

400 CARS ARE ASKED

Emergency Order Sought to Relieve Present Acute Shortage

SACRAMENTO, Dec. 1.—An emergency order for 400 empty box cars daily, for a period of thirty days to relieve the shortage of this class equipment in California, was asked of the interstate commerce commission Friday by the California railroad commission and by representatives of shipping interests in the state.

The Southern Pacific company today supplemented the request to the commission by asking the car service division of the American railway association for immediate release. This step was taken as the outcome of a conference held in San Francisco between the railroad commission, representatives of shippers, the traffic association, chambers of

commerce and the railroad called to consider the car situation which, by the retention of Pacific coast railroad equipment on Eastern lines, has caused an acute situation to develop.

The Southern Pacific company is making every effort to get cars to its own lines, according to the local representatives of the company, who say that once on the Southern Pacific rails, they are rushed with all haste to loading points.

LIBRARY HOURS CHANGES

In order to benefit and accommodate city teachers it has been decided that the Klamath county Carnegie library will be opened on Saturday from 10 to 12 o'clock in the morning and will close at 5 o'clock in the afternoon. With this new arrangement the library will not be open in the evenings on Saturdays.

START IN LIFE

Chief Justice Taft, revisiting Cincinnati, his boyhood home, add at a dinner party:

"It is strange, but the Cincinnati lads who have got on best were all pretty objectionable—too selfish and pushing, you know."

"One of these boys—He's a railroad president today—applied for a job in a wholesale drygoods house."

"We advertised, said the boss, for a strong and pushing boy. Are you strong and pushing?"

"Well," said the boy, "The way I come to get in here first this morning was that I licked everyone of the 24 other boys wot was ahead of me."

Oh, shut up!

"Poor Agass slipped on her veranda last night."

"Well, well! Did it fit her?"
