WAR OR PEACE; TURKS TO MAKE DECISION SOON

Answer Is Expected Within 36 Hours; Conference or Invasion Will Result

CONSTANTINOPLE, Sept. 23.—Within 36 hours the world will probably know whether the Turkish nationalists have chosen war or peace.

LONDON, Sept. 23.—The policy of Great Britain in the Near East is to establish the freedom of the Dardanelles under supervision of the league of nations, declared Lloyd George in a statement at a conference with newspapermen today.

SMYRNA, Sept. 23.—Although 19 days have passed since fire obliterated Smyrna, 75,000 survivors remain exposed on the quay, destitute, distracted and abandoned.

Nearly a dozen warships remain in the harbor, but none shows disposition to aid the wretched population except the American destroyers.

Pestilence Feared Sporadic shooting and thefts continue. Smoke is still emerging from the ruins. The Turkish authorities explain that this is due to the burning of human bodies.

Interviewed by the Associated Press today, Dr. Post said: "It is regrettable that the allied ships did not do more in salvaging human life. The work of all the vessels on the night of the fire was magnificent, but on the succeeding days, when the impulse of the great disaster disappeared, there was a lull in their energy and spirit."

Streets Filled With Bodies "If we had kept up the work there would now be no evacuation problem and thousands would have been saved who might otherwise be deported or killed. There are so many bodies in the streets that I had, on one occasion, to alight from my automobile to lift a corpse out of the path of the car. No words can describe the fire as a spectacle."

It was like a gigantic scene staged by Nero or a chapter from Tamerlane. It was so vast and complete that it had every appearance of being malevolently planned in advance."

LAWRENCE BECOMES BENEDICT

E. H. Lawrence, well-known local cigar store owner, and Miss Alice Woodard, formerly a nurse at the Blackburn hospital, were married at the home of the bride's sister, Mrs. J. W. Pringle, in Portland, August 11, and arrived here Thursday night after a honeymoon trip by motor to Seaside, The Dalles and other points. They will make their home at 741 Ninth street.

WEATHER PROBABILITIES

Forecast for next 24 hours: Fair with moderate winds. The Tycox recording thermometer registered maximum and minimum temperatures today, as follows: High 74 Low 49-53

A Pair of Aces

COUNTY FAIR MEET IS SCHEDULED FOR NEXT MONDAY NIGHT

Final Arrangements to Come Up For Discussion; Public Invited To Attend

The county fair finance committee will hold an important meeting Monday evening at 7:30 o'clock, at the chamber of commerce rooms, at which the final arrangements for the fair and problems in connection with the celebration will be discussed.

The committee has now reached a point where it has its problems in shape to discuss. It does not want to bear all the responsibility in a matter which is for the general benefit of the county, and accordingly its members ask every person interested in making the county fair a success to be present Monday evening to aid in the discussion.

PASTORS OPPOSE BILL

Compulsory Educational Measure Is Target At Gathering

Three pastors of widely varying denominational views stood upon the platform last night at Lyceum hall and addressed a good sized audience in opposition to the so-called compulsory educational bill that will be on the ballot in November.

The Rev. H. L. Thumler, pastor of the Seventh Day Adventist church at Medford, attacked the constitutionality of the bill on the ground that it would deny to citizens the religious liberty guaranteed to all in the federal constitution.

The speaker had been through the Michigan campaign of two years ago when a similar proposed measure was defeated by a two to one vote and was loaded with facts and figures to make his argument convincing.

The Rev. H. L. Meyer of the local Lutheran church expressed the opposition of his denomination.

The Rev. H. J. Marshall, pastor of the local Catholic parish, made the concluding address. He said that while Catholic interests were affected by the proposal, the Catholic church would not be driven into an aggressive campaign, nor into politics. Its members proposed, he said, to defend the common rights of all citizens by tempered appeals to the logical faculty of the voter, endeavoring to show why all lovers of liberty should vote "No" on the measure.

LIQUOR RUNNER IS BEING SOUGHT BY U. S. COAST GUARD

Former Yacht of Henry Ford Flying British Flag; Sea-Going Tug Captured With Cargo

NEW YORK, Sept. 23.—The United States coast guard cutter Seneca was sent to sea yesterday to determine the exact location of the Onward, a vessel flying the British flag, which defied prohibition officers aboard the Hahn, flagship of the dry navy.

The Seneca, it was said, had orders to seize the Onward if she was within the 12-mile limit. The vessel, prohibition officers said, is believed to be carrying a cargo of liquor and awaiting an opportunity to transfer it to a smaller boat for smuggling into the United States.

The revenue cutter Newberry, sent out in quest of the Onward, came across the sea-going tug Jessica L. M. Kehoe, arrested its crew of 15 and seized whiskey valued at \$200,000. The cargo of the tug included 2112 cases of Scotch and rye.

The captain of the Onward, which formerly was Henry Ford's private yacht, was said to have threatened to shoot the first prohibition sailor who tried to board her when the Hahn attempted to seize the vessel last night.

