## WILL CHALLENGE WINNER OF BOUT

### Lewis Espen Seeks Match With Joe Swindler or Earl Ritchie

Lewis Espen, well-known light heavyweight who has been training with Swindler and Ritchie, will challenge the winner at the end of the fight Friday night, he announced yesterday.

Espen, who is here with his manager, W. B. Fitch, is open for a match with any suitable opponent. He is well-known on the coast and has a long string of victories to his credit. Among the men he has met were Willie Meaghan, Floyd Johnson, Marty Farrell, Kid Reeves and Al Hogue. Espen says he has fought 50 battles and has never been knocked out.

Espen's manager believes he has championship material in his man. After leaving here the two will go east where they will meet all comers with view of gaining the light heavyweight title.

Espen says Ritchie and Swindler are well matched and predicts a hard battle. The fans are sure to get a run for their money, in his opinion.

### Davis Cup Defenders To Be College Players

PORTLAND, Oct. 5.—Defenders of the Davis Cup, the international tennis trophy, will in the future be chosen from the best of the American college players, according to Phil Neer of Portland, 1921 national intercollegiate champion, who was here a few days recently on his way to Stanford university.

Except William Tilden, national champion, and William Johnston and R. Norris Williams, former national champions, the leading tennis players of today are college men," Neer said. "They hold practically all the sectional championships."

Neer predicted that when the 1923 national intercollegiate championships start, the tournament will include so many great players that in this respect it will be second only to the national championships.

Neer is going back to Stanford to devote himself to studies and tennis. He has decided that to be a champion in tennis he must give up all other sports. This means that he will drop basketball and football. Last spring while playing basketball Neer injured a knee and he blames this injury to the fact that he lost the national intercollegiate title this year.

## RECORD BREAKING CROWD EXPECTED AT NEW OHIO STADIUM

COLUMBUS, O., Oct. 5.—When the rival eleven of the University of Michigan and Ohio state university trot out in the field here Oct. 21 to dedicate Ohio's new \$1,500,000 stadium, indications are that a record breaking crowd of 62,000 spectators will be in the huge structure to witness the game and dedication ceremonies.

Advance orders for tickets point to a complete sell-out of the 62,000 seats, and if this results, the attendance will set a new record for football in the middle-west. Last year the Buckeyes and Wolverines played before a record crowd of 42,000 in the rededication of the enlarged Ferry field at Ann Arbor.

Simple but impressive ceremonies will mark the dedication of the new stadium, with color raising ceremonies and a parade of notables comprising the pre-game program. Governors H. L. Davis of Ohio and A. J. Groesbeck of Michigan, Ohio and Michigan men in public life, educators and athletes will participate in the parade around the field.

Amid strains of alma mater songs to be played by the 110-piece Ohio state band, representatives of western conference universities will pull 18-foot pennants presented by their respective schools, up 30-foot flag poles atop the walls of Ohio stadium. Michigan colors will go up first, the scarlet and gray of Ohio state last.

With thirty huge pennants of the "big ten" universities snapping in the breeze above the 100-foot concrete and steel wall of the stadium, Miss Eloise Fromme of Urbana, O., stadium girl during the fund-raising campaign of 1920, will hoist the national colors on the field flag pole while the Michigan and Ohio state band play "The Star Spangled Banner," following which artillery pieces manned by university cadets will bark a salute of 21 guns.

As part of the preparation for dedication day, the first attempt in history to re-unite every Ohio state grid squad since the original eleven in 1890, is being made by former captains. Each captain will head his colleagues in a parade down the new stadium field.

Dedication of Ohio stadium will add something new to the architecture of modern stadia. In being horseshoe shaped, the Ohio plan resembles that of Harvard, but in having two decks the Ohio plan is unique. The advantages ascribed to the double deck feature include bringing of what would be rear seats much closer to the playing field and the sheltering of 21,000 seats in the lower deck.

Nearly ten acres are covered by the Ohio stadium, which measures one-third of a mile from end to end and towers 107 feet high. Intramural facilities for 10,000 students will be provided by 100 tennis courts, 23 baseball diamonds and 11 gridirons to be laid out on the recreation area to be developed adjacent to the stadium proper.

## Three Runs in First Fail to Profit Giants In Thrilling Contest

POLO GROUNDS, NEW YORK, Oct. 5.—The second game of the world series resulted in a tie. The final score being:

The Giants, three runs, eight hits, one error.  
Yanks, three runs, eight hits, no errors.

The game was called at the end of the tenth inning on account of darkness.

McGraw's Giants started fast and in the first inning piled up three runs, a homer by E. Meusel bringing in Groh and Frisch ahead of him.

The Yankees made one in the first, Dugan reaching home largely through a wild throw by Bancroft, which permitted him to reach second.

Ward got a home run in the fourth, giving the Yankees another run.

The score was tied in the eighth when Ruth scored on R. Meusel's double. It was still tied at the end of the ninth inning.

	R. H. E.
Yankees	3 8 0
Giants	3 8 1

Batteries: Shawkey and Schang; J. Barnes and Snyder.

### Basketball Prospects Look Good At O. A. C.

CORVALLIS, Ore., Oct. 5.—More than five basketball teams are practicing daily at the Oregon Agricultural college and from present indications gloomy early-season reports, which were issued from the Aggie camp, were unfounded.

Students say that the O. A. C. line this year will average more than 200 pounds in weight and, in addition to the beef, will be fast. More than half the men are trying out for line positions, with Captain Percy Loeey heading the list at tackle.

