remarks of the disaster, summed up to the Associated Press his experiences in Asia Minor.

Consul General Horton explained that his official position prevented

## FEAR FOR AMERICAN COLLEGE AT CONSTANTINOPLE

## COUNTY GETS FUNDS

Amounts Apportioned as Share of  
Motor and Operators' Fees

From motor vehicle and motor vehicle operators' registration fees received during the six months from March 16, 1922, to September 15, 1922, Secretary of State Koser has apportioned to the counties a total of \$202,643,928 and to the state highway fund \$607, 931.02. This is under the law that provides that after payment of administrative expenses the balance shall be disposed of, one-fourth to the highway funds. The amount apportioned to the respective counties is in proportion to the amount which is received from the counties in license fees.

The amounts apportioned to Klamath county from the county's remittance to the highway fund are: \$5,898.61 to the county, as the one-fourth share; and \$17,695.83 to the highway fund, as the three-fourths share.

## CONGRESS ADJOURNS

Second Session Brought to Close  
With Signing of Minutes

WASHINGTON, Sept. 22.—The 67th session of the 67th congress adjourned today, sine die, when the legislature passed the closing minutes, signed at the capitol by the president.

The Cable bill, designated to equalize naturalization and citizenship rights of women with men, was approved today by the president under provisions that the American women will not lose United States citizenship on marriage to alien. An alien woman will be required to apply for naturalization independent of her husband.

The president also signed the administration coal distribution and anti-profiteering bills, and the fact finding coal commission bills.

Grave fear is felt by Americans who have contributed thousands to the support of the American college at Constantinople for the safety of the college and its staff and students. The American college at Smyrna was burned. If the Turks seize Constantinople, the same fate may befall the college there. Below, the college; above, a group of girl students who may be seized for Turkish harems. Left, Dr. Wilfred Post of Princeton, in charge of medical work for the Near Relief, stayed in burning Smyrna, administering relief until the flames drove him and his family from the city.

## MORE JAIL TROUBLE TO SUCCEED PADDOCK

Sheriff Has No Place to Put Two  
Indian Girls From Chiloquin

More trouble over the lack of a county jail and quarters for women.

Two Indian girls, Telda Chester and Evieene Cowan, charged with misconduct, were sent to Sheriff Low last night by Justice T. L. Snook of Chiloquin with the request that they be locked up. But due to the fact that the girls are government wards, hence not legal charges of the county, and that the city jail is overcrowded, the sheriff refused to be responsible for them.

The girls are at large today, apparently the prisoners of no one at all.

## Rev. W. P. Remington Named Bishop of Eastern Oregon

PORTLAND, Sept. 22.—By affirmative vote of 79 members of the house of bishops of the Episcopal General convention, the Rt. Rev. W. P. Remington of the diocese of South Dakota was elected bishop of eastern Oregon. The house of deputies in open session took action confirming Bishop Remington's election. Bishop Remington succeeds the Rt. Rev. R. L. Paddock, who resigned.

## MARKET REPORT

PORTLAND, Sept. 22.—Cattle and hogs steady. Sheep up 5c to \$1.00. East mountain lambs \$1.00 to \$1.10. Choice valley \$9.00 to \$10.00. Eggs and butter firm. Bluesum and Baart \$1.19, others \$1.03 and \$1.10.

## CHARLES HALL WITHDRAWS HIS HAT FROM RING

Announces He Will Not Be  
Independent Candidate  
For Governor

PORTLAND, Sept. 22.—Charles Hall has withdrawn as independent candidate for governor.

The announcement came as a complete surprise to a majority of Hall's supporters, as he had flatly denied rumors that his withdrawal was contemplated.

In a letter announcing his withdrawal Hall said he had been "actually nominated by the republican voters of the state." He urged "energetic and earnest support of the compulsory school bill."

