OFFICIAL PAPER OF KLAMATH COUNTY AND OF KLAMATH FALLS

Sixteenth Year—No. 6158.

KLAMATH FALLS, OREGON, MONDAY, OCTOBER 23, 1922.

PRICE FIVE CENTS

TRIAL OF MRS. OLLIE BLOWERS STARTED TODAY

Road House Proprietor Is Charged With Murder of Mexican Sheep Herder

Trial of Mrs. Ollie Blowers, indicted on a first degree murder charge in connection with the death of Tom Montoya, Mexican sheep herder, opened in the circuit court at 10 o'clock this morning.

Mrs. Blowers was arrested following the shooting of Montoya near her roadhouse on the Dalles-California highway near Crescent September 1. At a preliminary hearing a week later she was bound over to the grand jury and bail fixed at \$10,000.

Footprints Brought Arrest. Circumstantial evidence in the form of a woman's footprints where Montoya's body was found, which were traced back to a point near the roadhouse, led to the arrest of Mrs. Blowers.

A search failed to reveal shoes to match the tracks but the officers expressed the belief that the shoes had been burned in the fireplace, where a hot fire had been maintained. The fire was extinguished by the officers but was burning when they returned to the house later, they said.

Mrs. Blowers did not testify at the preliminary hearing but appeared before the grand jury when given an opportunity, although not required to do so. Her indictment followed.

Three Questions Paramount. Whether the state will be able to convict the defendant on the circumstantial evidence so far presented, whether evidence will be introduced which will implicate another in the murder, or whether Mrs. Blowers will clear herself and escape the death penalty, are the paramount questions in the case.

Up until 1:30 this afternoon seven jurors had been examined, neither side having exercised their right to challenge. Two jurors were excused upon cause, H. D. Mortenson of Pelican City and G. W. Howard of Bonanza. Attorneys did not expect to complete the jury today.

CITY GETS PUBLICITY

San Francisco Newspaper Represented on Trade Excursion

That valuable publicity for Klamath Falls and Klamath county will follow the visit here of San Francisco chamber of commerce excursion no one will doubt who sees the San Francisco newspapers carrying the stories sent by the correspondents accompanying the excursion.

UNMERGER IS UPHELD

Resolution Adopted by Citizens at Mt. Laki Saturday Evening

A resolution upholding the rail road unmerger action of the United States supreme court and condemning the Southern Pacific for alleged failure to fulfill promises of rail road construction was adopted at a meeting of citizens at Mt. Laki school house Saturday evening.

WEATHER PROBABILITIES

The Cleo-Stormograph at Underwood's Pharmacy registered a downward trend this morning, but as the high pressure reached last week has not been greatly impaired no immediate change in weather conditions is looked for.

Forecast for next 24 hours: Fair, probably warmer. Disturbance approaching from southwest. The Tycoos recording thermometer registered maximum and minimum temperatures today, as follows: High 65, Low 29.

KLAMATH GRIDIRON WARRIORS DEFEATED BY MEDFORD ELEVEN

Final Score, 34 to 0; Local Players Show Fighting Spirit Despite Advantage of Opponents

Outweighed at least 15 pounds to the man, Klamath high school football warriors suffered defeat at the hands of Medford high Saturday afternoon by a score of 34 to 0.

Medford ran up 29 points in the first quarter before Klamath got into the game. In the second quarter, however, Klamath showed a fighting spirit that prevented their heavier and more experienced opponents from scoring. Medford scored her fourth touchdown in the last half of the third quarter after a long end run by Booney, quarterback. The fifth and last touchdown was scored after a bad punt from Klamath's 10-yard line.

Local Players Star. Singler, fullback, Booney, quarterback, and Watson and Donovan, ends, starred for Medford. Mills, halfback, Motesbacher, fullback, Peyton and Dow, quarterbacks, were Klamath's most brilliant performers. Christy, Klamath's tackle, received a broken collar bone in the first half and will be unable to play again this year.

Despite their apparent weight, time was taken out frequently for Medford players. Stewart, center, had his nose broken, Perl, guard, suffered a broken finger. Greener, tackle, received an injured leg. Several others sustained minor injuries but were able to continue.