Six good men, several of them veterans, are working out for the end positions. Among them are McFadden, Scott, Hjelte and Tehb. For center the candidates are Herb Rich and Walter Pierce. For guard and tackle positions there are a dozen men but few with varsity experience.

A quarterback is wanted and the entire squad is being combed for someone to take this position. Angle, Garber, Christensen and Moore are showing up best.

Everett Miller, a flashy Aggie half of 1921, seems due for a great season. For halfbacks there are Luke Gill, Hugh McKenna, Jessup, Day and Stearns. Four candidates are out for fullback and each one shows promise. One of them is Tousey, a 1921 veteran. The others are Carpenter, a hurdler, McCart and Wingo, a new man.

### Nevada Has Largest Squad In Its History

RENO, Nev., Oct. 5.—University of Nevada this year has the largest football squad in its history. Approximately 90 men have turned out for work and are giving Coach Courtright an opportunity to train three full teams. Courtright confidently expects to make his 1922 eleven the strongest in Nevada's history, despite the fact that the famous Sagebrush star, Jimmy Bradshaw has graduated. "Buck" Shaw, four years a tackle at Notre Dame, is line coach at Nevada.

PASADENA, Cal., Oct. 5.—Dr. Charles G. Darwin, grandson of the great English naturalist, has joined the California Institute of Technology faculty as professor of mathematical physics.

### PLANS NEW TEMPLE

SAN FRANCISCO, Oct. 5.—The Congregation Emanu-El, one of the largest and wealthiest synagogues in the United States, plans to erect a new temple here, costing in the neighborhood of \$1,000,000.

### GIANTS DEFEATED YANKEES IN EIGHT GAMES

NEW YORK, Oct. 5.—In the world series of 1921 the New York Giants, led by John McGraw, and Hughey Jennings, formerly of the Detroit Americans, defeated the New York Yankees, bossed by Miller Huggins, in eight games.

The Giants were shut out 3 to 0 in the first two games, Mays pitching the Yanks to victory in the opener and the youthful Waite Hoyt turning the trick in the second. The third game, a heavy hitting affair, went to the Nationals, 13 to 5, Jess Barnes defeating Bob Shawkey. Phil Douglas pitched the Giants to victory 4 to 2 in the fourth game, but Hoyt came back in the fifth against Artie Nehf, the young Giant and the Americans won 3 to 1. Barnes won the sixth game for the Giants, 5 to 5 and Douglas won the seventh, 2 to 1, again defeating Mays.

Nehf and Hoyt engaged in a stirring mound duel in the final game, and the Giants won 1 to 0.

The Giants accounted for 19 extra base hits in the series. Of these 13 were two baggers, four were three base hits and two were home runs. The Yankees had seven two baggers, one three base hit and two homers.

The Giants had 71 hits for a total of 98 bases and 29 runs. Fifty hits were credited to the Yankees for 65 total bases and 22 runs.

Giant pitchers struck out 38 batters and walked 22. Forty-four batters were struck out by Yankee hurlers and 27 were passed. The Giants stole seven bases, one more than the Yankees.

The Giants had a combined batting average of .269 as compared to the Yankees' .297.

Why do you keep putting off getting them? Do it now. Often a slight defect of vision or a minor eye strain will, if neglected, assume quite serious proportions later on. Now is the time to have your eyes examined and to get glasses if you need them.

### THE STRAND

Another crowded house last night is further proof that the program being given each night this week at The Strand is proving very satisfactory to the people.

Tonight the house will be opened early to accommodate the crowds returning from the Rodeo, doors being open at five o'clock with the show starting at 5:15.

Besides the three wonderful acts of vaudeville tonight, there will be "Food's Gold" which is starred by Mitchell Lewis and is said to be a cyclone of action, thrills, fights and tiding. There will also be the popular vaudeville movies.

### THE LIBERTY

Was there ever a gambler who did not at some time resort to crookedness in the shuffle of cards, or the turn of the wheel or the roll of the dice? Just such a gambler is the hero of "Caught Bluffing", the Universal production starring Frank Mayo, at the Liberty today.

The story is laid in Alaska when the gambling fever was at its height following the mad gold rush to the Klondike. The gambler hero of the picture, a confirmed woman hater, is confronted with the task of saving a girl from the clutches of a two-gun bad man, and he offers to stake a

fortune in gold against the girl's liberty in a hand of poker. For the first time in his long and honorable career of chances, he resorts to the cunning in his fingers to cheat the bad man of his living prey, and he succeeds. Then, despite his natural prejudice against all women in general, he loses his heart to the girl he had won at cards.

### WASHINGTON STATE MEN GET PRACTICE

FULLMAN, Wash., Oct. 5.—Washington State college football men here are being given a thorough course in punting by Coach Jim Welch. From present indications Welch will have several good kickers on this year's eleven, among them Captain Danton, Hickey, Wheeler, Cook and Trygve. Last year Danton was pulled back of the line to do the kicking and it is probable that he will carry the burden again this season.

# WHY IS ELECTRICITY

More satisfactory as a fuel than wood.

1. It is cleaner.
  2. It saves labor.
  3. There is less waste.
  4. It saves time.
  5. It produces a more uniform fire and that insures better cooking.
- There are many other reasons why the modern way is the better way. Ask any user of an electric range.

Do not buy a cooking range without first calling at our office and having us explain the advantages of the Hotpoint-Hughes range, and its economy in the household.
