**A JEW SPEAKS**

OUT of the muck of senseless persecution launched by the Ku Klux Klan against those of creed and color that the self-exalted "Americanism" of the klansmen has singled out for oppression, a flower of good is growing.

Day by day the intolerance, bigotry and ignorance of the Klan is showing it as utterly un-American, while those that it would persecute, forced to rally to an intensive defense of their principles, are displaying such true Americanism that the attack upon them is collapsing of its own weight, and eventually must destroy the attackers.

How the anglo-saxon Christianity of the masked impostors is shown at its poor tarnished worth by the words of a Jew—a race that the Klan singled out for persecution—Rabbi de Sola Pool—you would never, know by the name that he was a simon-pure American in heart if not by birth—of the Spanish-Portuguese synagogue at Washington, D. C.

In four paragraphs below this Jewish rabbi expresses not only the real constitutional Americanism of the men who founded America, but he breathes a spirit of tolerance that, emanated by the Christian and the gentile would make this land as great and as impregnable as our forefathers dreamed it would be.

Standing upon his rights, established and made certain by the written constitution of the United States, without infringing upon the right of any other American, Rabbi de Sola Pool made this splendid defense of his Americanism and showed his splendid faith in the ultimate triumph of the orderly processes of American law and justice:

As Jews, who have throughout all our history in America served and loved America, we seek to defend ourselves from the religious bigotry of the Ku Klux Klan.

But as American citizens we rally to a man to the defense of our country against those who would undermine the basic principles of liberty, equality and justice on which this republic is based.

As citizens we hold fast to our constitutional guarantees of due process of law, public trial by an impartial jury and the prohibition of cruel and unusual punishments.

It is as citizens and not as Jews that we maintain the right of all persons, born or naturalized in the United States, to their right of citizenship, irrespective of race or color.

**LABOR HEAD SATISFIED WITH EIGHT-HOUR DAY**

Seattle, Wash., Dec. 22, 1922.

Editor Evening Herald, Klamath Falls, Ore.

Dear Sir—May I express the gratification myself and organization felt in the satisfactory termination of the controversy over the length of the work day in your city and vicinity, and take this occasion to thank you for your attitude during the strike?

We have always felt that the good citizens of Klamath Falls were more than fair and had more than an ordinary amount of patience while capital and labor contended over the profits of the industry. To these citizens as well as to each of the organizations that gave us aid and encouragement during that trying time, I desire to express the thanks of my organization and of myself, and trust the future will see a stronger and more united citizenry in your community, as it well deserves.

Again thanking The Herald for its fairness to the Timberworkers' Union and complimenting its editorial staff for its insight into the right and trusting the New Year will bring nothing but prosperity and happiness to you, I am,

Sincerely yours,  
 RAY R. CANTERBURY,  
 President International Union of Timberworkers.

**RAPID PROGRESS ARGONAUT MINE**

JACKSON, Cal., Dec. 25.—Rapid progress is being made by workmen who are retimbering the Argonaut mine here, which was swept by fire last August with heavy loss of life. Men started Oct. 18 to clear away the debris and to retimber the mine.

To date they have repaired 750 feet, leaving 50 feet yet to clear and repair. Considerable earth and man iron rails had to be removed during the progress of the work.

According to mine officials the fire burned the shaft from the 2,300 foot level to the 3,300 foot level. Big 16x16 timbers are being used in the retimbering work.

When the shaft is repaired, the pumps will be started and the water on the lower levels will be pumped out. Foreman Ben Sanghetti has charge of the work.

Coos county lumber industry employs 4,210 men.
