

LLOYD GEORGE REGIME FALLS

British Coalition Government Is Dealt Death Blow By Conservatives

DAVID LLOYD GEORGE

LONDON, Oct. 19.—The government of Prime Minister Lloyd George resigned today.

The resignation followed the decision by a vote of 186 to 87 of the conservative members of the house of commons and government ministers at the Carlton club, headquarters of the conservatives, to appeal to the country as the conservative party. This action was termed a death blow to the coalition government, which was established in war time.

Two events of yesterday contributed largely to today's developments. One was the result of the Newport election, which, insofar as it was any test, confirmed the belief of the conservatives "die hards" that by going into an election they could sweep the country. The second was the decision of a committee of the unionist organization to hold an emergency meeting to consider the course of the party.

Lloyd George is expected to advise King George to summon the conservative leader to form a government. Because the conservatives have the largest number in the house of commons, Andrew Bonar Law or the Earl of Doby is expected to be picked.

Law Succeeds George

LONDON, Oct. 19.—Andrew Bonar Law tonight consented to form a new ministry, says the Evening News. The king summoned Law after Lloyd George suggested him as his successor.

TWO TIMBER SALES LYCEUM COMING HERE

Government to Dispose of Large Tracts at Lakeview, Roseburg

ROSEBURG, Ore., Oct. 19.—Two big auction sales of government timber will be held in Oregon early next month, according to officials of the Cascade national forest, with headquarters here. The first sale will be November 1st at the United States land office at Lakeview, when 8,000,000 feet, mostly yellow pine, with smaller quantities of red fir, sugar pine and red cedar, will be offered to the highest bidder.

The second sale will be November 10 at the Roseburg land office. At this sale 50,000,000 feet of red fir and 7,555,000 feet of hemlock, white fir and red cedar will be auctioned off. Successful bidders will be allowed ten years in which to remove the timber from the land.

REDS CAUSE UPRISING

Lawlessness Reigns in Vladivostok as Army Approaches

TOKIO, Oct. 19.—Lawlessness reigns in Vladivostok because of the approach of the victorious "red" army, say official dispatches. The French consulate was attacked yesterday. Foreigners have appealed to their governments for protection and the American consul has engaged as a refuge for Americans a building flying the American flag and guarded by the guns of an American cruiser.

WEATHER PROBABILITIES

The Cyclo-Stomatograph at Underwood's Pharmacy reached a "high" of 30.4° at noon today, being the highest pressure recorded in several weeks. A continuation of present weather conditions is indicated. Forecast for next 24 hours: Fair; probably cool, with variable winds.

The Tycoos recording thermometer registered maximum and minimum temperatures today as follows: High 54, Low 34.

Quaranters Meet Tonight to Plan Sale of Tickets

A meeting of the 50 Quaranters of the Ellison-White Lyceum will be held in the chamber of commerce rooms at 5:00 o'clock today for the purpose of making arrangements to dispose of sufficient season tickets to insure the financial success of the winter program.

The first number will be given early in November, and includes Thurlow Learance, noted American recorder and composer of Indian melodies, including "By the Waters of Minnetonka," and Edna Woolley Learance, dramatic mezzo-soprano, assisted by George Tuck, concert flutist, in songs, stories and legends of the American Indian.

The Lyceum is said to be one of the best on the Ellison-White circuit and one that will give Klamath Falls an opportunity to listen to talent of the first class during the winter months.

GUARD COMPANY MAY BE FORMED IN THIS CITY

Possibility of Armory and Increased Payroll Seen; Investigation on

Formation of a national guard company here was discussed at a meeting in the American Legion club rooms last night which was attended by Adjutant General George White, local ex-service men and others. Dr. T. C. Campbell, W. T. Lee and R. E. Bradbury were named as a committee of investigation.

Should a national guard be formed here, according to the committee, it would mean the distribution locally by each year of \$10,000, and the guard would be without expense to the community. As the government is anxious to establish several new guard companies in Oregon, it is believed Klamath Falls would be assigned a company. This, it was pointed out, would probably lead to the construction of an armory which would provide a public hall for all public gatherings.

Committee Named

A committee composed of Harold Merriman, H. E. Geis and W. A. Waggoner was appointed to determine the number in favor of joining a national guard. Seventy-five are required before a company can be formed and they must be between the ages of 18 and 45. One and one-half hours given once a week to drill and each man \$2 paid for his services. Two weeks campment is required sometime during the summer months, all members of the guard participating.

As soon as public sentiment can be determined another meeting will be called in which time more definite plans will be undertaken. If the government feels that there are 75 men in Klamath county willing to be members of its reserve corps, a regular army man will be sent in to assist in the organization.

S. P. WOULD RETAIN CENTRAL PACIFIC PENDING HEARING

Application for Temporary Control Filed With Interstate Commerce Commission

WASHINGTON, Oct. 19.—The Southern Pacific company Tuesday filed with the interstate commerce commission an application for authority to control temporarily the Central Pacific, pending the determination of the proceedings now going on before the commission for the consolidation of the railroads of the country into a limited number of operating systems.

This law restricting such consolidations in accordance with a plan to be prepared by the commission and also authorizes the commission to permit control of one railroad by another through lease or stock ownership whenever found by the commission to be in the public interest and expressly exempts the carriers involved in either case from the provisions of the Sherman anti-trust act.

Control Temporary

The control applied for is temporary in character in that this subject to be terminated by order of the commission when, and if, found to be inconsistent with the plan of consolidation which congress has directed the commission to make.

