### As Goes the Tailored Prince so Follow the Styles for Englishmen

LONDON, Nov. 17.—The male members of the royal family have for generations set the styles for masculine wear in England, and they have indirectly for the entire world. This has never been more pronounced than at the present time, and the English pattern watch with interest for the latest changes in the appearance of a new style.

It was the Prince of Wales who introduced the still checked knee length tailored suit, and the royal style is popular a few years now. Many times this style appeared in the past, but it has not been so popular as it is now. The Prince is in the habit of wearing his light-colored suits, and the royal style is the most popular of the present day. The Prince is in the habit of wearing his light-colored suits, and the royal style is the most popular of the present day.

### SHASTA VIEW

It is a pleasure to announce that the Shasta view is the most popular of the present day. The Prince is in the habit of wearing his light-colored suits, and the royal style is the most popular of the present day.
