TONIGHT AND FRIDAY FAIR**VOTERS URGED
BY HUGHES TO
SUPPORT G.O.P.****Asks Return to Office of
Those Who Have Stood
by Administration**

JERSEY CITY, N. J., Nov. 2.—During that the present campaign the democratic leaders are waging is "futile controversy with no promise of achievement," Secretary of State Hughes asked the voters of the country in an address here to uphold the hands of President Harding by returning to office those who helped to write the administration record of accomplishments.

In every field, foreign and domestic, Hughes said, the administration officials had correctly interpreted and carried into effect the desires of the American people.

"And as we pay our just tribute of appreciation and esteem to the leadership of the president," he continued, "we invite confidence in those who have faithfully worked with similar and more success possible."

The secretary praised in particular Senator Erdinghausen, who is seeking re-election in New Jersey, and declared the senator's "experience in affairs, indefatigability and intimate knowledge of what American prosperity demands, has been of the greatest aid to the administration."

"When this administration came into power," said Hughes, everyone was talking of the difficulty. If not the impossibility of its tasks. It saddened our friends of the opposing party to think of what we could not do. But we have gone forward so successfully and swiftly with one accomplishment after another that our opponents are compelled to resort to false issues which can not serve them. In every position they take you will observe that they seek a futile controversy with no promise of achievement; the administration has sought achievement with a minimum of controversy.

Poointed to Business
You wanted the revival of business. You have it. Instead of operating at less than 60 per cent of capacity industry is now operating at about 90 per cent of capacity, which means the top level of useful work, an enormous gain.

You wanted employment. A year and a half ago we had about five million unemployed. Now we have no problem of unemployment. The serious question confronting business, industry and agriculture is how to get the necessary labor to meet its needs.

You wanted reduction in taxes. Congress has reduced taxes over eight hundred million dollars, reductions which have benefited everyone.

You wanted a reduction in the enormous debt which had been accumulated during and after the war. The debt has been reduced by over a billion dollars.

You wanted economy in government. For the year ending June 30, 1920, the public expenditure aggregated \$6,463,343,000; a year later \$5,115,920,000; for the fiscal year 1922, \$3,373,667,000.

You wanted protection for American industry. You have it. This country has never been willing to abandon the protective policy.

ARMISTICE DAY GAME

High Interest Brings Postponement Gridiron Battle

No much interest has been shown in the forthcoming football game between a city team and the high school eleven that it was decided to have the game Armistice day instead of Friday as was planned. It was announced today by Secretary Stevenson of the chamber of commerce.

An organization meeting will be held tonight in the basement of the courthouse to which all football players are invited. "Frosty" Foster, who played with the Legion last year against the high school, will play with the city team this year and a number of other candidates have appeared.

Postponement of the game, it is believed, will give the city team time to become perfected, thereby assuring a better game with the possibility of beating the high school, a token hope without more practice.

Should a team of any merit be developed, it was said, games may be arranged with Ashland and Medford teams, one of which would be played Thanksgiving day.

**WATKINS DAVIS IS
ACQUITTED; VERDICT
RETURNED QUICKLY**

Jury Out But Five Minutes in Case
of Young Indian Charged With
Killing Oliver Jefferson

After five minutes deliberation the jury at 5 o'clock yesterday afternoon returned a verdict of not guilty in the case of Watkins Davis, young Klamath Indian charged with killing Oliver Jefferson, an Indian.

Davis was alleged to have struck Jefferson over the head with a billiard cue following an altercation in a pool hall last December. Jefferson died the following day. The defense based its claim for acquittal on alleged bad reputation of Jefferson and the good character of Davis, and many character witnesses testified.

Davis On Stand

Davis on the stand told how Jefferson had started trouble in front of the pool hall and how later he had followed Davis within. He said Jefferson resorted to bad language and called Davis names until the latter remonstrated. When Jefferson appeared to reach for a gun, he said, he used the billiard cue in self defense.

Witnesses told of Jefferson's alleged threats against Davis, whom he claimed owed him money which he would not pay, and how Jefferson had sought to borrow a gun with which to kill Davis. A dozen or so witnesses testified that Jefferson had borne a bad reputation.

The jury retired at 4:50 and brought in the verdict for acquittal five minutes later.

There will be no further court until November 13, when the I. W. W. trials come up.

5 ARRESTED IN HOTEL

Three Men and Two Women Charged With Creating Disturbance

Charged with creating a disturbance in the Central Hotel last night three women and two men were arrested and lodged in jail. They were R. D. Harvey of Ashland, John Prentiss of Taft, Wm. Johnson, E. Harris Macias and Elsie Geber of this city.

Harvey, who has been in trouble here before, and Prentiss were released this morning with orders to leave town at once. Johnson and the woman were held for a police court hearing. A Cleveland automobile driven by Harvey, said to be owned by a relation of Harvey's living in Ashland, was held for the owner upon the advice of the Ashland police.

John Murphy, a Greek, arrested yesterday on a vagrancy charge was released this morning with orders to leave town Sunday. Burghuff said.

"Twelve or 14 hunters were killed, which is more than in any year since 1913, when the buck law went into effect. Before that time hunters were permitted to shoot at the bucks, does and fawns, and they would shoot at anything they saw move," said Burghuff.

SENIORS GET PENNANT

Class Is Jubilant Over Victory;

Sophomores Crestfallen

The senior class pennant is now hanging in the assembly, and the money in their treasury has been increased by \$3 as a result of taking first prize in the student body season ticket contest, which closed yesterday. The juniors won the second prize, or \$2, with a percentage of 50. The freshmen won the third prize, or \$1, with a percentage of 44. The sophomores were last, with a percentage of 35. The seniors' percentage was 70.

Members of the senior class are elated over the victory, as their pennant will hang in the assembly until they graduate in the spring. The sophomore class is rather crestfallen as a result of their defeat by the freshmen, but they are determined to overwhelm the "freshies" in the next class contest, while the freshmen say, "wait and see."

PORLAND, Nov. 2.—A man's leg severed at the knee, wrapped in a newspaper dated April 23, and buried in straw, was found buried three feet beneath the surface in a box near a road east of Portland Saturday, deputy sheriffs said today.

A water inspector seen newly-turned earth near a water main, and on investigating this made the discovery.

While entertaining the possibility that the discovery might develop a mystery like the Descamps case, in which parts of a human body were found in various parts of Portland some years ago, the officers said it was also possible that someone had buried an amputated limb for sentimental reasons.

State Game Warden Estimates Number Shot During Season

PORLAND, Nov. 2.—When deer-hunting season closed Tuesday night, estimated E. A. Burghuff, state game warden, the total number of bucks killed in Oregon this year reached 20,000. The season as a whole was poor for hunting, as weather conditions were unfavorable, Burghuff said.

"Twelve or 14 hunters were killed, which is more than in any year since 1913, when the buck law went into effect. Before that time hunters were permitted to shoot at the bucks, does and fawns, and they would shoot at anything they saw move," said Burghuff.