The application is based on provisions of the transportation act of 1920 which gives the commission power to authorize one carrier to acquire control of another by lease or stock ownership whenever it finds that such control is in the public interest and which expressly exempts a control, so authorized, from the provisions of the Sherman act.

Would Prevent Dismemberment

Its object is to prevent, according to the petition of the Southern Pacific, immediate dismemberment of the Southern Pacific system, which would otherwise result from a recent decision of the supreme court and to preserve the status quo pending an orderly determination and promulgation of the commission of its final plan of consolidation.

RESCUED FROM CANAL PORTLAND POLICE

Mother Attempts to Drown Herself and Two Young Children

ONTARIO, Ore., Oct. 19.—Two children of John Driskell, a rancher living three miles east of here, aged four weeks and two years, are dead, and Mrs. Driskell, the mother, is in serious condition today after being taken from an irrigation canal last night.

Driskell found a note saying the mother intended to drown herself and the children. The bodies of the children were found and Mrs. Driskell was dragged from the canal and resuscitated. The mother is believed temporarily deranged through worry over destruction part of their crop by a storm.

Two other children, four and six years, survive.

ARREST 201 I. W. W.; TOLD TO LEAVE CITY

Suspended Sentences of 90 Days Each Fixed by Municipal Judge Eckwald

PORTLAND, Oct. 19.—Suspended sentences of 90 days each were being imposed today by Municipal Judge Eckwald on 201 alleged Industrial Workers of the World arrested last night in connection with the longshoremen's strike called by the I. W. W.

The police announced that the prisoners would be conducted to the city limits late today in three groups and given an opportunity to leave. William Ford, strike leader, said the strike would continue without violence.

PRIZES FOR ESSAYS

Members of Pig Clubs to Write on Care and Feeding of Pigs

Prizes totaling \$12, donated by the chamber of commerce, will be given to members of the boys' and girls' pig clubs for the five best essays on the care and feeding of pigs, Frank Sexton, county club leader, announced today.

Papers will be graded by a committee appointed by Sexton. Seventy-five per cent will be allowed for knowledge of the subject and 25 per cent for composition and neatness.

The five best essays will be awarded prizes as follows: First, \$5; second, \$3; third, \$2; fourth, \$1. The winning essays will be published, from time to time, in The Evening Herald.

Fifty boys and girls enrolled in the pig clubs of Klamath county will compete for these prizes.

NEW ORLEANS, Oct. 19.—Removal of Brigadier General Charles E. Sawyer, President Harding's personal physician, on federal hospitalization board, charged with blocking the American Legion hospitalization program, was demanded by the Legion convention today. The vote was 691 to 375.

General Pershing addressed the convention today.

ANOTHER LARGE LAMB SHIPMENT LEAVES COUNTY

6,540 Feeders Sent to Utah for Fattening by Ballantine and Bicknell

Another heavy shipment of feeder lambs, totaling 6,450, purchased in this county by Ballantine & Bicknell, left here yesterday for Utah. A further shipment of 4,800 will be made to Billings, Montana, Monday by the same name.

This makes approximately 15,350 feeder lambs shipped by Ballantine & Bicknell within the past 30 days. Four thousand were shipped to Utah in September.

Price \$5 to \$7. The lambs are bringing from \$5 to \$7 per head or from 10 cents to 10 1/2 cents per pound, the above purchases alone distributing more than \$90,000 among Klamath county sheep men.

This is the first year lambs have been shipped from this county for fattening by this firm. Lower feed prices in Utah and elsewhere are the reasons given. The firm fattens for market annually 300,000 lambs.

FARMING NEED SEEN

Diversified Crops in Each Section of Country Held Essential

CLEVELAND, O., Oct. 19.—More diversified farming in order that each section of the nation could produce its entire food supply and prevent dependence upon railroads when transportation facilities break down through strikes and other causes, was urged by W. E. Ward, food inspector of Brookline, Mass., in an address here today before the food and drug section of the American public health association.

Ward also urged federal supervision over interstate shipments of milk and other dairy products and advised the use of refrigerator cars for the transportation of milk, cream and supplies for those cities which receive their product from distant points and suggested trying out co-operative purchasing organizations of consumers.

The speaker declared that education of the public through the public schools and health officials in matters of food economics would have a great public health value.

Prohibition has more than doubled the work of inspections of soda fountains and soft drink manufacturing plants, declared James P. Kilcourse, chief of the bureau of food inspection of the Chicago department of health.

"Six years ago there were 63 manufacturers of soft drinks in Chicago. Today there are 138. The rapid expansion of the business has resulted in a great deal of carelessness," Kilcourse said. "In April, 1922, Dr. Bunderson, commissioner of health, ordered a drive on all soft drink establishments which resulted in a general cleanup, white washing, scrubbing, cleaning and painting.

"Several licenses were revoked because the manufacturers persisted in using bottles and siphons of other dealers, thus making it impossible to check the responsibility for unsanitary conditions."

CHILDREN WIN PIGS

Carl Kiger and Loren Calhoun Get Awards of Roy Nelson

Roy Nelson of Worden, breeder of pure-bred Poland China hogs, offered two pigs as prizes to the boy or girl enrolled in pig work who should win the first prize on the exhibit at the county fair. A pure-bred sow pig was offered to the winner in the year-old pig class and a pure bred boar to the winner in the spring pig class. Carl Kiger of Lone Pine district was awarded the boar pig and Loren Calhoun of Miller Hill district won the sow pig.
