Hold for Students—

Following, in a modified form, the plan started 15 years ago by Cecil Rhodes, an Englishman, the Yale Alumni association of Oregon have announced to every high school student who, in their estimation, is the best all-around man, will be given \$500 with which to apply on his tuition for the first year's work of Yale university. The money will be given in the nature of a loan without interest and a number of years is given to repay the money. Each principal of each high school will pick what he or she considers the best student in the school. Out of this number a committee of the alumni association will pick the winner. Basis for selection is on character, scholarship and leadership in school activities. This move on the part of the alumni association is a direct tribute to the eastern universities held for the western college student.

CURBS 30 DIPLOMATS.

RIGA, Feb. 4.—Latvia has had trouble with the excessive threat of certain foreign legations in Riga. The government was unable to understand why carloads of wine and other liquors should be imported by legations whose membership was so small that it was impossible to believe the members required so much wine for their own use. The matter was quickly disposed of by requiring the diplomats to pay duty on this wine, a measure that increases the cost about three-fold.

FORMER POLICE CHIEF HELD IN JACKSON RAID

ence, according to Hatfield, and he never asked any questions as to its destination.

Used Fancy Bottles
In the opinion of the authorities, none of the product was disposed of locally, but was taken north, and in fancy bottles, and under artistic labels masqueraded as rye and Scotch, from overseas and Canada.

The still, now in the jail at Jacksonville, had a capacity of 100 gallons a day. There were also 100 gallons of mash, contained in four valuable redwood tanks, which have been ordered sold at auction by the county court, and will go to defray the expense of the raid. Other material was 500 pounds of sugar and 100 gallons of kerosene, used in the still operation, which eliminated any telltale smoke going up the chimney.

Cleverly Concealed
The house containing the still was 12 by 18 in size, and cleverly concealed in the timber and brush. To remove the still it was necessary to tear out the front of the house, and on all hands was evidence that the illicit transaction had been conducted on a sanitary and business like basis.

Water was piped into the building from a spring, being filtered before using. The still was bright and polished, inside and out. After the product came out of the still, it was filtered through a barrel, filled with charcoal, sand and cotton before being bottled and jugged.

The raiding party consisted of Federal Officer Nate Chaney, Deputy Sheriffs Alden and Foracook

and Night Policeman George Preston, and the seizure is regarded as the most important in the history of rum curbing in this section. It is the second time in a month that county and federal authorities have stepped out into the timbered places and seized stills, the first being in the Green Springs mountain district.

OREGON IN FIRST PACIFIC GAME

UNIVERSITY OF OREGON, Eugene, Jan. 4.—(Special.) Coach Billy Reinhart's basket towers will get their first real taste of Pacific coast conference playing this evening when the University of Oregon quartet meets the Washington Huskies in the Eugene armory.

Coach Edmundson is invading Oregon territory with a powerful team of Huskies and is confident of victory. The Washington quintet is composed largely of veteran material, some of whom are well acquainted with Webfoot basket tactics. Frayne and Sisketh make up the Huskie forward combination. Both of these men have been in action against the varsity on previous occasions. Anderson, Wells, Gardner and Froude helped defeat the Aggies in Seattle last week.

In the battle with the Huskies Coach Reinhart will have a chance

to discover how the quick pass system works against a superior team. Monday night's game will also give the varsity defense playing its real test. In the pre-season practice games few of opposition have been able to penetrate the five-man defense perfected by Rinhart, and have had to content themselves with long shots, few of which were good.

A tentative lineup for Monday night's game would be:
Washington..... Oregon.
Frayne..... F..... Gowans
Hesketh..... F..... Hobson
Anderson..... C..... Latham
Wells..... G..... Shafer
Gardner..... G..... Chapman
