

SMYRNA LOSSES HUGE DIVORCE IS GRANTED

Property Valued at \$118,000,000 Destroyed By Turks

ATHENS, Dec. 5.—The losses of the Armenian community in Smyrna total \$118,000,000 according to a tabulation made by a committee under the direction of the bishop of Smyrna.

Sixty million of this total is in real and personal property, and the remainder in intangible assets like stocks and bonds in Armenian companies operating in Asia Minor. The annual income of 5,000 Armenian families in Smyrna used to be \$7,500,000, whereof 15 per cent was given to charities and to the church.

Smyrna, which was the richest Armenian community in the world before the coming of the Turkish army, had 20 millionaires, but today every one of these men is virtually penniless. The largest losers are the landowners, textile importers and exporters of fruits, cereals, carpets and opium.

The number of Armenians killed in Smyrna, according to the committee, is 4,000, and the number of persons who are missing or who have been made prisoners is stated to be 8,000 men and 15,000 women.

The most prominent Armenian business men killed were Sarkis and Kesparian, landowners, and Gurunlian and Panossian, textile merchants.

Non-Support Charge Wins Decree For Mrs. Nichols

Elizabeth D. Nichols today was granted a decree of divorce from Joseph B. Nichols by Judge A. L. Leavitt. The couple were married in Riverville, Washington, February, 1905 and have two children. The divorce was granted on the complaint of having an un-governable temper and it was alleged that Mrs. Nichols had been compelled to support her husband in America and in that school in order to make a living for herself and children.

She was granted the custody of the children and allowed the costs of the case. A property settlement was made which granted the plaintiff a share of the common property of the two.

GET BOOZE IN RAID

Police Raided Hot Springs Hotel

A raid on the Hot Springs hotel at 4 o'clock yesterday afternoon by Deputy Sheriffs Snook and Shadley netted the dry agents four small bottles of alleged moonshine and a whiskey glass. A warrant was issued today for the arrest of E. A. Quail, owner of the building. His bail was fixed at \$750.

The hotel was under lease to Jack Nichols and Quail denies any knowledge of the liquor. Quail was released on his own recognizance to permit him to find bondsmen. Nichols has not occupied the hotel since late in November, according to Quail.

Standing Room Only!

When FRANK BRANCH RILEY talks there are no vacant seats in the house. Regardless of the size of the hall—whether it holds 500 or 5,000 people—RILEY FILLS IT. From coast to coast he is acclaimed as the most magnetic and entertaining lecturer on the platform today.

(From Oregon Chamber of Commerce Bulletin) EAST ASKS FOR RILEY. Oregon Lecturer Invited to Tell Story of Northwest to Large Audience.

THE Philadelphia Forum, under the chairmanship of the eminent citizens of that city, Edward Bok and Cyrus Curtis, has invited Frank Branch Riley to present his famous picture lecture of the Oregon Country under its auspices in the Academy of Music, Philadelphia's largest auditorium, in January. From 3000 to 6000, of the best classes of the city attend these forum events, and assurances are given that because of the lecturer's previous appearances in the Quaker City, a capacity audience will assemble to listen to the story of the Columbia River highway, Crater Lake and the forests of the Northwest.

Travel clubs, Geographical societies, Bankers' associations and Chambers of Commerce are renewing their requests for the delivery of the lecture this winter. If another tour is undertaken, members of congress seek a return engagement of the lecture delivered with so much success at the capitol two years ago. No arrangements for the support of Mr. Riley's work for the future have yet been undertaken. All bookings for this fall have been cancelled and only tentative engagements are being made for 1923.

The man who can get a return engagement from the blase and busy members of the American congress is "going some." It's a toss-up between that and winning the endorsement of such super-judges of what the public wants in the way of edification and entertainment as Edward Bok and Cyrus Curtis.

Frank Branch Riley will give his nationally famous lecture—"THE LURE OF THE GREAT NORTHWEST"—with scenic slides, at the
