

WORLD PEACE HELD REMOTE

**Gospel of Christ and Not
League of Nations Need,
Says Baptist Speaker**

STOCKHOLM, July 25.—Although favoring the league of nations as a vital step in the prevention of war, that day of universal peace dreamed of by the bible prophets will not come until the gospel of Jesus Christ has been proclaimed to all the world and men have been made new creatures through its regenerating power. Dr. George W. Truett of Dallas, Texas, declared in the course of the official congress sermon which he delivered. Dr. Truett is considered one of the foremost pulpit orators of the Baptist faith.

Gospel Propagation Urged

After reciting the troubled times through which the world has passed since the last previous session of the alliance was held in Philadelphia in 1911, and how that statesmen, economists and philosophers had sought in vain to find a solution of the world's difficulties, Dr. Truett said the Baptists had an adequate message for mankind at this hour in the gospel of Christ and declared that if the Baptists and other Christians of the world would but devote their energies and resources to the propagation of the gospel the time would soon come when the name of Christ would be proclaimed in every dialect on the globe.

Dr. Truett said in part:

"We long for enduring peace and for wars to cease unto the ends of the earth. It is most inspiring to think of that prophetic day when men shall beat their swords into plowshares and their spears into pruning hooks, and when nation shall not lift up sword against nation, neither shall they learn war any more. But when did the prophet say such halcyon day would come? Not when enemies are crushed on the battlefield, but when all nations shall walk in God's

paths.

Need No New Gospel

"We need no new gospel to win the world. The way of the cross is ever the way of triumph both for Christ and for His people. The tragedy of the world is not poor wages, nor bad legislation, nor ignorance, nor poverty. The supreme tragedy of the world is sin. There is only one adequate remedy for sin and that remedy is found in the cross of Christ. That cross is the sign maual in the redemption of mankind. It is the central fact toward which all previous history converges and all subsequent history diverges, with its crimson tide forever.

"The one hope of the world lies in the reign of Christ. There are many occasions of diversion and rivalry among the nations. We do not disparage the work of the diplomatists and statesmen, but the redemption of the world does not

lie in that direction. The world's hope lies in the saviorhood and lordship of Christ. He is not going to divide the world with Mohammedanism and Buddhism and Confucianism or any other ism that opposes Christ. His dominion shall extend over every acre of the earth.

May Be Tested

"The crowning glory of Christ's gospel is that it may be fully tested and proved in the crucible of human experience. Christ submits Himself to the scientific test of demonstration by experiment. Men may call on Mohammed or Confucius or Buddha and they will get no answer. Let them call upon Christ and they will be forgiven of sin and clothed with moral reinforcement for the battles and burdens of life. Destructive criticism can not finally shake our confidence in the bible, because in that God-given book we find revealed our

own experience. It is God's mirror reflecting the spiritual image of every image of every one who looks into it."

CIVILIAN FLIERS WILL RACE TO BIG AIR MEET

ST. LOUIS, July 25.—Elaborate plans to stimulate commercial aviation among civilians are being made by the St. Louis air board and flying club. In connection with the international air races to be held here October 1, 2 and 3.

Three of the events will be open to civilians only, although they may enter two of the others. Boy manufacturers of model airplanes propelled by only a rubber band have not been forgotten in the list of events. The Mulvill trophy and \$300 in prizes are offered to the member of the junior flying league whose home made airplane model flies the farthest in a total of three trials. The only motive power will be that derived from the use of rubber bands.

PRAISE BULGARIAN SCHOOLS

SOFIA, Bulgaria, July 25.—American educators, studying the

schools of Bulgaria, have found that they show marked progress in combining practical with theoretical education, and King Boris was gratified at this comment when the investigators called upon him recently in this city.

Professor Paul Monroe, director of the international institute, teachers college, New York, and Dr. William F. Russell, associate director, were the king's visitors, and they were impressed by Boris' democratic demeanor and intelligent interest in matters educational.

BAVARIA SEEKS WATER POWER

MUNICH, July 25.—Bavaria will have one of the world's greatest power plants when the canalization

of the middle Isar river is completed.

Seven thousand workmen are engaged in constructing a new bed for the river which will make it possible to develop an electric current aggregating 480,000,000 watt hours yearly. This will result in a saving of 500,000 tons of coal annually, the cost of which has been estimated at 400,000,000,000 paper marks.

Say It With Type

Barnum said that advertising is like learning—a little is a dangerous thing. Only one liquid, he said, can a man use in excessive quantities without being swallowed up by it—printer's ink. To cut advertising to a minimum, and use it sparingly, is to be penny wise and pound foolish. Every successful man who has been overwhelmed with business, and hastened while yet in his prime to a private yacht and the presidency of a dozen boards of directors, has blamed it on the power of advertising, rather than on his own ability and cleverness.
