OFFICIAL PAPER OF
KLAMATH COUNTY AND
OF KLAMATH FALLS

Sixteenth Year.—No. 6162.

KLAMATH FALLS, OREGON, FRIDAY, OCTOBER 27, 1922.

PRICE FIVE CENTS

W. P. RAILROAD IS INTERESTED IN KLAMATH CO.

Further Data Relative to Resources Requested of Chamber

Interest in the resources of Klamath county, aroused by the figures presented by W. O. Smith at the smoker held last Saturday for the San Francisco trade excursionists, was expressed by the Western Pacific Railroad company in a letter to the chamber of commerce. The letter asks for further data relative to the resources of Klamath county and is signed by Theo. Harter, assistant general freight agent, who says he desires to make a report to the executives of the railroad. Harter attended the smoker.

Following is the full text of the letter:

The writer at the smoker held at Klamath Falls Saturday evening last was very much interested in the data given as to the resources of the Klamath Falls district and Klamath county.

As I recall, it was stated that 21,114 carloads of lumber were shipped from Klamath Falls territory in 1921. Is it possible to ascertain what the approximate percentage of this total is destined to trans-continental territory, viz., Colorado and east?

Figures were given as to the acreage under irrigation, the contemplated acreage to be placed under irrigation, and irrigation projects being constructed and proposed. If you could give me the details relative to this matter, I would appreciate it, outlining the location of this acreage. The reason for this request is, I would like to know whether this acreage is susceptible to the present rail facilities located where it is not reached by rail except through a considerable haul to the Southern Pacific.

Also statistics relative to the tonnage of grain and other agricultural products shipped from Klamath Falls country, giving destination as approximately as possible.

It was stated that 789 cars of cattle and 1,000,000 lbs. of wool were shipped from Klamath Falls. I assume that the major portion of these cattle were destined to California points, and principally to packing houses in California. Has there been any movement of sheep and hogs in your territory, and if so, the approximate amount?

I am very much interested in the resources of your county, and I am requesting this information that I may make an intelligent report on the matter to our executives.

APPRECIATION SHOWN

San Franciscans Say Reception Here Best on Entire Trip

Expressions of appreciation for the reception given them here have been received by Secretary Stevenson of the chamber of commerce in letters from two members of the excursion, A. Hirschfeld of Levi Strauss and company and R. D. Williams of the Sacramento Northern railroad.

"We all knew that Klamath Falls would be with us heart and soul, but we little thought there would be such an outpouring of sincere affection, and Klamath Falls will forever stand for us in a class by itself," said Hirschfeld. "We shall always look forward with pleasure to the prospect of a renewed visit."

"Never has it been my privilege," said Williams, "to be so cordially received and so royally entertained as I was while in Klamath Falls and I wish to thank you for your part in it and compliment you on your good fortune in being identified with such a fine lot of people."

WEATHER PROBABILITIES

The record upon the Cyclo-Stormograph at Underwood's Pharmacy shows that the barometric pressure rose slowly, but steadily, after midnight, chasing the high winds from our vicinity. We are not yet out of the "storm area" and unsettled conditions will prevail tonight.

Forecast for next 24 hours:—Fair weather with brisk winds, cooler.

The Tyco's recording thermometer registered maximum and minimum temperatures today, as follows:
High 49
Low 36

BUSINESS MEN OF CITY OPEN PURSES TO STUDENT FUND

Season Tickets for Athletic Entertainments Are Purchased Liberally From Committees

Klamath Falls business men today opened their purses and came to the aid of the high school athletic fund when two committees, one on each side of Main street, asked them to buy season tickets for high school student body athletic entertainments.

The team on the north side reported a 100 per cent score. In little over an hour 40 tickets were sold at \$5 each, without one refusal, realizing \$200 for the fund. This team was composed of W. O. Smith, Charles Roberts, Ed Vannice and two members of the student body, Roland Cantrill and Albert Moreland.

Sell 22 Tickets

The south side team, composed of H. N. Moe, Charles Roberts and, this afternoon, by H. M. Manning, accompanied by Buford Hargus and James Manning of the student body, sold 22 tickets, realizing \$110. In addition, both teams sold a number of single tickets to the game tomorrow.

Sale of the tickets was undertaken at the instigation of members of the Rotary club, who were impressed with the game fight the football team put against the heavier and more experienced Medford team, and who believed that since no athletic facilities were furnished at the high school the boys were entitled to the support of the business men. The funds will go into the student body treasury to be used as directed by the students.

