

ENGLISH WOMEN TURN TO VOCATIONS

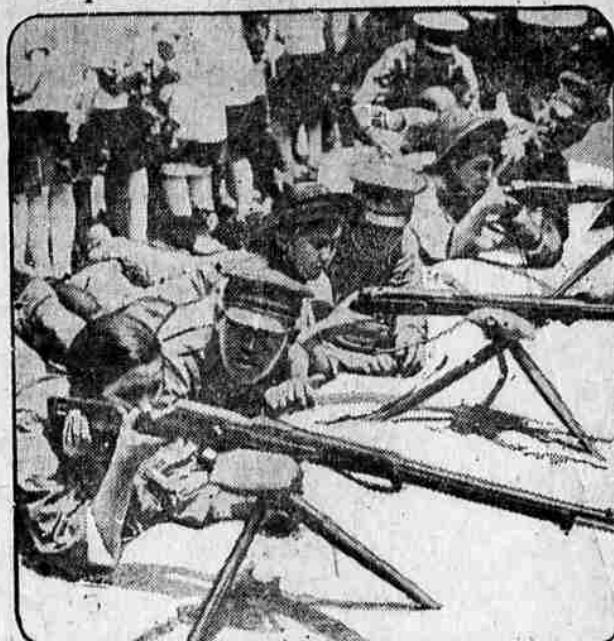

LONDON, July 24.—English women are turning their attention to professional vocations formerly confined exclusively to men. A number of them in London are engaged in civil, mechanical and electrical engineering, and there are at least half a dozen firms of women constructors who have completed large building contracts.

Electric lighting is a branch of domestic engineering which seems to attract many women. They perform their work more from a housewife's point of view than do men. One firm of women electricians has successfully completed several contracts for lighting country houses with electricity.

In Hertfordshire three women are lawyers, three are tinsmiths, two are dentists, four are doctors, twelve are moving picture or circus proprietors, one is a wireless operator, three are window-dressers, one is a saddler, and one an undertaker.

During the past 11 years the United States Department of Agriculture has spent \$20,435,200 in the

construction of 5,959 miles of roads, addition, \$7,446,000 of cooperative and 8,960 miles of trails within or funds from States and counties was adjacent to the national forests. In expended upon this construction.

WOULD PREVENT FUTURE WHEAT GROWERS' TROUBLES

CHICAGO, July 24.—The chamber of commerce of the United States and the wheat council of the United States agreed to have a joint committee of experts headed by Dr. Alonzo Taylor, director of the feed research institute at Leland Stanford university, to make an investigation covering four to six months to make recommendations which it is hoped, if followed, may prevent a recurrence of wheat growers' difficulties in 1924, and succeeding years.

REORGANIZATION OF FARM BUREAU PLANNED

PORTLAND, July 24.—Reorganization of the Oregon farm bureau was planned at a meeting of the board of directors today. Solid support of farmers and closer cooperation with Portland business men will be sought. Units in each county are proposed.

Austrian Soldiers Organized

Austrian soldiers, even though losers in battle, have an organization similar to the American Legion. Here they are leaving the Charles Church in Vienna after holding a meeting to demonstrate their strength.

POLAND REBUILDING

WARSAW, July 24.—Fifty-two per cent of the buildings in Poland destroyed during the war have been rebuilt. The number of buildings reconstructed total 881,680.
