PUT IT OVER

A carload of authors—some of the leading writers of America—have crossed the continent to witness the Pendleton Round-up. They will return east filled with thrills and glowing with local color.

What is this publicity worth? Estimates would vary with the varying nature of the individual making them, but the advertising will be worth thousands of dollars to Pendleton.

The men who have the vision to see the benefit to Klamath Falls from the annual Bly rodeo and have taken steps to make it an annual institution in connection with the county fair are on the road to gaining the same sort of valuable publicity for Klamath county.

Relying on the support of the people of Klamath county a few men have underwritten the enterprise in order to gain a year's start. They expect when the question of buying a county fair ground is submitted to the vote of the people that their judgment will be ratified.

They are giving their energy, and putting up more of a financial guarantee than many of them can afford, to make this year's fair a success.

The Bly Rodeo is not all of the county fair by a long shot. The Bly Rodeo, given time, will finance itself and more. The Bly Rodeo, properly handled, will eventually eclipse its type of attractions and will draw crowds of visitors to Klamath county.

These visitors will see the best livestock, cattle, sheep, horses, hogs, the best vegetables, the best fruit, the best grain of Klamath county, assembled at the county fair. Many of them will remain and help develop the county's resources. Others will go away to spread the fame of Klamath and send many a settler here to share its prosperity.

The annual fair and the annual rodeo are inseparable propositions. They must be handled together. The men behind the fair ground program have the right idea. They have the courage of their convictions, for they have backed them with cash. It's a big program and the first going will be tough. There may be discouragements, but we hope that the thing will go through. We believe that the men behind it are strong enough to put it through.

The people of Klamath county will be asked by their votes to ratify the fair. The question that they must ask themselves is not: "Can Klamath county afford to do it?" but "Can Klamath county afford not to do it?"

BUDDHISM IS HELD RIVAL OF CHRISTIAN FAITH IN NEAR EAST

OXFORD, Eng., Sept. 22.—Buddhism is the probable rival of Christianity in the Far East, said Professor Boothill, who at one time occupied the chair of Chinese at Oxford university, in an address before the conference of modern churchmen. His remark has created something of a sensation in church circles.

"Buddhism," the professor stated, "can adopt and adapt at will. It has recently adopted Christian methods wholesale. Its ideas are at work in the west, even in our churches. Buddhism calls for sympathetic study and the day may come when the best men in Buddhism and Christianity will meet together to discuss the possibility of working together for the salvation of the world."

"Buddhism, originally little more than a psychology and ethics, is today a religion and the only probable rival to the two other propaedeutic religions, Christianity and Islam. Islam has a closed creed. Christianity is writhing in its own hands but will burst them. Buddhism has hope. Buddhism is spreading in China."

MOVE MADE TO BLOCK BRITISH FLEET ADVANCE

his commenting on the incidents in Smyrna.

"It is my duty to speak of the splendid heroism and self-sacrifice of the American colony in Smyrna," he said.

"When the situation became dangerous I, in collaboration with Captain Arthur J. Hepburn, chief of staff to Admiral Bristol, arranged for the safety of the American colony. I took over a theater in Smyrna and had it guarded by marines. I told members of the colony to come to the theater twice daily to receive the latest bulletins on the situation. I summoned the principal members of the colony to discuss the general situation."

AUTO ACCIDENTS ARE INCREASING

Drastic Laws in Many Cities Fail to Lower Number Injured

CHICAGO, Sept. 22.—Despite the passage of numerous ordinances and the adoption of traffic regulations in the larger cities of the country in an effort to curb accidents from motor cars, reports from more than a dozen of the metropolitan cities of the middle-west show an increase in the number of accidents for the first six months of 1922, compared with the same period of 1921.

This increase has caused city officials to prescribe drastic rules in governing motor traffic in an endeavor to lessen danger in modern traveling. Several of the cities are shown to be waging war on the speeder, in many cases imprisonment being added to fines by municipal judges. Adoption of rules in turning at street intersections, elimination of glaring headlights and educational campaigns are other methods used in many cities in the campaign against accidents.

In Chicago in 1921, deaths attributed to motor accidents totaled 575 as compared with 475 in 1920. Non-fatal accidents totaled 8,657 in 1921 and 7,085 in 1920. During the first four months of 1922, non-fatal accidents totaled 2,533. Forty-three persons were killed and 1,055 injured, in automobile accidents in Cleveland from February 1, to August 1, 1922. To offset this, workhouse sentences have been imposed upon speeders and reckless drivers, no one under 18 years of age may drive a car and second offense for failure to have lights burning re-

BUFFALO BILL BUFFALO BILL BUFFALO BILL

TODAY AT THE LIBERTY A program of more than usual excellence. Dainty Little Gladys Walton Appears In 'SECOND HAND ROSE' which is a sort of pitiful little story about a wee New York waif—but anyway it ends happily. Then for a smile or two we have the latest Acop's Fables Cartoons "The Rich Cat and The Poor Cat" and for those with a thirst for education we have the latest Father Review—and the writer has yet to see an issue of this remarkable reel that was not worth one's time and money. The special added attraction today is the First Chapter of In the Days of Buffalo Bill with Art Acord starring and supported by an excellent cast. This stirring chapter play has the endorsement of the leading educators of the country and when I tell you that it is playing in the largest theatres of the United States you will agree it must be good. The succeeding chapters will be shown each Friday. REGULAR PRICES OF COURSE
