

IS "GOAT'S BEARD" TO BE LATEST ARGOT? PANAMA CANAL SHIPMENT CAUSES WONDER

WASHINGTON, Oct. 16.—Instead of the "bee's eyebrows" or the "lizard's knees," it threatens to be the "goats beard" pretty quick. Whatever all this modern argot may mean to the rising generation, the "goats beard" is indicated as an advance fashion by no less official a publication than the Panama Canal Record, which ordinarily speaks of marlin spikes, garboard strakes, and ship chandeliers. Witness the following bulletin: "An item in the cargo of the steamship Felix Taussig, passing through the canal on August 18th

from Pacific to Atlantic ports of the United States, was 47 bales of goats beards weighing 23,127 pounds. Another was 21 bales of human hair stumps weighing 10,497 pounds. Since fashion announces the return of the pompadour, it necessarily means the return of the "rat" and that accounts for the human hair stumps, but the goats beards remain a mystery. If a bale of goats beards weighs approximately 500 pounds how many goats had to be barbered. Maybe the fashion designers are plotting false whiskers for one of the new winter modes.

LOYD GEORGE STATE POLICY

MANCHESTER, Oct. 16.—Lloyd George in an address here today gave no intimation of his plans or program as it had been adopted, but explained the government course in the Near East crisis, saying the object was to maintain the freedom of the Dardanelles to prevent war from spreading to Europe and to prevent a repetition of Thrace and Constantinople horrors of Asia Minor.

governor if he had seen fit not to drag Senator Chamberlain down with him into the mire.

Facts Produced

"I have no desire to do any 'mud slinging' in this campaign, and have not done so, and will not do so. I think, however, that it is entirely proper to quote the record and that is what I have done, even going to the trouble of securing photographs of the same in order that the people may know the kind of a man Pierce is. I have drawn no conclusions from the record, but have merely given them to the people that they may draw their own conclusions. If the facts of Pierce's rotten transactions are 'mud slinging' the fault lies with the transactions themselves and not with me.

Why Not Pillow Slip?

"Pierce is quoted as saying that if this is the worst act he had ever done he could expect to go to heaven in a 'white sheet.' I think under the circumstances that the 'white sheet' is very good, but if Pierce had had the proper amount of shame for his land board transactions he would at least have added a 'pillow slip' to cover up his face."

What Would You Do?

- Would you promise a League or an individual something that you know you could not do?
Would you act and be your honest self and stand on your own beliefs?
Would you take defeat rather than promise allegiance to an organization?
Would you think that you had the right to run for office as a citizen, or had such right only at the dictates of organized force?
Would you withdraw from a contest because you were deemed morally unfit?
I know not what course others may take, but as for me, GIVE ME VICTORY by the choice of the people, OR GIVE ME DEFEAT!!!