Klamath's fighting spirit increased as the game progressed. Not only was the Klamath eleven greatly outweighed, but all except two of the Medford players had earned their letters, while many of the Klamath players have not played before. Singler, Medford's star fullback, played center with Klamath 10 years ago.

Team Has Promise. With the material on hand, however, some promise is seen for Klamath. Although eight of the team graduate this year, nine remain to form the nucleus for a stronger team next year.

Following is the game by quarters: First Quarter. Medford kicked off. Klamath lost ball on intercepted pass. Successive plays and intercepted passes scored touchdowns for Medford. Medford failed in one try for point. Klamath's line showed weakness. Score, 29 to 0.

Second Quarter. This was the hardest fought of all, the ball remaining in the center of the field. Klamath's punting showed up well and kept the ball safely out of Klamath territory.

Third Quarter. Klamath on offensive throughout quarter was within scoring distance twice. Medford scored in the last few minutes of play as a result of a brilliant run by Medford's quarter. Three of Medford's men were taken out on account of injuries, and much time was lost through minor injuries to Medford players.

Fourth Quarter. Klamath showed strength at times and frequently was able to hold Medford, but was unable to prevent a score which resulted from a poor punt by Robertson from the 10-yard line. Klamath showed her spirit by holding Medford on the five-yard line for three downs, the ball going over on the fourth. Score, Medford 34 Klamath 0.

Players. Medford: Donovan, L. E., Dressler, L. T., Perl, I. G., Stewart, C., Nicholson, R. G., Bateman, R. T., Watson, R. E., Baumman, I. H., Williams, R. H., Singler, F., Booney, Q. Substitutions: Johnson for Donovan, Glascock for Perl, and Pipras for Dressler. Klamath: Cantrall, L. E., Christy, I. T., Turner, I. E., Jeffers, C., Clark, R. G., Moorland, R. T., Hogue, R. E., Dow, G., Garlick, I. H., Mills, R. H., Motesbacher, F. Substitutions: Polix for Christy, Peyton for Dow, Hargus for Clark, Malers for Hogue, Robertson for Garlick.

Referee, White; Umpire, Henry.

UNION SERVICES DRAW

Over 300 people crowded the Christiana church at the Union services last night, according to the Rev. A. B. Bristol, Evangelist Johnson of Prineville, who has been conducting revival meetings here during the past week, preached the sermon.

OFFICERS SEEK PAIR WHO HELD UP MOTORISTS

Daring Highwaymen Believed to Have Fled in Direction of Klamath Falls

Officers here today are on the lookout for two men, said to be driving a Buick car, license number 99695, who are reported to have held up four cars on the highway near Medford Saturday night and robbed occupants of watches, jewelry and money. If the license number is correct, the car is one belonging to a man named Selge, living in Gold Hill, according to Deputy Sheriff Det. Hawkins, who thinks the car was stolen from Selge.

In the absence of Sheriff Low, Deputies Hawkins and Barnes took charge of the case and spent all day Sunday on the Green Springs mountain road hoping to apprehend the highwaymen, but without success. The Jackson county sheriff believed the men had headed in this direction.

BEATS WIFE TO DEATH

Verdict of Justifiable Homicide Returned by Coroner's Jury

FRESNO, Calif., Oct. 23.—Mrs. Clara Harlow, 19, was beaten to death by a shotgun butt yesterday by her husband, George, A. Harlow. Coroner's jury returned a verdict of justifiable homicide. Harlow came here from Rogue River, Oregon, three years ago.

Harlow declared he came home and found his wife, not expecting him, in company with a 19-year-old youth. His wife and the visitor fled and Harlow got a gun and pursued. He fired but missed, but later overtook his wife and beat her on the head, crushing her skull. The youth later was arrested at the home of his parents.

TO TEST FIRE ALARM

New System Will Be Tried Out Tomorrow; Bell to Ring Often

The fire bell will ring often tomorrow. This is not a prediction of fires, but is the statement of Fire Chief Ambrose, who says the new alarm system will be tested out. If the bell rings at frequent intervals, he said, citizens should not leap to the belief that the city is burning down.

