The average monthly fuel bill for all homes in Klamath Falls using electricity is

\$5.50

When you consider that this includes those who have electric water heaters which furnish hot water at all hours, day or night, you can see that electricity is an economical fuel compared with wood.

THE BETTER WAY

Then there is the house cleaning cost which is saved; the early rising in the cold to start the fire which can be avoided, and the greater satisfaction of having a uniform cooking heat all the time.

Call at our office and let us explain the ease with which you can change from the old wood stove to the modern electrical way.
