Impassioned Plea for Breast Feeding for Good of Race Is Made At S. F. Convention

SAN FRANCISCO, June 29.—Animals care for their young today the same as they did centuries ago. Only the genus Homo has gone astray. Dr. M. L. Turner of Des Moines, Iowa told the specialists in diseases of infants and children at the annual session of the American Medical Association here today. These words preceded an impassioned plea for breast feeding as the best method for the good of the race, and Dr. Turner urged physicians to adopt the information gathered from observation of animals to induce mothers to nurse their babies.

Dr. Walter F. Winholt and Professor E. O. Jordan, of the University of Chicago, told how babies catch cold. Their facts were based on a study of 500 with and 500 without colds, and it was shown that the occurrence of colds in infants is usually accompanied by a high proportion of colds in the other members of the family. Gained 16 Pounds on 3 Bottles of Tanlac

S. F. Man Declares Famous Medicine Ended Long-Standing Stomach Trouble and Restored Perfect Health—Eats Anything Now.

As a general thing people who work out in the open and get plenty of exercise enjoy more vigorous health than those who work indoors and who lead a sedentary life. But even those who follow the carpenter's trade which brings every muscle into play, do not always escape stomach trouble with its many attendant ills. Take, for instance, the experience of John Kokomo, a well-known carpenter, living at 131 Concord St., San Francisco. He will tell you that:

"For over a year, before I started on Tanlac my stomach was so out

of fix that everything I ate gave me indigestion. I had no appetite at all, had a heavy, depressed feeling in the pit of my stomach, and would bloat up with gas until I was in such misery I couldn't even rest at night. I kept losing weight, had to be taking physics all the time for constipation, and was so weak and shaky I didn't feel like work or anything else.

"But, thanks to Tanlac, I have a fine appetite now, eat good and hearty and that indigestion, gas and distressed feeling is entirely gone. I have gained sixteen pounds on three bottles, my work doesn't tire me out, and I feel like a new man in every way. I simply think Tanlac has got the world beat."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.—Advt.

Still a Girl

In bloom and beauty—due to clay By Edna Wallace Hopper

After 32 years as a stage star, I look like a girl of 19. My complexion is as soft and rosy as a debutante's. My skin is as smooth and youthful as 40 years ago.

All women marvel at my looks when they see me play young girls' parts. But my same methods brought like results to scores of my beautiful friends. So I am convinced that most women can, in these ways, multiply their beauty and preserve their bloom.

Now I have arranged so all who wish may employ the methods which did so much for me.

White new type clay
 The chief essential is complexion clay. Famous beauties have for ages used it. No woman can without it look her best. The users of facial clay stand out in any crowd.

French experts introduced clay to me some 20 years ago. But clays since then have been very much improved. The crude and muddy clays so many use today are out-of-date.

Abie scientists have been studying clays for 20 years and over. They have found that a certain mineral-laden clay brings maximum results. They have learned how to refine it by removing the useless mud. The clay I use—my Youth Clay—is white and clean and dainty.

They have found some added factors which bring multiplied results. So the oldest users of crude, old-time clays will be amazed at this

fact caused by a widely disseminated infectious substance of low infectivity, and that the incubation period, or the time required for this infecting substance to cause a cold, is very short.

The effects of colds in babies are more serious than in grown persons; particularly because they tend to derange the digestion and other functions of the body, the physicians said.

What Youth Clay does
 Youth Clay purges the skin of all that clogs it. Thus it removes the causes of sallowness, blackheads and blemishes.

It draws the blood to the skin to nourish and renew it. The result is that rosy afterglow, that seeming new complexion. Many women, in 30 minutes, seem to drop ten years. It firms the skin, smooths out lines and wrinkles, reduces enlarged pores. My own face shows clearly what constant use will do. I owe my fame and fortune largely to this clay.

Abandon those crude clays which I quit many years ago. See what Youth Clay can do for you. It will bring you, as to me, multiplied effects.

All druggists and toilet goods dealers now supply Edna Wallace Hopper's White, Youth Clay. Price, 50c and \$1 per tube. Also my Youth Cream, based on lemon and strawberry. This should follow the clay. Also my Facial Youth—my famous liquid cleanser. Also my Hair Youth which brought my luxuriant hair. My Beauty Book comes with each.

See what Youth Clay does. You owe that to yourself. If you are not delighted with the first tube, your dealer will return its price. I want no woman to ever lose by taking my advice.
