# RODEO OFF TO FLYING START

## Colorful Parade Marks Opening Of Show; Plans Already Under Way For Next July Fourth

**FAIR GROUNDS, Oct. 5, 2:30 P. M.**—The big show is on. A crowd that overflows the grandstand, estimated to hold 1500 persons, is on hand and still they're coming.

The band played the "Star Spangled Banner." Mayor Wiley made an address complimenting the promoters of the fair and rodeo. Frank J. Adams was introduced as "the oldest vaquero in Klamath County" and cheered to the echo, and the big three day program started to unwind.

"Tricky Patsy" from San Jose, California, a diminutive Shetland, showed her clever engine tricks.

L. Holbrook's "Dorby" distanced Chas. Stelling's "Slats" and Monroe Godfrey's "Porfirio" in an exciting half-mile dash, the first scheduled event on the program.

They're just turning the bulls loose and the crowd's excitement is mounting with every buck.

It's a wild bunch.

The Southern Oregon rodeo opened today despite lowering skies and slippery footing. Promptly at 12:30 the parade, led by Wm. Dalton and Bill Lee, members, followed by a 15-piece band, moved down Main street and out 80th to the fair grounds.

While only a portion of the riders appeared in the parade, enough were on hand to make a good showing. They were followed by a long line of cars and trucks, many appropriately decorated. Gaudy shirts and handkerchiefs, neckties and hats, lent a colorful appearance to the cavalcade, the first of its kind seen here in many years. But not the last.

Rodeo headquarters plans are already underway for a rodeo next July Fourth—a rodeo remained in the west only by the Pendleton roundup, and supposed by none, if the plans are carried out.

Riders tall and short, light and dark, fat and lean, prosperous and poor; riders from every western state, and some who claim several states, were gathered at rodeo headquarters last night to sign up for the three day events.

Among the first to arrive were Ray P-H, who won second in the riding contest money at Pendleton, and Bud Seidler, who was first in roping. They came directly from the Winesap roundup where they won the same honors.

Among the hundred riders in town, some of whom had signed up this morning, at least 15 are said to be equally skilled. Luck may decide the winners in the events here.

The rodeo headquarters was open until midnight, and present a busy scene as the riders crowded around the tables to sign up, or gathered in groups in various part rodeo or trade range gossip.

The following riders and horse were listed for the handling contest today, the prizes for which are \$500, \$300 and \$200:

Consternation Reigns In Athens Over Terms of Occupation; May Appeal to U. S.

CONSTANTINOPLE, Oct. 5.—The Mudania conference reconvened today with Thrace chief as the subject for consideration. The attitude of the Greek delegates on this question was declared to be giving the conference considerable concern.

**SMYRNA, Oct. 5.**—The Greek delegates have expressed dissatisfaction with the agreement between the allied and Turkish delegates, according to messages from Mudania. The Greeks declared themselves unauthorized to reply and that they must have instructions from Athens.

**ATHENS, Oct. 5.**—Consternation was caused here by reports from Mudania that the allies have agreed to the occupation of eastern Thrace by the allies' forces and Turkish gendarmes up to the line of the river Maritza, and the evacuation of the province within 10 days by the Greeks, failing which the allied fleets would blockade Greece. Officials were understood to be considering an appeal to the United States for assistance in obtaining a just solution to the Thracian question.

### WORK PROGRESSING RAPIDLY IN CRATER LAKE LODGE ANNEX

86 Rooms Being Added; All Rooms Will Eventually Be Heated By Hydro-Electric Plant

**MEDFORD, Oct. 5.**—The work on the new addition to the Crater Lake lodge is progressing nicely and Frank P. Salter, the contractor, says they hope to complete the stone work, ready for the carpenters this week or next and will then close the work for the year. Salter has part of the lumber on the ground to start the carpenter work early next spring and will not have to wait until July to take the material up.

Few people realize what a job it is to get material up to the lake. The granite used came from the Watchman and the lumber and plumbing supplies are hauled from Medford, 85 miles or from Chiloquin, 32 miles, while the sand is hauled from Union Creek, 23 miles.

The new addition will be four stories and basement, will have 86 rooms of which 36 will have bath, toilet and lavatories, 23 lavatories and toilet and the balance lavatories only. All will have hot and cold water and there will be public tub and shower bath. There will be 52 of the rooms in the new addition fronting on the lake.

It is also in the five-year building plan of the Crater lake company to eventually put in a hydro-electric plant to heat all rooms.

The plan also provides for rebuilding the old building after the new addition is completed, which will be 1923-24.

The government has constructed this year, through Sparrow's supervision, Salter doing the work, a nice comfort station west of the lodge that will be ready for the public next year, also three combination cook and bunk houses, one each at Anna Springs, the camp at Wine Glass and expects to make the 1922 eleven the of the laborers.

### 2 APPRAISERS OUSTED

H. J. Overturf and O. B. Hardy of Bend Charged with Excessive Loans

**SALEM, Oct. 5.**—Summary removal of H. J. Overturf of Bend and O. B. Hardy of Redmond as bonus loan appraisers for Deschutes county was effected at a meeting of the state bonus commission here with Governor Olcott presiding and all members of the commission present.

The removal of Overturf and Hardy, it was stated, is based on alleged padding of appraisements of real estate on which bonus loan applications are based. The entire matter will be made the subject of a grand jury investigation, it was said. Overturf, who was a member of the last legislature and is a candidate for re-election, is charged with having a personal interest in several parcels of land on which the values were padded.

Investigation of Deschutes county loan appraisals just completed by a special representative of the bonus commission is said to have disclosed a number of cases in which the values of property offered as security for bonus loans have been cited.

### WELCOMES INVESTIGATION OF APPRAISAL BOARD AFFAIRS

**BEND, Oct. 5.**—I welcome a close investigation of all the affairs of this appraisal board as far as I am concerned. All I have tried to do is to give the boys who were entitled to a loan a fair deal. I have used my best judgment in this matter and have nothing more to say until I have information as to the operations of the commission," was the statement of H. J. Overturf this morning on receipt of notification that he had been summarily removed as appraiser for Deschutes county.

Ex-service men here are indignant at Overturf's removal, declaring that it was a political move. A drastic resolution on the part of the local legion post is expected.

Hardy served overseas with the Ninety-first division and won a commission. He has been active in American legion affairs and has been commander of the Redmond post.

### KEEN RIVALRY MARKS JUDGING OF LIVE STOCK
