TIME TO WAKE UP

BETWEEN Klamath Falls and the sea, tributary to a rail line down the Klamath river, there are twenty billion feet of ripened timber. This great natural resource is deteriorating, rotting back to earth, because of lack of transportation.

Back of Klamath Falls is the great eastern Oregon county, the Boise and Payette countries in Idaho, thousands of undeveloped acres: and where development has been tried it is stifling and starving for lack of transportation.

Do these things mean anything to the average dweller in Klamath? If so, why are we waiting, Micawberlike, for something to turn up?

There are greater opportunities for development in this vast inland empire than most of us dream of. But we will not develop them by waiting.

Within the last two weeks the Guggenheim interests have bought the Blue Ledge copper mine, which is tributary to the Klamath-to-the-sea route.

How many Klamath citizens know that, or knowing, sense the opportunity therein for tonnage that can go far toward financing another line of transportation—a line that will make Klamath in actuality what for years her seers and prophets have dreamed she would become, the Spokane of Oregon?

Why stand we here idle, when a little vision, a little concentrated effort would do so much for our advancement?

If you are a reader of newspapers you are aware that Jackson and Josephine counties are not sleeping on their opportunities. Medford and Grants Pass have a coast road projected.

Perhaps we can join in the project. Perhaps it is not feasible that we do so. But here is a matter imminently before us, that requires discussion and digging into.

Let's get to digging!

tion of time for repayments to the reclamation fund, the speaker said, scarcely had been made before appeals for further modifications and extensions were made by the settlers. Today propositions have been publicly advanced that the time of re-Decker continued, "about 1,200,000 tracts be extended to 40, 50 and 60 years, or practical repudiation of the debt.

Presented Figures.

The speaker presented figures showing that the total reclamation fund provided by the federal government has amounted to \$139,880,000.44, plus collections on account of project operations from all sources of \$46,495,363.36 or \$186,375,022.29.

Projects have been built in 16 western states, he said, providing water for 1,325,000 acres and when the works are completed the total acreage provided with water will be nearly 3,000,000,000. "During 1923," Mr. Decker continued, "about 1,200,000 acres were irrigated and cropped with a gross return of over \$50,000,000. This does not represent by any means, the total return to the farmers as a large part of the material produced was consumed by livestock, adding many millions to the gross income. The estimated gross value of crops raised on these projects since water was first applied is over \$500,000,000. More than 450,000 persons are living on the 33,000 farms created."

COUNTY'S SHARE OF AUTO LICENSE FEE FUND IS \$18,145.34

3,080 Motor Vehicles Registered in Klamath, Figures Compiled at Salem Show

SLEM, Nov. 21.—Secretary of State Kozer, Saturday, completed the apportionment and disbursement of \$967,492.19 in motor vehicle license fees for the year ending September 15 last, this amount representing one-fourth of the total fees collected by the state automobile registration department and the apportionment being based on the contribution of the several counties to this fund.

There were 3,089 motor vehicles registered in Klamath county and the county's share of the fund was \$18,145.46.

Licenses collected by the department included 162,200 motor vehicles, 550 dealers, 13,824 chauffeurs and 2101 motorcycles. A statement issued by Kozer in connection with this disbursement shows that there were registered up to September 15 a total of 142,329 passenger cars, 5815 trucks of from one to five tons capacity, 442 trailers of from one to five tons capacity, 27 hearses and ambulances and 828 busses and stage-coaches.

TWO PAY \$20 FINES

IN THE POLICE COURT C. H. Hawkins and E. Swanson, a logger, were each fined \$20 in the police court this morning for being drunk on the city streets. Edward Short and H. Darper were arrested yesterday for speeding 20 miles an hour within the city limits.

ADDITIONAL BREVITIES

Can't Join War Veteran—

F. Nelson Smith, veteran of the World War in the Canadian forces and for ten one-mile ice skating champion, who is visiting in Klamath Falls for several days, will address the Odd Fellows Friday night. Known as Spark Plug, Smith has traveled 200,000 miles and has countless amusing experiences in every nook and cranny of the country. Smith has visited over 2000 U. O. O. F. lodges in 22 jurisdictions. One of his valued possessions is an autographed book written by Alfred Shrubb, English running champion, who he brought to the United States from England. Smith is favorably impressed with Klamath Falls, which he says is one of the liveliest places he has visited in his travels.

Dancers Must Pay Fiddler—

A party of eight well-known residents of Fort Klamath and vicinity celebrated Armistice day by imbibing in a little hard liquor known as "moon." All the Armistice day was spent in celebrating the momentous day. Came night and the problem of a place to sleep. A shack in the outskirts of Fort Klamath was selected. The next morning, all arose to greet the dawn but one. The excesses of the night before left him somewhat the worse for wear. Shortly after one of the men returned with a quart of "moon" under his arm. "Get up," he ordered. "Don't wanna," was the reply. "If you don't," threatened the man at the window. "I will throw this bottle at you." An immediate response was the result, and an exor voice said, "Fine, throw it." With a crash of splintering glass the bottle of moon was hurled at the man in bed. Raising up to catch it, he miscalculated, and the butt end of the heavy bottle thudded against his rib. Today the unfortunate man, who is a truck driver, is painfully making his way about his business with a broken rib and an occasional darting pain on his left side to remind him of his discrepancies.

THE WEATHER.

The Cyclo-Stormograph at Underwood's Pharmacy records a slightly higher barometric pressure than prevailed yesterday. While rather low the conditions are more favorable.

Forecast for next 24 hours: Generally fair, with moderate temperatures.

AT THE LIBERTY.

"My Friend, the Devil," is another screen classic adapted from the works of famous French authors. The other was "Monte Cristo," the immortal romance of Alexandre Dumas in which John Gilbert is seen as Dantes.

"My Friend, the Devil" is a pictorial version of Georges Ohnet's celebrated novel, "Dr. Rameau," which has been widely read throughout the world.

Barbara Castleton is seen as the lovely, but faithless wife of Dr. Dryden and Peggy Shaw, formerly Ziegfeld Follies beauty, plays the part of the doctor's daughter. William Tooker portrays the character of the doctor's friend, whose constancy is a remarkable part of the absorbing tale.

TWICE-TOLD TESTIMONY

Klamath Falls People Are Doing All They Can for Fellow Sufferers.

Klamath Falls testimony has been published to prove the merit of Doan's Kidney Pills to others in Klamath Falls who suffer from back aches and kidney ills. Last any sufferer doubt this evidence of merit, we produce confirmed proof—statements from Klamath Falls people who again endorse Doan's Kidney Pills—confirm their former testimony. Here's a Klamath Falls case: H. S. Wilson, chief of police, 817

Main St., says: "I had rheumatism pains in my feet, but five boxes of Doan's Kidney Pills cured me of the trouble and since then, I haven't had rheumatism pains or any symptoms of kidney disorder." (Statement given March 11, 1916.)

On March 15, 1920, Mr. Wilson said: "I have had no sign of kidney complaint since Doan's cured me." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wilson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

BLOCKS OF HARDING MEMORIAL STAMPS SOUGHT

WASHINGTON, Nov. 21.—Blocks of unperfected Harding memorial stamps, in any number up to 400, were placed on sale recently at the Government Philatelic agency here.

Owing to the demand from collectors, members of congress and others who desired the unperfected stamps for collection purposes, Postmaster General Now gave orders for the preparation of the stamps without perforations. Many of the requests were based on a desire to obtain the stamps in that shape for the purpose of framing in memory of the late president.
