

SMYRNA IN FLAMES SEEN FROM BRITISH FLAGSHIP

Panoramic view of Smyrna, rich Asia Minor seaport and commercial center, being destroyed by flames which broke out shortly after its occupation by the Turks. This picture was taken from the deck of the Iron Duke, British flagship. Frantic screams of terror-stricken refugees could clearly be heard as the photographer focused his camera.

Camels Serve Wounded Turks as Ambulances

Turkish soldiers wounded at the Asia Minor front are transported on the back of a camel to a dressing station behind the lines. The camel ambulance is in common use in the fighting zone.

May Nurse Wounded on Turkish Front

Some of a large group of British war nurses leaving Southampton on the troopship Bremer Castle bound for Mesopotamia. If trouble with the Turks grows, it is probable this ship will be diverted to that trouble zone.

CHINESE JUNK IN HARBOR AFTER TRIP ACROSS THE PACIFIC

VICTORIA, B. C., Oct. 9.—A tiny Chinese junk scarcely larger than the fishing boats that sail the North Pacific waters recently nosed her way through the fog hanging over the Straits of Juan De Fuca and made her way to anchorage in the Harbor of Victoria, peacefully ending what is said to have been one of the most daring voyages across the Pacific ocean.

Captain George Ward grew tired of life on the China coast and decided to return to Victoria. So he gathered a few tools and the necessary timbers and fashioned himself a twenty-three ton ship on the lines of the Chinese fishing junks in which he proposed to sail the 5,300 miles of ocean between him and the port of his desire. He signed on a foremast crew of three Chinese, two of whom had never been outside the waters of Hongkong harbor, and with his Chinese wife as mate and his nine year old son as cook and cabin boy, he cast off June 21 and proceeded down the river "towards Victoria" as his log expresses it.

Such was the start of the 91 day's voyage which, according to the skipper of the frail craft, was the roughest trip he ever made. He tells of being into the Bering sea by ty-

phoons that all but swamped the little vessel; of their rudder being twice carried away and of rigging a jury rudder that cut their speed down to practically nothing; of calms that followed the gales when the great rollers pounded his ship mercilessly. Some days said the captain they would make fair headway only to be driven back again the next.

Then to crown all, when they were just outside the Straits of Juan De Fuca, the great bulk of a Japanese steamer bore down on them through the fog. For a moment Captain Ward thought a collision inevitable. He threw the tiller hard over and the junk swung around in her own length as the lowering steel hull slid by not four feet away.

Only once did they doubt that they would reach Victoria, said the Captain. And as for making the trip on a steamer, well this is Captain Ward's opinion of them in his own words: "Steamers, bah! I hate 'em!" Not so the Chinese crew, however. One way passage aboard the junk was enough for them and after a short visit in Victoria they took passage home on a liner.

POSTPONE STATE FAIR Will Be Known Hereafter As 1927 Exposition

PORTLAND, Oct. 9.—No longer is Portland's projected party to the world to be known as the 1925 exposition. By unanimous action of the fair committee the big international undertaking has been postponed for two years. Hereafter it will be known as the 1927 exposition.

This decision, reached with reluctance, was imperative by force of circumstances, committee members agreed, and does not in any way reflect a spirit of despondency nor a wish to table the topic. Indeed, it was generally felt, the postponement of the exposition very materially reinforces its strength, removing several heretofore existing barriers to success.

Property Owners Are Charged For Weed Costs

LON GREACH, Cal., Oct. 9.—Tax bills to fifty Long Beach property owners will have a surprise for them in the shape of an additional charge. The public service department found unsightly weeds on fifty lots and under a city ordinance cleaned off the weeds and sent word to the assessor to place the costs for this work against the property in the tax bills.

KYLE HEADS CONGRESS

Stanfield Man Appointed Head of Reclamation Body

With the unanimous election of James M. Kyle of Stanfield as president; Wilford Allen of Grants Pass, first vice president; Edward Loge of Hood River, second vice president; Harry Gard of Jefferson county, third vice president; Gus Schroeder of Silver Lake, fourth vice president, and Walter E. Maccham of Baker, secretary treasurer, the 12th annual business session of the Oregon reclamation congress came to a close at Bend Saturday. Vale was chosen as the next convention city after a three cornered fight in which Grants Pass and Klamath Falls contested the honor. Vale obtained 42 votes against 24 for Grants Pass and ten for Klamath Falls.

Attending the congress from here were T. A. Stevenson, L. V. Boggs and C. T. Darley, who returned in company with Congressman N. J. Sinnott.

The congress took action on the unmerger question, adopting a resolution in which the opinion was expressed that the Central Pacific should not be given over to the control of any one line but should be held for common use of all lines wishing to enter and develop western territory.