Sale to Continue

Persons who are not visited by the committee and who desire to purchase tickets, are requested by the committees either to mail their checks to Albert Moreland, president of the student body, or to communicate with some committee member, who will call. Sale of tickets will continue this afternoon and tomorrow, until the canvas has been completed.

Klamath will play Ashland tomorrow at Medford park and in view of the interest aroused in the students' activities an unusually large attendance is expected.

Following are those who purchased season tickets:

W. T. Lee, W. O. Smith, W. S. Wilcox, E. W. Vannice, J. F. Kimball, John C. Boyle, George Mangue, Fred English, Tom Dezell, Dell Gammon, R. E. Dewesse, Leslie Rogers, Lloyd L. Porter, A. M. Collier, J. A. Gordon, C. B. Crisler, O. D. Burke, Ida B. Moyer, Geo. E. Stevenson, A. P. Glover, Houston & Jester, R. E. Smith, A. B. Wilson, The Bluebird, Hector & Van Bellen, Gertrude & Co., The Mecca, K. Sugarman, G. C. Lorenz, N. B. Drew, W. C. Davenport, O. Larson, McDonalds, J. E. Swanson, Gun Store, E. H. Lawrence, Triangle Cafe, Underwood's Pharmacy, Oscar Peyton, J. J. Miller, E. B. Hall, C. J. Cizek, John Vale, Whitman Drug, C. H. Barnstable, E. M. Bubb, J. T. Perkins, Club Cafe, C. D. Garrelon, A. C. Gienger, J. E. Enders, Waldorf Barbers, Wm. Ganong, W. H. A. Reamer, H. M. Manning, R. C. Groesbeck, Dr. H. D. L. Stewart, Dr. J. H. Carter, James Driscoll, H. N. Moe, C. I. Roberts, Dr. G. H. Merryman.

TWO HELD FOR THEFTS

Sheriff Arrests Men Wanted by Siskiyou County Authorities

Westley Taylor and Walter Davis, two young Californians, were arrested yesterday by Sheriff Low on the road this side of Keno, and brought into town on the charge of stealing goods from a school house in Siskiyou county and for stealing a wheel off a car belonging to Miss Ruth Varuum. Roy Taber arrived from Dorris yesterday afternoon and returned with the prisoners who will answer to the charge in the Siskiyou county courts.

W. S. Maher and Pete Quevillon were arrested near Algoma yesterday by Sheriff Low and lodged in jail here charged with having moonshine in their possession and operating a motor vehicle while intoxicated. Their car, which was wrecked, will be confiscated by the state, according to the sheriff.

BISHOP KILLED BY WOMAN WHO TURNS SUICIDE

Rev. Christler, Best Known Minister of Montana, Shot to Death

HAYRE MOUNT, Oct. 27.—The Rev. Leonard Jacob Christler, rector of St. Mark's church of the Episcopate at Hayre, best known minister of Montana, missionary to Milk River valley and widely known as the "Bishop of all out doors" was shot and instantly killed in his home here at 1 o'clock this morning by Mrs. Margaret Carleton, wife of former Judge Frank Carleton of the district of Court Hill county, who then committed suicide.

The woman returned recently from a summer spent as superintendent of an eastern chautauque circuit. The two families had long been friends.

She left no word of explanation for the shooting.

Mrs. Carleton had called at the Christler home and on leaving was followed into the hall by the Rev. Christler, who closed the door behind him, according to a story told by Mrs. Christler. The shooting then occurred. Mrs. Christler found in the bodies when she opened the door.

4 FUGITIVES SOUGHT

Sheriff's Office on Lookout for Men Wanted in Burns

Four men driving a Ford car, wanted in Burns on felony charges, are being sought here today by the sheriff's office. It was reported they came here via Lakeview and when seen on the road leading to this city one of the men was sitting on a roll of bedding in the back seat with a gun across his knee. They were said to have been clad in blue overalls.

FUNERAL FOR INFANT

Funeral services will be held at Whitlock chapel at 3 o'clock Sunday afternoon for James Voehl, two-year-old son of Mr. and Mrs. Angela Voehl of Pelican City, who died yesterday after a brief illness. Father Marshall will conduct the services.

FOOTBALL PLAYER DIES

ALBANY, Oct. 27.—Maynard Bil-you, 17, quarterback on the Albany high school football team, died today from injuries suffered last Friday in the game at Salem.

Legion Head

Alvin M. Owsley of Texas has just been elected national commander of the American Legion at the New Orleans convention.