MUTUALLY BENEFICIAL

THE pot-luck reception accorded the San Francisco trade excursionists by Klamath people made a hit with them beyond question.

There was no special effort to provide unusual entertainment. There was a program, of course, but it merely sketched the outlines. The visitors had the fullest possible freedom to complete the picture to their individual likings.

The members of the party represented large interests. Their judgment in business matters goes far. They are in a position to pass out business favors.

At times on the tour, it was whispered, attempts had been made to take advantage of this position.

But Klamath asked nothing. Klamath, in the limited time afforded, gave them a glimpse of its resources. There was no suggestion of barter.

They are busy men, business men, and were on a business mission. Their Klamath hosts tried to lighten their cares for a day.

But between acts, and in the public expressions of their speakers, the San Franciscans talked business. To most of them this was new territory, and they were impressed with its possibilities.

As one speaker expressed it, political lines are fixed, but the lines of human sympathy are elastic.

They moved, by formal resolution, to bend the line of human sympathy, regardless of the fixity of the geographical boundary, so that Klamath county will be taken into the program for Northern California development, which contemplates the expenditure of \$400,000 to attract home-seekers during the next year.

Community-builders themselves, we believe they appreciated the community-building spirit of Klamath.

Klamath certainly appreciated their spirit of friendliness and good will. Everyone who was thrown in touch with the party and its entertainment, realizes through the exemplification given by the visitors, a little more of what "the California spirit" means, and why California leads the West in accomplishing its desires for material progress and higher ideals.

Certainly the bonds of friendship are tightened between San Francisco and Klamath Falls by the visit. An alliance launched so auspiciously, if we do not expect too much of it, if we do not expect the San Franciscans to do all the sowing while we do all the reaping, will be productive of much good.

MISTAKEN FOR DEER, SHOT

PENDLETON, Oct. 23.—Elna Hunter, 24, of Birch Creek, was killed yesterday when mistaken for a deer by Jack Miller, of Pendleton, who fired at a movement in the brush.

LAW ACCEPTS POST

LONDON, Oct. 23.—Andrew Bonar Law today accepted from the king the task of forming a cabinet. He advised his majesty to dissolve parliament, which it is understood will be done Thursday.

DECORATED

AMOS HARDENBROOK DIES SUDDENLY ON DEER HUNTING TRIP

Report Received From Barnes Valley by Telephone; Heart Trouble Believed Cause of Death

Amos Hardenbrook, 68, a resident of this city since 1907, died late yesterday or this morning while on a deer hunting trip on the headwaters of Bear creek, Barnes valley, according to a telephone message received here this morning.

Hardenbrook, in company with George Blehn of Portland, formerly of this city, George Humphrey and another whose name was not learned, left here about one week ago. Friends here said he had been troubled with heart disease for some years. He is the father of Byron L. and Everett Hardenbrook of the Bluebird confectionery.

Funeral arrangements will be announced upon the return of Coroner Whitlock, who left early today for Barnes valley and is expected to return this afternoon with the body.

OLCOTT IS FAVORITE

"Weeping Walter" Pierce Considered Poor Bet in Race

SALEM, Ore., Oct. 23.—In the parlance of the sporting world, "Weeping Walter" Pierce for governor is a poor bet.

Among those gentlemen who follow closely the election developments and back their favorite candidates with money there is a marked scarcity of supporters for the democratic candidate.

For days now there has been one block of \$750 in Olcott money waiting takers at the George Waters cigar store, and within the past week there has been not a cent less than \$2500 offered on the Republican nominee without takers.

Mr. Waters, whose place of business is the clearing house for those gentlemen who make it a practice of speculating on their election judgment, announces that before election he will have a total of \$25,000 in Olcott money to offer.

SCIENTIST HONORED

Bronze Tablet Erected to Discoverer of Steel Making Process

DETROIT, Oct. 23.—The late William Kelly, scientist, hailed as the discoverer of the pneumatic process of steel making, has been accorded the honors denied him while he lived.

The honor is in the form of a bronze tablet placed in the door of the public library at Wyandotte, a suburb, said to be the birthplace of the American steel industry.

