Sports Togs

London has taken the little round American soft hats and made them up in sets with scarfs to match. They're difficult to buy over here as yet, but are correspondingly easy to make so there's no reason why one should go without. They are made of wool and silk. Applique designs of leather or duvetyne are used on many of the knit sets and stencil designs on the suede and duvetyne.

Take a good mineral bath at the Hot Springs Bath House. 24-1