## FIRE UNDER CONTROL

2,000 Acres Burned Over In Shasta  
Forest; Started Near Weed

YREKA, Sept. 22.—What is declared by forest rangers to have been one of the largest and the most spectacular fires in many years and which burned over about 2,000 acres of yellow pine timber in the Shasta forest has run its course and is now under control, providing heavy winds do not cause expiring flames to revive and jump the guards.

The fire started near Evans in the vicinity of Weed and burned north, jumping the track at several points. The flames crept along in spite of backfires and every effort rangers could make. It did not subside in any degree until the lava beds had been reached.

The flames lit up the sky for many miles. The reflection was plainly visible at Yreka, many here thinking the fire was near the city. Several times the wind shifted to the south and carried the odor of the burning pine so that it was plainly noticeable here.

This big fire and the thousands of acres of "cat tails" afire at Tule lake have sent a pall of smoke over the eastern part of the county that at times has almost completely hidden the sun.

## ANOTHER PRISONER ESCAPES FROM JAIL BY WALKING AWAY

John Hanson Uses Same Simple  
Method Adopted By Tom Richardson  
One Week Ago

This represents what Sheriff Low said to the world at large this morning when he learned that another county prisoner had taken French leave from the city jail. It also represents what he said to Jailer Mark Howard.

John Hanson 20, the escaped prisoner, was ordered by Howard to empty a pan of scraps in the jail backyard. Hanson executed the order. Apparently, however, nothing had been said about his returning and he saw no reason for doing so. At noon today he was still going, although a dragnet had been spread by the sheriff.

Hanson was arrested yesterday by Patrolman McLoughlin on a larceny charge in connection with clothing thefts at Kirk where he was employed in the logging camps and was a county prisoner. There was nothing original in his method escape. He simply adopted the same plan as that used by Tom Richardson a week ago today. Richardson was apprehended by Roy Tabor at Dorris the following day.

"Might as well open the door and let them all go at once," was the sheriff's sarcastic suggestion. "The one-at-a-time process seems rather slow inasmuch as they are all going anyway."

## BANK'S GAIN LARGE

First National's Deposits Increase  
\$375,000 Since June

Close to \$375,000 gain in deposits is shown by the September 15 statement of the First National bank, in comparison with the June statement.

The total deposits September 15 were \$1,877,446.52.

The payroll is responsible, said bank officers, for a substantial slice of the increase. Last Saturday's payroll was of healthy volume, the largest circulated here for a long time.

Previous payrolls this season have gone to liquidate accumulated indebtedness of the earners, apparently. Most of the checks were cashed and the cash carried away, probably to put the owners "square with the world."

But last pay-day night 30 new accounts were opened at the First National alone, indicating a healthy building up of finances against the dull months of the winter for individuals, as well as substantially increasing the loaning capital of the community. New accounts are now opening at an average of five a day, it was said.

The bank statement shows an easier condition all around. Cash on hand and due shows a gain of almost exactly \$100,000 in three months.

The bank is the owner of almost exactly \$400,000 more of gilt-edge bonds than it was in June. Rediscouunts are practically \$100,000 less.

All in all the statement, compared with the June statement, shows that the community is making and saving money, liquidating indebtedness, has bright prospects for fall business and will be in a position to winter through the dull months without discomfort and resume normal progress with the opening of spring.

## WEATHER PROBABILITIES

The Cyclo-Stormograph at Underwood's Pharmacy shows a falling barometric pressure this afternoon preceded by a slight rise there has been little net change since yesterday.

Forecast for next 24 hours:  
F 61-71, probably cool tonight.  
The Tycoos recording thermometer registered maximum and minimum temperatures today, as follows:  
High ..... 73  
Low ..... 55

## TIME TO PAY TAXES

October 2 Last Day; 4 For Oct  
Probably After November 1

Any tax payer who has not already visited the sheriff's office for the purpose of paying his taxes had best do so within the next few weeks, according to Sheriff Mark Howard, deputy, who wishes to remind property owners that October 1 is the last day for making tax returns having the same effect as if they were not made. After November 1 a 10 per cent penalty is added.
