

Better International Understanding Is Aim

LOS ANGELES, Oct. 16.—A move for foundation of better international understanding, Dr. Rufus H. von Klein-Smolke says, is being taken by the University of Southern California.

of which he is president. It is the establishment of a department of comparative literature of which Dr. James Main Dixon has been appointed head. The motive, according to the educator, is that a study of the expressed thought of other peoples in comparison with our own, will bring about more appreciative understanding.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the musky mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.