TURKEY PRICES TO BE HIGH THIS YEAR, REPORT INDICATES

Decreased Production Blamed in
Announcement of Department
of Agriculture

WASHINGTON, Oct. 27.—Forebodings of high-priced turkeys this year are seen in agriculture department announcements that despite a steady increase in the price of turkeys production has steadily decreased. The average price received during the four months October to January 1915-1916 was 15 cents a pound. The average price received during a similar period of 1920-21 was 32 cents per pound, according to the department's figures.

In 1909 the census figures showed 6,594,595 turkeys on farms in the United States, while in 1910 there were only 3,688,798 and in 1920, there were 2,627,928. During the last six years the price of turkeys has increased to the producer more than 100 per cent, while during the past 20 years the number of turkeys produced has decreased about 50 per cent, the department adds.

The difficulties of raising turkeys is given as the reason for the production decrease. They are hard to raise, because of wandering propensities and a disease known as "blackhead" to which they are easy prey. It is very difficult to ship live turkeys to market and when shipped dressed there is a large amount of "shrinkage."

However, the raising of turkeys may be a very profitable occupation where there is an abundance of range, ample feed and reasonable freedom from predatory animals, the department adds.

CHURCHMAN TO BE CALLED IN DOUBLE MURDER

Newly Discovered Witness Said to Have Been Near Scene of Slaying

NEW BRUNSWICK, Oct. 27.—Deputy Attorney General Mott stated today that he had found a person who corroborated the story told by Mrs. James Gibson, who witnessed the Hall-Mills murder.

NEW BRUNSWICK, N. J., Oct. 27.—Wilbur A. Mott, special deputy attorney general, who has taken over the inquiry in the Hall-Mills murder mystery, was expected to interview a prominent churchman today in an effort to corroborate the statements of Mrs. James Gibson, eye-witness of the double slaying.

Mott indicated he intends to cause the churchman's arrest unless he agrees to become a witness for the state. The failure of the man, said to have been near the scene of the murder, to give the authorities his alleged knowledge has laid him liable to arrest, Mott believes.

Mott said he had data showing this man discovered letters of Mrs. Mills to Rev. Hall, and that his car was parked near the crabapple tree on the Phillips place.

CRIME WAVE SPREADS

Los Angeles Police Force Increased;
Traffic Congestion Grows

LOS ANGELES, Oct. 27.—Further enlargement of the Los Angeles police force to cope with increasing crime and traffic congestion is being urged by Louis D. Oaks, chief of police. The personnel of the department has been increased from 768 to 1,100 members in the past two years, but the chief is trying to get 100 more uniformed men and has declared that even with these the police force will not be in keeping with the city's needs.

The officers taken on since 1921 have been absorbed by the traffic department and two additional division stations established in residential sections. Because of the growth of the city, which has run to new districts of small houses, Los Angeles is no better policed with 1,100 officers than it was with 768, according to the chief.

Police statistics show that in the past two years traffic accidents in the city have been doubled, rising from 10,284 in 1920 to 22,275 in 1922.

U. S. POPULATION CENTER FOUND TO BE NEAR FT. WAYNE

Allen County, Indiana, Gets Honor;
Foreign Born Whites Show
Westward Movement

WASHINGTON, D. C., Oct. 27.—The department of commerce announces that the center of foreign-born white population as determined by the bureau of the census on the basis of the fourteenth census enumeration, taken January 1, 1920, is located in latitude 41 degrees, 3 minutes, 45 seconds, and longitude 84 degrees 49 minutes, 17 seconds, being in the eastern part of Allen county, Indiana, about 10 3-4 miles east of New Haven and 15 miles east of Ft. Wayne.

For the first time in three decades the center of foreign-born white population showed a western movement. From 1890 to 1900 it moved 34.5 miles in an easterly direction, and from 1900 to 1910, 8.5 miles in a south-easterly direction. At the latter census the center was located in DeLancey county, Ohio, but in 1920 it moved just across the state boundary line in Allen county, Indiana. The center in 1890 was located in Monroe county, Michigan, and in 1890 in Noble county, Indiana so that in thirty years the center has returned to the state in which it was located in 1890.

The change in direction of the movement of this center from east to west is due principally to the increase in foreign-born white population in the state of California. The total increase in the foreign-born white population of the United States was 367,209 and the increase in the states of Texas, California and Arizona was 316,222, or 86 per cent of the total increase.

Twenty states showed an increase in this element of their population from 1910 to 1920; ten of them were states east of the center and seven were states west of the center. The western states, however, had much greater increases in their foreign-born white population than the states east; the largest increases were in California, Michigan and Texas.