Prohibition enforcement officers here said today that in seizing ships within the 12-mile limit the prohibition navy operated under a law more than a century old. Originally, they said, the law was designed to end the smuggling into the country of negro slaves.

This Corpse Was Alive Bawled Out Attendants

CHICAGO, Sept. 23.—Joseph Ropa violated the ethics observed by corpses when, instead of lying quietly on a slab in the Hyde Park morgue he insisted upon sitting up and bawling out the attendants. His arguments against the ministrations of the mortician became so heated that the "corpse" was haled into court and fined \$1 for disorderly conduct.

Ropa, who is 23 years old, was found lying on the Illinois Central railroad tracks, bruised and bleeding. It was thought he had fallen from a train. Station attendants who found him telephoned simultaneously for the police and an undertaker.

SUICIDE PACT SEEN IN DEATH, BEND VETERAN

Ex-Service Man In U. S. Hospital Kills Himself With Revolver

SAN BERNARDINO, Calif., Sept. 23.—Proceeding on the theory that a "death pact" figured in the death of O. H. Worley of Bend, Oregon, an ex-service man, at the Arrowhead government hospital here, officials ordered a searching investigation, seeking to learn the identity of the person who furnished Worley with a revolver.

Worley was paralyzed and had the use of only one arm. The gun was in another room, and officers declare it was physically impossible for him to have gone for it or even to have reached it from his bed. Whether some "buddy," torn with sympathy for Worley, who had been bed-fast for eight months and was unable to move, or some visitor acting on Worley's appeal obtained the revolver for him, has not been determined.

The remains will be sent to Bend.

REPUBLICANS MEET

Platform Adopted for Lodge Re-election to U. S. Senate

BOSTON, Sept. 23.—The republican state convention assembled today to adopt a platform upon which Senator Lodge will seek re-election and Channing Cox a second term as governor. Vice President Coolidge was chairman.

Reviewing present day conditions, which he said constituted an era of prosperity, the vice president asserted they would not have been possible without the foundation laid by the government. Its economic policy at home and its peaceful policy abroad. The new tariff was given the principal attention as a campaign issue by Lodge.

"The great question to be decided at this election is not whether we approve or disapprove of certain items in the tariff, but whether we are prepared to abandon the policy protection," said he.

DOGS KILL 12 SHEEP

Shipment on Way to Merrill Attacked in Local Stock Yard

Dogs played havoc with a shipment of 500 lambs in the local stock yards Thursday night, killing or severely injuring 12, according to Charles F. De Lap, well-known stock dealer.

The lambs had been shipped by train from Chiloquin and were unloaded here to be moved to the Ankey ranch near Merrill. De Lap figures the loss at 37 per head, or \$84. Future shipments, De Lap said, will be protected by men armed with shotguns.

INJUNCTION TO RESTRAIN SHOP WORKERS GIVEN

Federal Judge Wilkerson Grants Petition of Attorney General

CHICAGO, Sept. 23.—Judge Wilkerson today granted Attorney General Daugherty's petition for a nationwide temporary injunction against the striking railway shopmen. In a lengthy review, Wilkerson said the defendants could not deny knowledge and responsibility for the widespread violence which has marked the strike.

The injunction bill differs but little from the restraining order. Its terms have, in some cases, been made more binding, and its phraseology clarified in doubtful passages, but, with one exception, it is every bit as drastic as the order now in force.

Outstanding Modification

The one outstanding modification is a paragraph specifically asserting that "nothing contained herein shall be construed to prohibit the use of the funds or moneys of any of said labor organizations for any lawful purposes, and nothing contained in this order shall be construed to prohibit the expression of any opinion or argument not intended to aid to encourage the doing of any of the acts heretofore enjoined, or not calculated to maintain or prolong a conspiracy to restrain interstate commerce or the transportation of the mails."

The paragraph forbidding picketing in the vicinity or near the places of ingress or egress of places where railroad employes are required to work has been amended to include a ban against picket posts "along the ways traveled by said employes" to and from their work.

Extends Picket Provision

The provision against pickets attempting to prevent employes from entering upon or continuing their duties has been extended to include "any other person or persons."

In explanation of the injunction bill, Attorney General Daugherty told the court that "this order does not question the right of a man or any number of men to strike, but it restrains them from unlawfully striking back."

FINED FOR GAMBLING

Roy E. Moore of Pelican City Charged With Running Poker Game

Roy E. Moore, proprietor of a pool hall at Pelican City, was arrested by Sheriff Low and a deputy last night charged with conducting gambling games in his place of business. In the justice court this morning he pled guilty to the charge and was fined \$175 and costs. He paid the fine and was released.

Tom Monas, Frank Williams, Jesse Turner, Tom Ayalis and C. Hawk were playing poker at the time of the arrest, according to Sheriff Low. They were not arrested.

In appearing before Justice Gageon this morning, Moore displayed a keen business sense and upset all precedent when he opened negotiations to discover what his fine would be should he plead guilty. Should he plead guilty, he pointed out, the fine might be more than he could raise. He said he had but \$33 on hand. When the fine was fixed at \$175, however, Moore promptly produced that amount.