Steel men from all parts of the country witnessed the dedicatory ceremonies. The inscription on the tablet asserts the late Mr. Kelly was the discoverer of the process of steel making that has made the building progress of the world possible.

GUARD AGAINST I.W.W.

Portland Police Augmented by Additional Guards

PORTLAND, Oct. 23.—Police augmented by an extra squad of guards continued to guard today against an "invasion" of I. W. W. who, according to a statement of Mayor Baker, have selected Portland as the entering wedge for the beginning of operations destined to assume the proportions of a revolution.

Iver 100 men were picked up by the police last night and 67 were held on vagrancy charges.

The "American Civil Liberty Union" wired Mayor Baker from New York protesting against the arrests.

TWO ARE INDICTED

Clayton Kirk and Jason Charles Held by Federal Court

True bills were returned by the federal grand jury at Portland Friday against Jason Charles, charged with introducing liquor on the Klamath reservation, and Clayton Kirk, charged with violation of the prohibition act. They will stand trial on the charges indicated. A not true bill was returned against McKinley, Cowen, charged with selling liquor to Klamath Indians.

STATE LINE IS ERASED BY BAY CITY VISITORS

'Annexation' of Klamath to California Follows Meet With San Franciscans

Bent, broken and finally obliterated, the California-Oregon state line no longer exists in Klamath county. In its stead the 76 members of the San Francisco chamber of commerce trade expansion excursion established bonds of friendship binding Klamath county together with Northern California.

Furthermore, Klamath county has been "annexed." This move came when B. S. Hubbard at the smoker Saturday evening, saying that it had been decided to make a curve in the state line and also to extend the boundary of human sympathy, asked that a resolution be offered to that effect. The resolution was voted by a unanimous vote and with much acclaim. As a result, the visitors will probably return to help celebrate next California Admission Day.

Arrive By Special Train

The Californians arrived by special train at 4:30 p. m. Saturday. Following a dinner at the chamber of commerce shortly after their arrival, they spent the next hour or two calling on merchants of the city. This was followed by a smoker at the White Pelican hotel. Sunday was spent in Merrill, Malin and Tule lake sections and a basket lunch was served at the Dalton ranch at noon. The special left on the return trip at 6 p. m. Sunday.

From the moment of their arrival until their departure, the San Franciscans displayed the utmost friendliness and good feeling toward Klamath. This was expressed toward Klamath Falls and surrounding territory. The size of the city, the evidences of progress and growth, the modern stores and window displays, and the warm greetings extended them were the cause of much favorable comment on the part of the city's guests. Many declared that reception tendered them here was more cordial than that of any of the 29 cities and towns visited on the week's tour.

Visitors Welcomed

M. S. West, president of the chamber of commerce, made a brief address of welcome at the banquet. E. B. Hall presided. Songs delivered with a force never excelled in the chamber rooms served to enliven the occasion.

The smoker was opened with an address of welcome by Mayor W. B. Wiley, E. B. Hall was chairman and B. S. Hubbard presided for the visitors.

"This has been the heartiest welcome we have received on the tour, during which we have visited 29 cities," said Hubbard. "And know this welcome comes from the bottom of your hearts."

Resolutions Offered

At this juncture the annexation resolution was offered by James D. Decatur at Hubbard's suggestion.

W. O. Smith told of the resources of Klamath county, giving statistics as to the timber wealth, agricultural development and manufacturing. He lauded the spirit that brought the San Franciscans here, declaring that same spirit had made San Francisco the greatest city of the west.

W. C. Kiefer, general agent of the American Railway Express company, delivered a rapid-fire talk on co-operation. He compared the progress of America since pioneer days, attributing the upbuilding of the country to co-operation.

H. D. Mortenson of the Pelican Bay Lumber company supplemented the figures given by Smith, saying that at the present rate of cut it would take 150 years to remove the 30,000,000 feet of Klamath pine timber. With the better transportation facilities, he said, the cut would increase. He told of the forest service persuasion policy, more highly developed in Klamath than in any other portion of the west.

Explains Development Plan. Dr. B. M. Rastall, industrial engineer, San Francisco chamber of commerce, told of the Northern California development plans made possible