H. E. WOODS VERY LOW

Injuries Received in Fall at Copco
Prove Dangerous

H. E. ("Hi") Woods, who was badly injured a week ago at Copco, California, when the platform he was standing on broke, throwing him 52 feet down through one of the water gates of the dam, is "just alive and that's all," according to his father-in-law, D. M. Smith, who returned from Yreka last night. Although Woods has been conscious at all times since the accident, the pain from torn muscles and internal injuries is so great it has not been possible to move him and make a thorough investigation. Mrs. Woods is the only visitor who is allowed in the sick room.

NO LIQUOR ON SHIPS

Federal Judge Hand Rules Against
Suits of Steamship Companies

NEW YORK, Oct. 27.—American steamships cannot carry or sell liquor in any part of the world. Federal Judge Hand held today in a decision dismissing the suits of two American steamship companies to enjoin enforcement of the Daugherty prohibition ruling.

MEDICAL MEN ELECT

Dr. E. B. McDaniel Named Head of
State Association

PORTLAND, Oct. 27.—Dr. E. B. McDaniel, of Portland was elected president of the Oregon State Medical association today. Dr. Joseph Pettit, of Portland, was elected delegate to the American medical association convention.

FORD CAR IS STOLEN

Auto Belonging to G. S. Row Taken
From Parking Place

Theft of a Ford car, license 72248, belonging to G. S. Row, from its parking place on Seventh street, was reported to the sheriff's office yesterday. No trace of the car had been found up until noon today.

52 MAKE ENTRY IN TULE LAKE LAND DRAWING

46 Are Successful in Gain- ing Desired Tracts; 20 Klamath Residents

Forty-six of the 52 ex-service men who filed on tracts of the Tule lake land, recently thrown open to homestead entry, were awarded the tracts they had chosen when the drawing was made in the chamber of commerce rooms at 3 o'clock this afternoon.

The six who had filed on the same tract as that filed on by some other applicant will be given 10 days to make a new filing. Since there are nearly 180 tracts in the area, it is considered that their chances for choosing a desirable tract are almost equally good.

Merwin E. Stewart of Kent, Washington, was the first name drawn. Robert S. Adams of Merrill and Paul Q. Simpson of Roseburg were second and third.

Twenty of the 46 were Klamath county ex-service men.

ROAD AID IS URGED

Medford Chamber Would Complete
Highway to Klamath Falls

MEDFORD, Oct. 27.—A motion was passed unanimously by the chamber of commerce forum recommending that the board of directors and the chamber of commerce institute an educational campaign in popularizing the passage of the proposed issue of road bonds to the extent of \$100,000 for the completion of the Klamath Falls-Ashland highway and the construction of a road over Rogue river at Gold Hill.

According to one of the principal speakers, County Judge Gardner, who made a report of the road work in Jackson county during the past year, the proposed bond issue will complete all the state highways in Jackson county. When all state highways in the county are complete the state highway department takes over the responsibility of maintaining the roads and this unburdens the county of thousands of dollars annually which may be put to good use in building better lateral roads.

George T. Collins spoke in favor of the issue and the completion of the Klamath Falls road especially as he stated that there is an attractive market in Klamath and Lake counties for the products grown in the Rogue River valley. The speaker stated that as soon as a good road is completed to Klamath Falls that the market will be developed and the produce handled in a proper, uniform manner.

ATHLETIC NEED SEEN

Colonel Leader Says Westerners
Don't Know How to Play

UNIVERSITY OF OREGON, Eugene, Oct. 27.—"Here in the west you don't know how to play," declared Col. John Leader, formerly in command of the University of Oregon R. O. T. C., in a farewell address recently to faculty and students. Colonel and Mrs. Leader will leave for England early next month where they will make their home in the future.

Col. Leader declares that too much emphasis is placed on inter-collegiate athletics at the expense of intra-mural athletics. Great numbers sit in the bleachers and watch selected groups engage in athletic contests while the vast majority never take part in competitive sports.

"The greatest education I ever got in my life was on the playing field," declared the speaker. "Competitive athletics teach initiative, esprit de corps, leadership and doggedness. I can't help but contrast the life of the people of Canada with that of the people of the United States. Go to British Columbia and you will find every man and woman playing a different game every day of the year. If the Americans followed this custom they could get more amusement out of life."

MARKET REPORT

PORTLAND, Oct. 27.—Cattle steady to strong, choice steers \$8.50 to \$7.75; hogs, sheep, eggs and butter steady.
