FARM BUREAU SECTION
TIME TO ORDER CALVES IS NOW
COYOTE DRIVE WELL STARTED

Reservations Must be Made With County Agent of Tillamook

BY C. A. HENDERSON.
A few orders have been received to date for Tillamook calves and every one desiring calves should aim to let the county agent or county club leader know at once. It is very highly important that this be done, so reservations can be made with the county agent of Tillamook for the number desired. Last spring a number of people throughout the county wanted calves very badly, but delayed placing their order, and as a consequence, calves could not be secured for them.

HERDING AND COW TESTING WILL BE TAUGHT AT O. A. C.

Each Student Will Feed, Manage And Milk Purebreds For Five Month Period

Dairy herdsmanship practice and cow testing experience will be afforded in the special course at O. A. C. beginning January 2 and running for five months. Each man will take a few cows from the college purebred herds, and feed, manage and milk them for the entire time. They will also weigh and test the milk as required both in cow-testing association and official testing work. It has been hard for the dairy owner to find experienced men qualified to handle his herd to get high and economical production and at the same time maintain the health and vigor of the animals. If these trained herdsmen fail it will not be for lack of suitable experience.

OINKS A-PLENTY HERE!

This giant poland china boar answers to the playful cognomen of Cedar Hill Buster and carries 1200 pounds of choice bacon around on his blue-blood sides. He's the property of Jim Cunningham of Denton, Tex., and holds the southwest porkers' championship. No, the little girl is not planning to eat Buster. She's just around to keep him company and show how big he is by comparison.

WAR BLAMED FOR CHILD SUICIDES

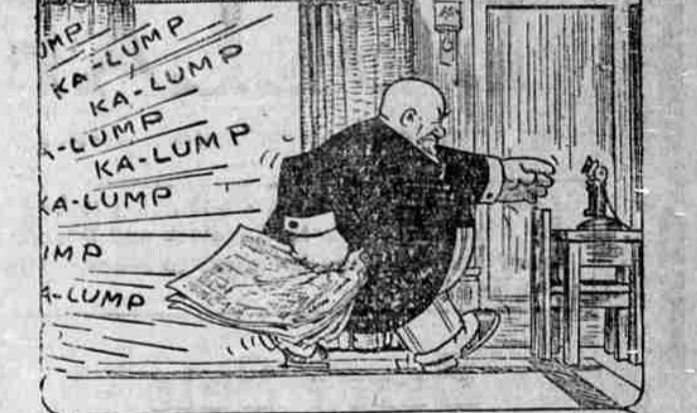

LINZ, Austria, Dec. 13.—Child suicide, which has been common in central Europe since the war, had a tragic illustration here recently.
